## **Programs**

### *Adults*

Developed in collaboration with County Extension Agents and with external partners (e.g., Texas Wildlife Association, Welder Wildlife Foundation, Texas Parks and Wildlife Department, Natural Resources Conservation Service). Single, series, and multi-day events, in-person and electronic delivery. Example topics: birding, non-game wildlife management, ecotourism, game management, and habitat management.

### *Youth*

Developed in collaboration with County Extension Agents, Texas Brigades, Wildlife Conservation Camp, and schools. Single- and multi-day events. Lecture and hands-on activities. Example topics: wildlife adaptations, taxonomic classification, North American Model of Wildlife Conservation, birding, and white-tailed deer biology and management.

## **Trainings Led**

### *County Extension Agents*

Formal and informal, in-person and remote. Example topics: quail management, birding, wildlife identification, abandoned wildlife, habitat management, and wild pig management.

### *Other Natural Resources Professionals*

2022 – Trained TPWD and Joint Venture biologists on the Peers and Pros 360° teaching method. In-person/remote. 5 participants.
