Other Materials: There may be handouts from various sources and outside readings assigned periodically. Additional course materials may be posted on Blackboard.

STUDENT LEARNING OUTCOMES:

1. Create and implement health and physical activity principles of performance within diverse populations.
2. Prepare, instruct, and assess developmentally appropriate physical education and/or exercise prescription based on students'/clients' needs.

STANDARD ALIGNMENT:

- Standard IV: The physical education teacher uses knowledge of how students learn and develop to provide opportunities that support students' physical, cognitive, social, and emotional development.
- Standard V: The physical education teacher provides equitable and appropriate instruction for all students in a diverse society.
 - ✓ *Competency 011:* The teacher understands factors relevant to learning and performance in physical education and uses this knowledge to create learning environments and opportunities that promote students' development in various domains (e.g., cognitive, social, emotional).
- Standard VII: The physical education teacher is a reflective practitioner who evaluates the effects of his/her actions on others (e.g., students, parents/caregivers, other professionals in the learning environment) and seeks opportunities to grow professionally.

- ✓ *Competency 012:* The teacher understands the structure, organization, goals and purposes of physical education programs.

COURSE OBJECTIVES: Students will be able to:

1. Analyze ways in which developmental and other factors (e.g., peers; media messages; cultural background; community settings; family circumstances; expectations related to gender; body image and skill level) influence student attitudes toward engagement in physical activity.
2. Demonstrate knowledge of the structure, organization, goals, and purposes of physical education programs.
3. Apply knowledge of principles and techniques for evaluating the effectiveness of the physical education program and for adapting and modifying practices and programs based on reflection, assessment data, observation of students and program evaluation results.
4. Demonstrate knowledge of strategies for advocating for physical education and for identifying and publicizing opportunities and resources for physical activity in the school and community (e.g., after-school programs, recreation departments, parks, pools, health clubs).

STYLE OF TEACHING: The objectives of this course will be met through an integrated teaching style that will include lecture, discussion, and presentations. Students will be encouraged to remain actively involved in class discussions and will be responsible for reading all assigned material for this class.

GRADING:

700 total points possible

- Final Exam = 100 points
- Test (2 @ 100 points each) = 200 points
- Quizzes (6 @ 50 points each) = 300 points
- Writing Assignments (5 @ 10 points each) = 50 points
- Portfolio = 50 points

A = 650 – 585
B = 520 -584
C = 455 – 519
D = 390 – 454
F = ≤389

EVALUATION PROCEDURES:

- ✓ **Final Exam = 100 points**
 - The final exam may consist of essay, fill-in, short answer, true/false, and/or multiple choice questions. The final exam could cover any material provided in the assigned readings.
 - All students are expected to take the final exam on the designated day and time assigned. If a student cannot take the exam during the scheduled time, it is the student's responsibility to approve the absence and request a make-up exam with the instructor at least one week PRIOR to the week of the exam.
 - In the case of an unexpected emergency, proper documentation for the absence is required (e.g., physician's excuse) in order to be able to make-up the final exam for full credit. Students who fail to take the final exam on the designated day and time (without proper documentation or prior notification) will be allowed to make up the exam for half credit only (i.e., 50 points maximum). The make-up exam may differ from the regularly scheduled exam (and will likely be more difficult).
 - **Test = 100 points each**

- There will be 2 test that may consist of essay, fill-in, short answer, true/false, and/or multiple choice questions. Test could cover any material provided in the assigned readings.
- All students are expected to take the test on the designated day and time assigned. If a student cannot take the quiz during the scheduled time, it is the student's responsibility to approve the absence and request a make-up quiz with the instructor.

✓ **Quizzes = 50 points each**

- There will be 6 quizzes that may consist of essay, fill-in, short answer, true/false, and/or multiple choice questions. Quizzes could cover any material provided in the assigned readings.
- All students are expected to take the quiz on the designated day and time assigned. If a student cannot take the quiz during the scheduled time, it is the student's responsibility to approve the absence and request a make-up quiz with the instructor.

✓ **Writing Assignments = 10 points each**

- Students will participate in a variety of in-class activities on the dates outlined in the syllabus.
- In-class activities will consist of various projects related to the topic area of discussion for the week.
- Each student will submit a "homework" assignment following the in-class activity. This will be done during the scheduled class time.
- The lowest activity score will be dropped by the instructor at the end of the semester.

✓ **Portfolio = 50 points**

- Students will submit:
 - A professional resume
 - Philosophy of Teaching

Note: All grading will be based on the quality of the assignment submitted; factors such as a student's ability and the effort put into an assignment will only be assessed to the extent that they influence the quality of the work submitted. All written work should be submitted in APA format.

EXPECTATION OF STUDENTS:

- Students are responsible for keeping up with the reading and are expected to read the assigned chapters and/or other posted readings prior to class in order to contribute to class discussion.
- Handouts distributed through in-class and via Blackboard should be kept in a notebook in order to be referred to as necessary.
