

# **ECON 5302 Free Enterprise Economics**

*Free Market Philosophers*

Sul Ross State University Rio Grande College

Dr. Terry C. Carson

## **Course Overview**

Free market economics has been in circulation for well over 200 years. Many a philosopher has spouted the applause of a system that allocates its resources based on supply and demand.

This course is primarily concerned with emphasizing the arguments of selected free market philosophers. One of the things we can hope to gain from this is a more thorough insight into the minds of free market philosophers throughout history. Hopefully, we can use this insight to better understand our current economic condition both in the United States and abroad.

## **Course Objectives and Assessment**

1. Demonstrate knowledge of free market economics.  
Assessment: Written exams.
2. Describe in detail selected free market philosophers, their policies, and their contributions to economic theory.  
Assessment: Written exams.
3. Interpret free market philosophies and relate them to current economic situations.  
Assessment: Written exams.

## **Lecture Focus**
