**SRSU Policy ID: APM 1.07**  
**Policy Reviewed by: Office of the President**  
**Approval Authority: President of the University**  
**Approval Date:**  
**Next Review Date:**

The statement on university governance is included in Section 1.11 of the Administrative Policy Manual and includes guidelines for university committees, teams, and councils. President's Committees are established by the Office of the President to provide advice and counsel. The committees are often university-wide, but they may be charged by the president with specific focus in divisions or campuses. Teams generally are utilized as divisional working groups that provide advice and counsel for specific areas to execute specific programs. University Councils are reserved for Faculty Assembly, Faculty Senate, and Staff Council working groups. Faculty Assembly, Faculty Senate, and Staff Council are charged with the organization and staffing of their respective councils. The Student Government Association appoints representatives to committees, teams, and councils.

All appointments to the President's Committees and Teams will be submitted to the President's Office by October 1 of each year. The President's Office will distribute the appointments to the chairs of the respective committees and teams. All council, committee and team terms will be with rotating membership. Faculty terms on councils, committees, and teams will be for three years. Student membership on councils, committees, and teams will be for one year. By September 30 of each year, the chair of each committee or team will forward an annual report of the group's activities for the past academic year to the President of the University. All Committees, Teams, and Councils will be posted on the University Governance web page.

President's Committees and Teams include:

**I. Academic and Administrative Advisory Committee Faculty Membership Continuing**

The committee is responsible for advising Institutional Effectiveness on policies, procedures, and practices to promote continuous improvement at all Sul Ross State University campuses. These responsibilities include, but are not limited to, annual review of assessment reports, implementation of Innovation Grants, assistance with accreditation, support, and overall promotion of a university-wide culture for assessment.
