If you do not have a computer at home, you may use the computers in one of the Rio Grande College computer labs. Please be advised that the RGC computer labs are only open Monday through Thursday from 8am to 9pm and Friday 8am to 5pm. As of this writing, there are no lab hours during the weekends at RGC. You may access the internet at the SWTJC labs, however.**

- Now that you have successfully logged on to this course, please familiarize yourself with the information available on the system. Most everything you do will start by clicking on one of the buttons on the left side of the main course page. Feel free to experiment to familiarize yourself with the site. If you have trouble, click the **“Help”** button on the left side of the page.
- Every time you log on, check for new announcements by clicking on the **“Announcements”** button. This is how I will communicate general information to the class. I recommend logging on several times a week just to be sure.
- For all matters pertaining to this course, I will use the **“Message Center”** in Blackboard, so please check your messages **daily**. If you need to ask me a question or make a comment about the course, use **ONLY** the “Message Center” and **DO NOT** use email. We will only use email for matters **unrelated** to the course. For example if you want to ask me a question regarding your degree plan, you can use email.
- Some of the course documents you will access in this course are in PDF format. The PDF format is used by Adobe Acrobat Reader which allows you to view and print out any document, independent of the word processing or image viewing software you are using. In order to view these documents, your computer must have Acrobat Reader installed on it. All the computers at SRSU-Rio Grande College already have this program installed. If you are using a computer at home that does not have the Acrobat Reader, you can download a free copy by going to <http://www.adobe.com/products/acrobat/readstep2.html> and following the instructions.

**The basic format of this course is summarized here:**

- Each week you will complete the reading for that week **ON YOUR OWN**. You can find the assignments for each week on the syllabus.

- The reading quizzes and the final exam for this course will be given on Blackboard on the dates and times indicated on the syllabus. The exams will be available **only** at those times. Once you begin taking the exam, you will have a maximum amount of time to complete it. You **will** be able to restart the exam if you decide to stop before completing it, however, you will automatically resume where you left off, and you will not be able to see previously answered questions. The time limit applies even if you log out and get back in, so don't waste time off line. Be sure to use a reliable computer to avoid such problems as drop offs, freezes, etc. I suggest using the computers in one of the Rio Grande College computing labs. Finally, **don't wait** until the last minute of the exam period to begin your exam.
