Video Presentations: The month of April

Each student will be assigned a video for their presentation during the Month of April. The presentation will consist of a review and critique of the assigned video. The student will relate the subject matter contained within the video with topics that have been discussed in the course.

Your presentations will be placed on the Discussion Boards on the thread assigned for you. This presentation is intended to simulate classroom discussion and each student is required to make comments on the presentations that are given. **All Video presentations must be completed by April 25th and all comments, must be completed by May 1st.**

Discussion Board

In addition to the presentations and student comments there will be questions placed in the message boards to simulate classroom discussion. Each student is required to respond to these questions and answer any questions raised by other students. Make sure that you check the Message boards often to keep up with the discussion threads.

This is a large part of your grade, please note the following:

This is a “Discussion” Board, not a post a quick comment and leave board. Comments such as “I agree”, “Good Post”, or similar one liner are not going to be considered posts. Your post MUST stimulate a discussion. Additionally, using “texting” speak is not appropriate, and those posts will not be considered for grade. The “introductions” thread is just that. Just post something about yourself.

This is a upper level course, so you have the option of presenting a different view, even one you do not agree with! Mix it up. Present opposing points of view. Get after each other but KEEP IT CIVIL.

Get a discussion going, and get involved in that discussion.

The **Discussion threads will stay open for only one week**. If you do not post and miss the question, you have lost any credit for that posting.
