## DESCRIPTION OF COURSE ASSIGNMENTS

### Prepare a Degree Plan

You will be required to meet with your advisor this semester, prepare your degree plan, and be pre-registered for the spring.

### Attend 2 club meetings

You will be required to attend two club meetings. You must get the signature of an officer. Also, you will need to write a two paragraph reflection paper over each meeting. One paragraph should give an explanation of what happened at the meeting, and the second paragraph should be a reflection of what you thought about the meeting. Your paper should be typed and double-spaced; you will submit this assignment via Blackboard.

### LASSI Completion and Submission

You will be required to complete the online LASSI assessment that measures learning styles. You will need to print a copy of your results and we will discuss the interpretation of the results.

### Weekly Reflections

You will be required to submit 10 weekly reflection papers, thus you may choose the 10 weeks for which you would like to write a reflection. The reflection must be one-page, typed, and submitted via Blackboard. Your reflection will be due Friday by 5:00pm following Monday's class meeting. The paper should give an overview of Monday's class and how you perceive the content from the class will help you be successful in college. There are no right or wrong answers on these reflections; however, I would like for you to put sufficient thought into what you write. Grading will be based upon completeness, thoroughness of thought, level of reflection, spelling, and grammar.

### Participation, Attendance, and other assignments

A high degree of engagement is expected and will contribute to your learning as an active participant. This includes interacting with the speakers and other students, completing your degree plan and being prepared to participate in class discussions. This class is the beginning of your journey to becoming a professional. Evidence of professionalism includes attendance, collegial attitude, participation, and punctuality.

D = 60-69%

F = below 60%

### **Late Work**

Students' class attendance and participation are required. No emailed assignments will be accepted and no work will be accepted past the deadline set by the syllabus unless noted by the instructor. No consideration of extending a due date will be considered on the day an assignment is due, students should contact the instructor if they are expecting to be unable to meet a deadline. All late assignments will be assessed a 10% deduction for each day they are late; no assignments will be accepted after 10 days.

Any time instruction is missed, for any reason, it will count as an absence. College approved field trips, and competitive and leadership development events (with prior instructor approval) are considered legitimate and with proper documentation will not be considered an absence. Seeking an extended deadline due to the above mentioned absences should be arranged before missing the course meeting. In case of emergencies, arrangements for completing assignments should be made immediately upon return to campus.

### **Use of technology during instruction**

This class is the beginning of your journey to becoming a professional, and the use of personal cell phones, iPads, computers, and other electronic devices can distract learning for all individuals and create an unprofessional environment. However, electronic devices can also be powerful tools to be used in the learning process. Therefore, the use of electronic devices for class purposes, such as note-taking and internet searches is allowed. But, remember that you are now a professional and will be required to act accordingly. So, if you choose to use electronic devices in the classroom, do so in a professional manner.

### **Academic Honesty**

On all work submitted for credit by students at the university, the following pledge is either required or implied: **"On my honor, I have neither given nor received unauthorized aid in doing this assignment."**

As members of a learning community, all should strive to be honest in all endeavors. A fundamental principle is that the whole process of learning and pursuit of knowledge is diminished by cheating, plagiarism and other acts of academic dishonesty. In addition, every dishonest act in the academic environment affects other students adversely, from the skewing of the grading curve to giving unfair advantage for honors or for professional or graduate school admission. Therefore, the university will take severe action against dishonest students. Similarly, measures will be taken against faculty, staff and administrators who practice dishonest or demeaning behavior.

### **Reasonable Accommodation Statement**

It is the SRSU policy to provide reasonable accommodation to students with disabilities. If you would like to request such accommodations because of physical, mental, or learning disabilities, please contact the ADA coordinator in Student Services: Ferguson 112, 837-8203.
