

Advanced Studio Ceramics

ARTS 3301-001

ARTS 4301-001

Schedule: T-TR 2:00pm - 4:50pm

Location: Art Annex: Ceramics/Sculpture building room 00102

Instructor: Gregory Tegarden

**Contact: Office: FAB 010, 432-837-8405 or Art Annex, (Studio): 432-837-8280
gtegarden@sulross.edu**

Please put “Advanced Ceramics” in the subject heading

Office Hours: 9:00am – 9:50am M/T/W/TR or by appointment.

Final Exam/Critique: Tuesday, May 12 at 3:00pm

Course description: Graduate Ceramics students are expected to develop their own personal agenda in the medium. Maintaining a high level of production in their agenda is crucial to furthering ones career. This class will prepare students for self-directed advanced studio work beyond undergraduate classes in a personal studio career, a residency, or their continued education in ceramics.

Student Learning Outcomes:

1. To become more competent in throwing and/or handbuilding techniques and concepts.
2. Greater exposure to the multitude of techniques, materials and processes available to “Clayers” (Ceramists.)
3. To increase surface application skills and develop a palette of glazes and/or slips.
4. To increase competency in loading and firing kilns.
5. To become more aware of historical and contemporary ceramic art.
6. To develop a personal agenda and body of work.
7. Student will gain a broader understanding of the scope of the medium and participate in discussion of philosophical issues surrounding the field.
8. Student will learn communication and teamwork skills in the studio environment.

Evaluation:

You will be graded on participation (which includes work related in the upkeep of the studio and in class discussions), a contract (purposed by student and agreed upon by professor,) a research paper on a contemporary subject in the field of ceramics, a midterm critique (including greenware and glazed work) and the final critique (all finished **GLAZED** work).

Participation: 15%
G'ware Critiques: 25%
Midterm Critique: 25%
Power Point Presentation: 10%
Final Critique: 25%

¶ **Participation:**

- I expect all students to participate in discussions, and if you rarely or never offer thoughtful comments or questions, you will only get half credit for your participation grade. If you aren't comfortable speaking in front of the class, please come talk to me.
- I also expect you to work well with others and to help each other out while maintaining the studio. This will be the other half of your participation grade.

¶ **Power Point Presentation:**

- Presentation on your work... Given as if applying for a job or residency
- Time minimum 5 minutes, maximum 10 minutes.
- Includes images of work.

RULES AND EXPECTATIONS:

- ¶ Students will be expected to have a sketch/notebook every day in class with a writing implement. The sketch/notebook will hold all class handouts student's notes and sketches. Students arriving without a notebook may be recorded as absent. We will not wait as students go to get sketch/notebook or pencils. Taking careful notes during demonstrations and using them will greatly improve a student's success. Sketching is also a good practice for a student to implement into their making process.
- ¶ Completion of contract
- ¶ There will be a critique given at the mid-point of the semester. Failure to attend class on critique day is excusable only in cases of dire emergency i.e., severe illness or a death in the family. Students missing the midterm critique or final critique should expect their grade to be lowered a full grade.
- ¶ **All work must be marked with a student's initials or stamp.**
- ¶ Participation in preparation of clay and glazes for class use; students will be assigned a mixing partner or partners and will mix clay or glazes as necessary at least once during the semester. Do not waste work; avoid putting usable clay in slop barrels.

- ¶ Participation in loading and unloading of class kilns
- ¶ All project work and outside work to be graded must be available for review at the end of the semester. Due to space limitations fired finished work may not be stored in the ceramics studios. If work will not fit in lockers, students must make other arrangements for safe storage- i.e., take work home, etc. Again, all work must be available for review at semester's end.
- ¶ Studio Safety and Hygiene: we will read, sign, and hand in the student agreement, attached. All students are required to clean up their work areas before leaving the studio and do other studio cleaning as necessary. At the beginning of the semester all students must be checked off before leaving class.
- ¶ All work, tools and other belongings, must be removed from the studio the last day of finals week by noon. (In the summer session by the end of the day of finals). The studio will be cleaned and remaining personal belongings and clay work may be thrown out.
- ¶ **BREAKAGE, LOSS, FIRING ACCIDENTS:** Ceramics is fragile; firing is difficult and full of unknowns, especially in a group situation. It is inevitable that some pieces will be lost, broken, or misfired. While losses are regrettable they will happen. The faculty and Sul Ross State University cannot be held liable for such accidents. Students should handle work carefully and as little as possible. All work must be marked with a student's initials or stamp.
- ¶ **LOCKERS:** See me to reserve a locker in the dog run. You will need one.
- ¶ **STUDIO HOURS:**
 - You may use the Ceramics Lab any time when the studio is open except during class time for the other sections of Ceramics or during floor cleaning. We will try to work on the buddy system... if some is using the studio you are welcome to be in there...the last person out shuts all doors and turns out lights. If the studio is locked you are out of luck. **You may not use any power tools (except glaze mixer drill) while unsupervised by your professor. You may not load, unload or fire a kiln with out professor's approval.**
 - This class will involve work in the studio outside of class time.
- ¶ The building will be open nights and weekends. Check on the front door or with me for more details.
- ¶ **CALENDAR:** Ceramics is a time sensitive medium. Allowing projects to dry slow and even makes work less prone to cracking and easier to manipulate. Consequently work completed late in the semester will have a greater chance of cracking in the drying process. It is often possible to finish a piece in a small fraction of the time it would take to do it in one week if you spread the work out.
 - Occasionally there is too much work to fire in the last week. If the work was glazed before the last day to glaze and it was on the racks to be fired before the last day for them to be placed there it will be graded as if it was glaze fired. Work still needing firing may be brought back into ceramics at

the beginning of the next long semester for firing. It may not be left in the studio between semesters. Work left in the studio between semesters will be thrown away.

Attendance:

- ¶ Nine absences result in you being dropped from the course with a grade of “F” as per university policy. Upon the 4th unexcused absence you will be dropped one letter grade. Upon the 6th unexcused absence you will be dropped another letter grade. And upon the 8th unexcused absence you will be dropped yet another letter grade. Plain and simple... attendance is crucial to your survival in this course.
- ¶ If you must miss a class for a school-related activity, the absence must be discussed (and arrangements made regarding coursework) prior to the absence. If you must miss a class for an emergency or illness, please contact me by email or phone as soon as possible and provide documentation (such as a doctor’s note). Late work will not be accepted, unless you have contacted me about extenuating circumstances before the due date. Extenuating circumstances will be considered on a case-by-case basis.
- ¶ **Arriving to class on time is essential. Being late three times will count as an unexcused absence.**
- ¶ **Students are expected to attend the entire class time unless they have made prior arrangements with me in advance. Students who leave early or get up and leave class for any other reason without notifying me will be counted as absent for that day.**
- ¶ There will be no “make-up” work allowed unless your name appears on the explained absence list. It will be the student’s responsibility to contact the professor and make the necessary arrangements.
- ¶ Plagiarizing, cheating, or any other dishonest behavior in the classroom will not be tolerated. Rules and regulations regarding plagiarism, dishonesty, and other issues concerning classroom participation can be found in University Rules and Regulations and Student Handbook. A student found to be engaging in these activities will be penalized to the full extent of university policy.
- ¶ My recommendation about cheating is **DON’T** do it. It is not worth it! In my opinion, academic honesty is of the utmost importance. My personal policy is to give you a failing grade in the course if you are caught cheating on an examination, plagiarizing in a paper, or having someone produce work for you. (FYI...The maker of said work will be treated under the same policy.) My advice to you is to do the best you can on your own. When in doubt about how to reference information from outside sources, please ask my advice. I am more than happy to help you.
- ¶ **Interruptions due to electronic devices will not be tolerated...this includes text messaging! Turn phones OFF! The only exceptions will be emergency personnel and official university business.**
- ¶ **Earbuds are not allowed during class time for safety reasons.**

ADA NEEDS:

- ¶ It is Sul Ross State University policy to provide reasonable accommodations to students with disabilities. If a student would like to request such accommodations because of a physical, mental, or learning disability, please contact the ADA Coordinator Marry Schwartze in the Ferguson Hall, room 112 or call (432) 837-8691, mschwartz@sulross.edu. Please relate all requests for special accommodations to the instructor by the third class period.

Tools: Mark all tools with a permanent marker.

- ¶ This list is intended only as a guide- you may find you need or want other tools.
- ¶ Potters tool kit.
- ¶ Serrated rib
- ¶ 1 gallon bucket (minimum.) The bucket should be big enough to really clean your hands but not so big that it is too tall to get your hands inside of.
- ¶ Thin plastic drop cloths (.03 mm) for covering work.
- ¶ Rubber gloves available for glazing.
- ¶ Work clothes: You might want to keep a change of clothes that you can get very dirty in your locker, also closed top, sensible shoes. You cannot mix clay or use potter's wheels wearing sandals or high heels or loose clothing or hanging jewelry.
- ¶ Hair control devices: long hair must be tied back when using potter's wheel, mixing clay, using the grinder, or firing kilns.

LAB FEES

There is a \$105.00 lab fee for Advanced Ceramics. This fee will cover clay, glaze materials and firings of work done for class only. All lab fees must be paid into the Art Stores Account at the Cashier's office in Lawrence Hall and a receipt provided to the professor no later than Friday, January 30, 2013.

Please note that this syllabus is subject to change.

Calendar

<u>Week 1</u>	Introduction
1/20	Syllabus review and safety
1/22	Getting started...
<u>Week 2</u>	Contracts
1/27	Contracts are due and discussed, Studio work...
1/29	Contract revisions, Studio work...
