

**RESOLUTION TO REJECT
UNWARRANTED AND ARBITRARY TRANSFER OF SENIOR STAFF MEMBERS JUNE 2023**

BE IT RESOLVED, the faculty condemns in the strongest terms the unwarranted and arbitrary transfer of critical staff senior members from the Uvalde campus to the Eagle Pass campus. This will have a detrimental effect on the enrollment and progress of students toward their degrees and further erode the moral to both the staff and faculty while greatly prohibiting the growth of enrollment at RGC. Furthermore, there is no rational reason since these individuals have been successfully serving administrators who are located in Del Rio from Uvalde. The organizational climate created by this move will make it hard for faculty to fulfil their educational role, particularly the level of support these individuals have provided faculty for many long years.

Michael Ortiz
