Mission:

The mission of First-Year Seminar is to provide first-year students an opportunity (1) to experience and develop knowledge, behaviors and attitudes that promote successful college study and positive campus participation, and (2) to appreciate multiple perspectives that reflect intellectual and cultural diversity within and beyond college.

Course Description:

First-Year Seminar is designed to help students develop strategies and skills necessary for a successful college career. Topics include adjusting to college, setting academic goals, managing time and keeping organized, learning and studying in college, preparing for and taking tests, understanding college policies and regulations, and accessing and using SRSU computer technology. Students will learn about SRSU's resources, activities, and rich cultural diversity. Throughout the course, students will use critical thinking skills to make informed choices, to understand their responsibilities for academic success, and to become independent, motivated learners.

All First-Year Seminars have the same five common goals. The student will be able to:

1. expand and deepen his/her understanding of the world and of self
2. enhance his/her ability to read and think critically
3. enhance his/her ability to communicate effectively, in writing, speech, and other appropriate forms
4. develop the fundamentals of information literacy and library research
5. work closely with a faculty mentor

4. Identify and/or utilize college resources, activities, and events and demonstrate use of SRSU technology: student e-mail, SRSU website, Blackboard, and Lobo Online.
5. Exhibit financial literacy in relation to college and beyond.
6. Discuss the importance of SRSU in the larger community.

Attendance & Class Participation:

A high degree of engagement is expected and will contribute to your learning as an active participant. This includes interacting with the guest presenters and other students, completing your degree plan and being prepared to participate in class discussions. This class is the beginning of your journey to becoming a professional. All unexcused absences will result in a 10-point deduction from your final grade. You must talk to me “in person”; voice and email messages are not considered valid excuses. Evidence of professionalism includes attendance, collegial attitude, participation, and punctuality.

The instructors will drop a student from a course when the student has a total of nine absences. An absence is defined as non-attendance in fifty minutes of class; for example, non-attendance in a one and one-half hour class will constitute one and one-half absences and non-attendance in a three-hour class will constitute three absences. An absence because of participation in an official University activity is considered to be an authorized absence.

A student who is dropped from a course for excessive absences will be notified in writing by the Director of Records and Registration after the drop has been approved by the Provost and Vice-President for Academic and Student Affairs. Any student dropped for excessive absences will receive an "F" in the course dropped.

Classroom Behaviors:

You are encouraged and expected to openly engage in class discussions, ask questions, share ideas, and express your thoughts. Please be respectful of others by avoiding disruptive behaviors such as side conversations, cell phone use, arriving late, leaving early, etc.

Please provide your classmates and instructor the professional courtesy of arriving on time for the beginning of class and staying for the full duration of every class. Cell phones are permitted in class; however, they must be turned off. No texting is allowed during class.
