COURSE REQUIREMENTS

BLACKBOARD ASSIGNMENTS: 40%

Blackboard Discussion Board assignments will be due on a weekly basis. Assignments will be posted on Thursdays by noon and will be due on Tuesdays at noon. *No late assignments will be accepted.* This will give you time to view your classmate's postings. You will need to respond to at least 3 other student's responses by Thursdays at noon, at which point you will have a new assignment, etc.

For example, your first assignment will be posted on Thursday, January 22 by noon and will be due on Tuesday, January 27 at noon. You will need to post a comment to 3 other student's postings for this first assignment by Thursday, January 29 at noon.

70% of every assignment grade will come from your posting and 10% each from your comments related to 3 other student's postings. Therefore, you must be thorough with your own posting as well as with the comments you make related to postings by 3 other students. You can comment on more than 3 postings, but please note that I will ONLY grade the first 3.

Be specific with the comments that you make. At the same time, be respectable. Begin each of your comments with that student's name. Ex: "Maria, I understand....".

When grading, I will break down the points for your own posting and for the comments that you make to each of 3 other students.

A very important component of this class is reading and sharing other student's views. Since this class is totally online, we will need to do this via the Discussion Board in Blackboard.

DISCUSSION PAPERS:

Many of the Discussion Board assignments will be Discussion/Reflection Papers based on specific ethical/ legal issue. You are to submit them as an attachment. Submit these two page double-spaced papers typed in Word, Times New Roman font in 12 pt. No late submissions will be accepted.

VIDEO VIGNETTES: 20%

Students will be required to watch video clips on the CD-ROM, *Ethics in Action*, 2003. This is a three-part self-study interactive program. It deals with: (1). Ethical decision-making, (2). Values and the helping relationship, and (3). Boundary issues and multiple relationships. Questions related to these video clips are posted after the video. There are a total of 12 different vignettes in this CD-ROM.

View the assigned video(s) and answer ALL the questions that follow. Be sure and also watch the video discussion and answer ALL the exercises that follow this section. Save your answers after you type them in. Then, post them as an attachment to Discussion Board. (You can save your answers to the CD-ROM under “My Documents” and it will save them as a Text Document, and then you can attach them). These video vignettes exercises will be due on Tuesdays at noon. Please refer to the syllabus as to when each video segment is due.

Please note that if you use a “copy” of the CD-ROM, some of the features will not work.

GRADING RUBRIC:

I will utilize a Discussion Board Rubric to grade all assignments posted to the Discussion Board in Blackboard. This rubric will be posted to Blackboard. Grading will be based on the thoroughness and depth of your written responses. I will not necessarily respond individually to your written assignments, but will use the grading rubric to base my evaluation. Your grades will be posted on a weekly basis in the Grade Center. This will enable you to keep up with your grades throughout the semester.

ASSIGNED READING:

Students are responsible for reading the assigned material BEFORE the class for which it is assigned. A schedule of required reading is included in this syllabus.

COMMUNICATION:

I will post “Announcements” to update you as needed, or I will send mass emails. Please check your Announcements and RGC Emails on a consistent basis.

TUTORIAL QUIZZES:

Online, at the Textbook Student Companion Site, there are tutorial quizzes assigned to each chapter. You can take these on your own and grade them and review your answers. These will not be submitted for a grade. They are to assist you and help monitor you throughout the semester.

STUDY GUIDE:

Online, at the Textbook Student Companion Site go to “Student Download”. There is a downloadable study guide that will be helpful throughout the semester.

Each student will select a *specific ETHICAL/LEGAL ISSUE PERTINENT TO COUNSELING PRACTICE* to research and write a scholarly professional paper following APA 6th edition guidelines. A format with all instructions for writing this paper is attached. The selected issue MUST be approved by the professor prior to the research being conducted.
