Department of Education Mission:
"To develop life-long learners who are reflective practitioners of their craft."

My Personal Mission:
"To be aware of the uniqueness of my students, colleagues, friends, and family and to treat that uniqueness with loving concern. I was created to develop a love for my profession and eagerness to go that extra mile, thus making a difference in the life of students and teachers that occupy my classroom. I am here to learn as much as I can, to experience as much as I can, to give as much as I can, and to love my family and myself as much as I can—as honestly, joyfully, and as long as I possibly can."
