# PRESIDENT'S COMMITTEE/TEAMS ANNUAL REPORT

## 2020-2021 Academic Year

Committee Name: Student Publications Team

Briefly summarize primary activities for the year:

The Student Publications Team serves as an advisory to both *The Skyline* and *The Sage* publications. This year, in addition to continuing with the successful publications of our literary journal for over eighty years, The Skyline enjoyed a resurgence of publication with SRSU's Writer-in-Residence, Sid Balman taking the helm of advisement. With his lead, students are developing strong journalistic ethics and skills, and the newspaper has become a deeply relevant and accessible presence at the university.

Briefly summarize goals for the 2021-2022 academic year:

We plan to continue to expand the reach of the newspaper in social media and via visual appeal. In addition, we hope to become active again in the Texas Intercollegiate Press Association. In regards to the creative journal, we plan to actively celebrate its launch of 2020/2021 journal, helping to host the LASS school year launch party and engage in other events such as poetry readings to celebrate writing and the arts.

Prepared by the committee/team member: Dr. Laura Payne
