

Carlos E. Gonzalez – Gonzalez  
Nau Endowed Assistant Professor in Habitat Management and Research

509 E Harriet • Alpine, TX 79830  
PHONE (361) 720-2709 • E-MAIL: Carlos.gonzalez-gonzalez@sulross.edu

## Education

2015 - 2018	Texas A&M University Doctor of Philosophy Dissertation project: Desert Bighorn Sheep in Texas: Survival, Population Dynamics, and Habitat.	College Station, TX
2011- 2015	Sul Ross State University Master of Science Thesis project: Survival and nesting ecology of scaled quail in Trans-Pecos, Texas.	Alpine, TX
2007 - 2011	Texas A&M University–Kingsville Mayor in Range and Wildlife Management with Range Emphasis	Kingsville, TX

## Relevant Course Work

- GIS, GPS, and Remote Sensing
- Interdisciplinary Geographical Information Systems
- Geographic Information System for Resource Management
- Rangeland Plants
- Range Improvements
- Grazing Management King Ranch Lectureship
- Gus T. Canales Prescribed Burning King Ranch Lectureship
- Landscape Ecology & Modeling
- Ecological Modeling
- Fire Ecology
- Ecology and Management of Large Mammals in North America
- Range & Wildlife Research Methods
- Statistics in Research I
- Statistics in Research II
- Biostatistical Analysis I
- Biostatistical Analysis II
- Population Dynamics
- Community Ecology
- Taxonomy
- Soil Morphology and Classification
- Wildlife and Ecology
- Human Dimensions Wildlife Conflicts
- Equine Management
- Principles of Wildlife Management

Carlos E. Gonzalez – Gonzalez  
Nau Endowed Assistant Professor in Habitat Management and Research

- Principles of Range Management
- Principles of Soil Science

## Work Experience

September 2019 – Present  
Nau Endowed Professor in Habitat Research and Management  
& Assistant Professor of Range Management

August 2018 – September 2019.  
Research Scientist – Big Game  
Borderlands Research Institute  
Working with Master Degree candidates, technicians and volunteers coordinating efforts for Big Game research presently going for the Borderlands Research Institute.

June 2013 – December 2013.  
Field Coordinator of the Desert Quail Program  
Borderlands Research Institute  
Working with Master Degree candidates, technicians and volunteers coordinating efforts for all quail research presently going for the Borderlands Research Institute. Under the supervision of Dr. Ryan Luna.

June 2008 – May 2011  
Wildlife Research Technician  
Caesar Kleberg Wildlife Research Institute  
Work on the “Faith- Comanche” Deer project under the supervision of Dr. Timothy E. Fulbright and Dr. David Hewitt. Duties include: Soil sampling, vegetation transects, vegetation sampling, protein feeder’s maintenance, predator control, forage analysis.

August – December 2007  
Wildlife Research Technician volunteer  
Caesar Kleberg Wildlife Research Institute  
Worked as a volunteer on the “Reestablishment of herbaceous native vegetation on a mixed shrub community in south Texas” project under the supervision of Dr. J. Alfonso Ortega. Duties include: vegetation sampling and vegetation transects.

## Oversight

To ensure the Nau Endowed Professor in Habitat Management and Research is adequately grounded in addressing pragmatic solutions, we will create a Habitat Research Steering Committee comprised of landowners/managers, agency personnel, ex-officio members, and our research team. This steering committee will help guide research initiatives, evaluate program accomplishments, and serve as ambassadors of the Habitat Research and Management Program at Borderlands Research Institute.

Currently, procedures are scheduled on having our inaugural meeting for Spring 2020, where we will determine the charge for the Steering Committee. Additionally, the Steering Committee will help identify knowledge gaps with respect to habitat and help direct the general focus of the Habitat Research and Management Program over the next 5-10 years.

Possible members of the Habitat Steering Committee include:

- Landowner
- NRCS Representative

Carlos E. Gonzalez – Gonzalez  
Nau Endowed Assistant Professor in Habitat Management and Research

- Landowner
- TPWD Representative
- Grazing Land Coalition Representative
- BRI/SRSU
- Louis Harveson—BRI/SRSU (ex-officio)
- Carlos E. Gonzalez—BRI/SRSU

## Service

In the realm of conservation, collaboration and service are integral to any successful program. As the Nau Endowed Professor in Habitat Management and Research and Assistant Professor of Natural Resource Management, I have taken on leadership roles in various conservation organizations and initiatives.

## Leadership Roles

1. Director, Texas Wildlife Association
2. Advisor, SRSU Range, and Wildlife Club
3. External reviewer for “Recruiting and retaining Hispanic students in Agriculture and Natural Resources: Enhancing learning experiences from Tejas to Iberia” – TAMU AgriLife and TSU
4. James G. Teer Conservation Leadership Institute
5. Diversity, Equity, and Inclusion Committee Co-Chair – Texas Chapter of the Wildlife Society
6. Diversity, Equity, and Inclusion Committee, SRSU 2021 – Present
7. Academic Appeals Committee, SRSU 2021 – Present
8. Athletics Committee, 2020 – Present
9. Sustainability Committee 2019 – 2020
10. Awards Committee, Chair - Texas Chapter of the Wildlife Society 2019 – 2020
11. Board of Directors for the Texas Chapter of the Society for Ecological Restoration, 2019 – 2022

## Outreach

Sharing research findings with key constituencies (landowners, ranch managers, hunters, and wildlife enthusiasts) is a key element of the Nau Endowed Professor in Habitat Management and Research. Outreach activities include scientific and popular presentations, as well as popular articles (magazine articles, newsletters, etc.).

## Presentations

1. Emily Card, Mieke Titulaer, Carlos E. Gonzalez, and Louis A. Harveson. Impacts of Woody Plant Removal on Wintering Grassland Bird Communities and Habitat Characteristics in the Marfa Grasslands, Texas. The Texas Chapter of the Wildlife Society 2022.
2. Erin C. O’Connell, Justin T. French, Carlos E. Gonzalez, Louis A. Harveson, Shawn S. Gray. Modeling Pronghorn Behavior and Space-Use: Acclimation of Translocated Pronghorn in the Edwards Plateau. The Texas Chapter of the Wildlife Society 2022.
3. Olivia C. Gray, Justin T. French, Carlos E. Gonzalez, Louis A. Harveson, Froylan Hernandez, and Shawn Gray. Temporal Resource Partitioning of Aoudad, Desert Bighorn Sheep, and Mule Deer in the Trans-pecos Region, Texas. The Texas Chapter of the Wildlife Society 2022.

Carlos E. Gonzalez – Gonzalez  
Nau Endowed Assistant Professor in Habitat Management and Research

4. Leanna S. Morin, Louis A. Harveson, Carlos E. Gonzalez, Justin T. French, Shawn S. Gray. Livestock Grazing Effects on Pronghorn Preferred Forbs During the Winter in the Trans-Pecos, Texas. The Texas Chapter of the Wildlife Society 2022.
5. Carlos E. Gonzalez. 2021. Invited lecture, University of Chihuahua, Mexico. Habitat and Wildlife Management.
6. Katherine E. Haile, Jacob C. Locke, Carlos E. Gonzalez, Louis A. Harveson, and Shawn S. Gray Nutritional Differences of Pronghorn-Preferred Forage and a Carrying Capacity Estimation between the Marathon and Marfa Grasslands in Trans-Pecos, Texas. The Texas Chapter of the Wildlife Society 2020.
7. Taylor S. Daily, Carlos E. Gonzalez, Louis A. Harveson, Warren C. Conway, Froylan Hernandez. Comparing Release Methods of Desert Bighorn: Survival and Cause-Specific Mortality. The Texas Chapter of the Wildlife Society 2020.
8. Jacob Locke, Katherine Haile, Carlos Gonzalez, Louis Harveson, and Shawn Gray. Cattle Grazing Regimes Effects on Pronghorn Forage Production in Trans-Pecos, Texas. The Texas Chapter of the Wildlife Society 2020.
9. Carlos E. Gonzalez, Louis A. Harveson, Thomas S. Janke, Dan A. Hughes Jr., Will Hughes, P. J. Fouche, George Strickhausen. 2019. Presentation, Texas Wildlife Association, Unraveling the Mysteries of Texas Mule Deer Ecology and Antler Development.
10. Carlos E. Gonzalez, Louis A. Harveson, Shawn Gray. 2019. Presentation, Rocker b Ranch – Update. Pronghorn restoration in the Rocker b Ranch.
11. Carlos E. Gonzalez, Louis A. Harveson, Shawn Gray. 2019. Presentation, Texas Department of Transportation, Pronghorn habitat and corridors: Bridging the gaps between habitat.
12. Carlos E. Gonzalez, Louis A. Harveson, Shawn Gray. 2019. Presentation, The Chihuahuan Desert Conference, Pronghorn translocations in the Trans-Pecos: A summary of success.
13. Carlos E. Gonzalez, Louis A. Harveson. 2019. Presentation, Binational Wildlife Conference, Chihuahua Mexico, Mule deer in Texas and Mexico.
14. Taylor S. Daily, Carlos E. Gonzalez, Louis A. Harveson, Warren C. Conway, Froylan Hernandez. 2019. Poster, Texas Chapter of the Wildlife Society. Comparison of Desert Bighorn Sheep Home Ranges among Different Release Methods.
15. Taylor S. Daily, Carlos E. Gonzalez, Louis A. Harveson, Warren C. Conway, Froylan Hernandez. 2019. Poster, Desert Bighorn Council. Comparison of Desert Bighorn Sheep Home Ranges among Different Release Methods.
16. Taylor S. Daily, Carlos E. Gonzalez, Louis A. Harveson, Jose D. L. Martinez-Garcia, Alfonso Ortega-Sanchez. 2019. Oral Presentation, Western Association of Fish and Wildlife Agencies. Evaluation of a Translocated Population of Desert Mule Deer in the Chihuahuan Desert of Northern Coahuila, Mexico.
17. Taylor S. Daily, Carlos E. Gonzalez, Louis A. Harveson, Warren C. Conway, Froylan Hernandez. 2019. Poster, Sul Ross State University Undergraduate and Graduate Symposium. Comparison of Desert Bighorn Sheep Home Ranges among Different Release Methods.
18. Taylor S. Daily, Carlos E. Gonzalez, Louis A. Harveson, Warren C. Conway. 2018 3 minute thesis, Texas Section Society for Range Management. Movements, Survival, and Habitat Use of Desert Bighorn Sheep.
19. Howell Pugh, Carlos E. Gonzalez, Louis A. Harveson, Shawn Gray. 2018. Poster, 28th Biennial Western States and Provinces Pronghorn Workshop. Home Ranges of Translocated Pronghorn in the Trans-Pecos Region of Texas.

Carlos E. Gonzalez – Gonzalez  
Nau Endowed Assistant Professor in Habitat Management and Research

20. Howell Pugh, Carlos E. Gonzalez, Louis A. Harveson, Shawn Gray. 2019. Presentation, SRSU Undergraduate & Graduate Symposium, Home Ranges of Translocated Pronghorn in the Trans-Pecos Region of Texas.
21. Howell Pugh, Carlos E. Gonzalez, Louis A. Harveson, Shawn Gray. 2019. Texas Parks & Wildlife Mule Deer and Pronghorn Committee Meeting Home Range and Habitat Selection of Translocated Pronghorn in Trans-Pecos, Texas – Update.
22. Jacob Locke, Carlos E. Gonzalez, Louis A. Harveson, Shawn Gray. 2019. Texas Parks & Wildlife Mule Deer and Pronghorn Committee Meeting, Forb Production in Relation to Cattle Grazing Regimes in Trans-Pecos, Texas – Update.
23. Jacob Locke, Carlos E. Gonzalez, Louis A. Harveson, Shawn Gray. 2019. SRSU Undergraduate & Graduate Symposium, Pronghorn Forage Production in Relation to Cattle Grazing Regimes in Trans-Pecos, Texas.
24. Jacob Locke, Carlos E. Gonzalez, Louis A. Harveson, Shawn Gray. 2019. Texas Society for Range Management – 3 Minute presentation, Pronghorn Preferred Forage Production in Relation to Cattle Grazing Regimes in Trans-Pecos, Texas.
25. Jacob Locke, Carlos E. Gonzalez, Louis A. Harveson, Shawn Gray. 2019. Texas Grazing Coalition – 3 Minute presentation, Cattle Grazing Regimes effects on forb production in Trans-Pecos, Texas.
26. Jacob Locke, Katherine E. Haile, Carlos E. Gonzalez, Louis A. Harveson, Shawn Gray. 2019. Poster, Texas Chapter of the Wildlife Society. Pronghorn forage production in relation to cattle grazing regimes in Trans-Pecos, Texas.
27. Daniel Wilcox, Carlos E. Gonzalez, Louis A. Harveson, Shawn Gray, Froylan Hernandez. 2019. Desert Bighorn Sheep, Mule Deer, and Aoudad in the Van Horn Mountains, Texas – Update.

(2017), Natural Resources Management of Burrowing Owls, Falcons, Eagles, Raptors, Lake Holloman Wetlands, and Neotropical Migrant Birds for Holloman Air Force Base, New Mexico. Final Report: HAFB Dragonfly Surveys.

## Capacity

One of the biggest impacts the Nau Endowment for Habitat Management and Research has afforded our program is providing capacity. Dedicated research time allows our faculty adequate time to write and secure grant funding and then conduct and synthesize graduate student research projects. Grantsmanship, graduate student theses, and peer-reviewed publications are our metrics for capacity.

## Teaching College Courses

- Fall 2019
  - NRM 4307 Range and Wildlife Habitat Management
  - NRM 5302 Ecological Modeling
- Spring 2020
  - NRM 3301 Fire Ecology
  - NRM 3401 Range Ecology
  - NRM 4311 Problems in Natural Resource Management: Restoration Ecology
- Fall 2020
  - NRM 4307 Range and Wildlife Habitat Management
  - NRM 3303 Ecology and Conservation of Natural Resources
- Spring 2021
  - NRM 2301 Range Resources
  - NRM 3401 Range Ecology
- Fall 2021
  - NRM 4307 Range and Wildlife Habitat Management
  - NRM 4313 Hydrology
  - NRM 5302 Ecological Modeling
- Spring 2022
  - NRM 2301 Range Resources
  - NRM 3401 Range Ecology
  - NRM 5302 Range Ecology

## Current MS Students Thesis

- Daniel Wilcox. Survival, habitat, and spatial overlap of desert bighorn sheep, mule deer, and aoudad in the Van Horn Mountains, Texas. Co-Chair
- Emily Card. Assessment of the effects of woody plant removal on habitat characteristics and wintering grassland bird communities. Co-Chair

Carlos E. Gonzalez – Gonzalez  
Nau Endowed Assistant Professor in Habitat Management and Research

3. Olivia Gray. Dietary overlap of aoudad, desert bighorn sheep, and mule deer in the Trans-Pecos Region, Texas. Co-Chair
4. Erin O'Connell. Modeling Pronghorn Behavior and Movement: Translocated Pronghorn vs. Resident Pronghorn. Co-Chair
5. Leanna Morin. Pronghorn Habitat Forage Quality and Quantity in the Trans-Pecos, Texas. Co-Chair
6. Jason Crosby. Analyzing vegetation changes in the Chihuahuan Desert ecosystem using long-term Landsat imagery. Co-Chair
7. Aaron Ortega. Chihuahuan Desert Restoration and Erosion Control Through Wattles, Trincheras, and Native Reseeding. Co-Chair
8. Preston McKee. Habitat Use and Movements Post-Translocation of Mule Deer and Desert Bighorn Sheep. Co-Chair

### Graduated MS Students Thesis

1. Jose Etchart. Evaluating Water Use and Seasonal Ranges Of Desert Bighorn Sheep and Aoudad in the Sierra Vieja Mountains, Texas. Chair
2. Howell Pugh. Habitat use, seasonal movements, and acclimation period for translocated pronghorn in the Trans-Pecos region of Texas. Co-Chair
3. Fabiola Baeza. Overwinter habitat requirements of Baird's sparrow (*centronyx bairdii*) and grasshopper sparrow (*ammodramus savannarum*) in the Marfa grasslands, Texas. Co-Chair
4. Taylor Daily. Comparing survival and movements between release methods of desert bighorn sheep in the Black Gap Wildlife Management Area, Texas. Co-Chair
5. Alejandro Chavez. Grassland bird survival and response to shrub removal treatment during the wintering season in west Texas. Co-Chair
6. Jacob Locke. A carrying capacity estimate and grazing regime analysis based on pronghorn preferred forage in Trans-Pecos, Texas. Co-Chair

### Graduate Students Non-Thesis

1. Jorge Bustamante, Secondary risk assessment of mortality in turkey vultures consuming wild pigs killed with hoggone. Committee member, 2019.

### Undergraduate Research Projects

1. Katherine E. Haile, Nutritional difference on pronghorn preferred forage and carrying capacity estimation of the Marathon and Marfa grasslands in the Trans-Pecos, Texas. (BRI Undergraduate Mentorship Program)
2. Hagen D. Meyer, Documenting the plant evaluation process for commercial Release purposes: evaluation of hairy grama and Narrowleaf globemallow for West Texas. (BRI Undergraduate Mentorship Program)
3. Ericka I Dunn, Mule Deer Feeder Visitation in relation to lunar phases in the Trans-Pecos, Texas. (BRI Undergraduate Mentorship Program)
4. J. Silverio Ávila Sánchez, Use of water and lambing behavior by aoudad and desert bighorn sheep in the Sierra Vieja, Texas. (BRI Undergraduate Mentorship Program)
