Course Description:

This course is a continuation of Principles of Accounting I with an emphasis on partnerships, corporations, financial analysis and managerial accounting. Content includes corporate organization and operations, earnings per share and dividends, long-term obligations and investments, statement of cash flows, analysis of financial statements, accounting for departments and branches, cost accounting systems, cost-volume-profit analysis; budgeting and standard cost, and decision making.

Required Course Materials:

Textbook: Fundamental Accounting Principles, with Connect by Wild, Shaw and Chiappetta, 22nd edition. McGraw-Hill Company, ISBN #9780077632755.

Prerequisites:

ACC 2301 – Principles of Accounting 1

Program Learning Objectives (PLO)

- PLO 1 Analyze and solve business problems across major business functions, using fundamental business principles and strategies
- PLO 2 Communicate business information through written, oral and other delivery processes
- PLO 3 Identify and discuss the impact of ethical and social responsibility issues in business
- PLO 4 Identify and describe the major components of the external business environment

Student Learning Outcomes

Upon successful completion of this course, the student will:

- Understand how to account for partnership and corporate activities
- Understand how to account for bonds and other long-term investments
- Understand how to analyze financial statements, prepare and interpret budgets, and forecast profit and breakeven.
- Understand how to account for and interpret cost accounting operations
- Understand the importance of integrity, objectivity and ethics in business.
- Possess the ability to proficiently use the accounting knowledge and skills acquired in the course

Attendance

Class attendance is required. Each student is expected to attend class regularly, to arrive on time, and to remain until class is dismissed. Tardiness and leaving class early are disruptive for other students and the instructor. Students who do not arrive promptly or who leave early may be noted as absent. When a student has to miss a class due to an authorized University activity, it will be the responsibility of the student to notify the instructor of the class in advance. The department responsible for the

authorized University activity will also notify instructors through the Student Life Office by providing an explained absence list to the office. Instructors will give students participating in an authorized University activity the opportunity to make up class work, including tests, within a reasonable time and at the convenience of the instructor.

The class attendance policy on page 66 of the 2014-2016 catalog will be followed. A student will be dropped after they accumulate six absences. General guideline is nine absences for a MWF class, six absences for a MW or TR class and three absences for a night class. Absences from class for University sanctioned activities shall not be included in this count provided the student notifies the instructor in advance.

Classroom Behavior

Distracting behavior such as uninvited casual talk among students, use of cellular phones, beepers or inappropriate behavior toward fellow students or faculty is unacceptable. Turn off your cell phone and any other electronic equipment before class starts. If you turn your phone to vibrate, do not answer it in class and do not leave the classroom to answer your phone. Exceptions to this are emergency personnel.

Assignments

Students are required to read the assigned materials prior to class and be prepared to participate in class discussions. Homework will not be accepted late. Some assignments will be completed manually and turned in during class and others will be completed using connect plus.

Exams

All exams must be taken on the day exam is given unless prior approval has been given to allow a makeup of the exam. The dates of the exams are included on the Schedule of Assignments so you know in advance of the dates. Makeups will only be allowed if the instructor has given the student prior approval. This will be a case by case decision and includes students that are missing class due to a university approved absence. It is up to each student to notify the instructor of an absence before the exam.

Course Grading

Class Participation	15%
Assignments	25%
Exams (4 exams)	60%
Total Points	100%

Your grade will be based on the following scale:

A	90-100%
B	80-89%
C	70-79%
D	60-69%
F	59% and below

Academic Honesty

Cheating or plagiarism includes the copying of all or part of another person's work and will not be tolerated. If you allow your work to be copied or make it available to another student for this purpose you are also cheating. All parties involved will receive an F on the assignment.

Accessibility Services

Accessibility Services, part of Counseling and Accessibility Services, provides support and assistance to students with physical disabilities, including hearing and visual impairments; psychological disabilities; learning disabilities; and Attention Deficit Disorder. To be eligible for services a student must be admitted to the university, have a documented disability and register with the Accessibility

Services office. Accessibility services are located in Ferguson 112 or call 432-837-8203. Grace Petty MA, LPC is the Accessibility Services Coordinator.

Course Calendar for ACC 2302:001, Spring 2016		
Date	Day	Topics and Assignments
Jan 19	Tue	Introduction to class, go over Syllabus
Jan 21	Thur	The log in for connect will be on Blackboard or I will email the instructions to your sulross email account by this afternoon. Get you book and register for connect. Go to connect and watch the videos on Chapter 12.
