Wilson's Practical Meat Inspection, 7th Edition by Blackwell ISBN 13-978-14051-2493-5

supplementary texts:

Course Objectives:

At the end of this course, students will be able

1. To identify various disciplines pertinent to the area of animal agriculture.
2. To develop an appreciation for livestock and livestock production in providing food and useful by-products for man.
3. To identify problems and challenges and identify their solutions in modern animal agriculture.
4. To explain the role of animal science in the world economy.
5. To develop a sufficient understanding in the discipline of animal science as a contributing influence in helping him to achieve gainful employment in this field.
6. To develop the ability to understand, read, and use the language of modern technical animal agriculture.
7. To recognize the importance of maintaining an interest and continuing education in current and new developments in animal science however the student may use that interest.
8. To participate in outdoor learning activities, particularly during labs, related to the goals of the SR Stars over La Frontera QEP (Outdoor Learning) project.

Exams:

A. Major Presentations

1. Will cover topics assigned for Power Points presentations to be delivered in the class by the students. Specified dates of presentation will be scheduled throughout the semester.

. Meat Laboratory Practical Exam (100 points)

1. A meat laboratory practical will be given at mid semester and the end of the semester.
2. The examination will cover all phases of the laboratory work carried out during the semester.

3. This test will be worth 100 points.
  4. A weekly Lab grade will be determined at the end of the Lab period. These weekly lab grades will be averaged and represent 400 points.
- E. Grading Scales:  
A = 90%      B = 80%      C = 70%      D = 60%      F = < 60%

Note:

1. Students missing 3 laboratory periods will be dropped from the course with an F!
2. Students will make up missed exams only on May 2, 2015 from 6 to 8 p.m. This exam will be comprehensive over the entire course, lectures and labs.
5. The Final Exam in RAS 3411 will be given May 5, 2015 at 10:15 a.m. (Thursday).
