Please don't hesitate to contact me. I welcome the opportunity to discuss the course and if you are having trouble, please ask me for help as soon as possible. Since many of us (including your professors) work during the day, email works best in terms of contacting me. As we progress in the course I may make changes to this syllabus (e.g., if I determine we need more or less time on any particular subject area). In that sense, this syllabus is a guideline, not a contract. Check your announcements for any syllabus updates.

I encourage you to email me if you have questions or comments, **BUT PLEASE include your full name and the course** for which you have questions. Even if you submit your email through the Blackboard site, I cannot tell which course you are in nor what your real name is (i.e., egar123) unless you put it in the body of your email.

TECHNOLOGY HELP: Obtain your RGC email account name and password directly from the **Central Help Desk at 1-888-837-2882**. The Central help desk is **ALSO** available 24/7 to answer ANY OTHER TECHNOLOGY question, however, I have found that they are not very good at answering questions about the Blackboard website.
