**Description**

This course will survey and put into practice major elements of implementing and maintaining a successful secondary instrumental/orchestral/vocal music program. Topics covered include but are not limited to: pedagogical methods of rehearsing; score study and analysis; age-appropriate method books and repertoire; giving effective feedback; developing assessment tools; creating an instrumental program budget; classroom management and discipline; and state and national standards. Prerequisite: Junior standing and/or consent of the instructor.

**Student Learning Outcomes for Music Majors:**

SLO 1: All students will demonstrate the ability to integrate appropriate musical expression into performance.

SLO 2: All students will demonstrate the ability to research and prepare appropriate program notes.

SLO 3: All students will demonstrate the ability to evaluate and critique a musical performance.

This course contributes to meeting these cumulative SLOs.

**Student Learning Outcomes (SLOs)**

After completing this course, students should be able to:

- 1) Plan for teaching/rehearsing by self-teaching the score and identifying concepts and issues within a piece of intermediate instrumental music. *(Skills)*
- 2) Rehearse a studied piece in a variety of ways in order to address rehearsal and conducting technique, specific instrument issues, and pedagogical knowledge of how students learn. *(Skills, Attitudes or dispositions)*
- 3) Complete an in-depth analysis of an assigned piece of instrumental music. *(Attitudes or dispositions)*
- 4) Consider identified and researched issues of teacher/conductor effectiveness while evaluating self, peer, and in-field teaching. *(Knowledge, Attitudes or dispositions)*
- 5) Develop appropriate and applicable assessment tools for evaluation of instrumental music progress and achievement. *(Skills, Attitudes or dispositions)*
- 6) Complete an overview study of both instrumental method books and Grade 1-6 pieces of instrumental music. *(Knowledge, Skills, Attitudes or Dispositions)*
- 7) Design a mock budget for a middle or high school instrumental program. *(Knowledge, Skills)*

**Major Assignments with Matched SLOs**

- Each student will develop and execute a lesson plan for three different areas of instrumental instruction. The students will be evaluated on their lessons plan, rehearsal technique, and on written peer and self-evaluations. *(1,2,4,5)*
- Students will be assigned a score study project in which they will thoroughly complete an in-depth study of a piece of instrumental music. They will also be expected to complete a repertoire project throughout the course of the semester that overviews multiple instrumental pieces of varying grade levels. *(2,3,6)*
- Students will complete a survey of current instrumental method books and will present their findings to their peers in an effort to expose everyone to the maximum number of method books available and to discuss the pros and cons of each. *(1,7)*

- Each student will develop a mock budget for a middle or high school instrumental program. (7)
