

KELLY R. THOMPSON PROFESSOR IN QUAIL RESEARCH
CHAIR OF THE DEPARTMENT OF NATURAL RESOURCE MANAGEMENT
SUL ROSS STATE UNIVERSITY • P.O. BOX C-16 • ALPINE, TX 79832
PHONE 432.837.8615 • E-MAIL RLUNA@SULROSS.EDU

RYAN S. LUNA

EDUCATION

Doctor of Philosophy, Aquatic Resources and Integrative Biology, May 2013

Texas State University, San Marcos, Texas

Dissertation: *Body size, rumen-reticulum functions, and dietary nutrition of white-tailed deer*

Master of Science, Biology, December 2007

University of Texas at San Antonio, San Antonio, Texas

Bachelor of Science, Zoology, minor in Chemistry, May 2001

Texas Tech University, Lubbock, Texas

RESEARCH INTERESTS

My main research interests are upland game bird ecology and management. Other interests include habitat use and foraging ecology of ungulates and control techniques for feral hogs.

PROFESSIONAL EXPERIENCE

2018-present Kelly R. Thompson Endowed Professor of Quail Management—Borderlands Research Institute at Sul Ross State University, Alpine, Texas

2018-present Department Chair for Natural Resource Management, Sul Ross State University, Alpine, Texas

2018-present Associate Professor of Wildlife Management. Dept. of Natural Resource Management, Sul Ross State University, Alpine, Texas

2013-2018 Assistant Professor of Wildlife Management, (July 2013-July 2018) Dept. of Natural Resource Management, Sul Ross State University, Alpine, Texas

Tenure track position with responsibilities including teaching, advising, and recruiting. Managed the Upland Gamebird Program and was a faculty advisor for the Range and Wildlife Club. Conducted regional and broad scale research in

wildlife ecology and management. Supervised graduate students on research projects as primary advisor, co-advisor, or committee member.

- 2011-2013 National science Foundation (NSF) GK-12 Fellow (Aug 2011-May 2013)
- Developed and taught education science curriculum for a variety of grade levels for Middle School and High School students. Created multisensory labs for diverse age groups with varied scientific background knowledge to teach specific curriculum and expose students to new laboratory and field techniques. Developed, coordinated, and implemented comprehensive curriculum based activities for youth in formal and informal educational settings including a “What’s in your backyard” Ecology Lab at the city pond, a field study at a wildfire site, and a trip to a US Fish and Wildlife Service hatchery. The hatchery trip introduced students to various aquatic vertebrate and invertebrate sampling techniques, and introduced them to several endangered and endemic local salamander species. Students were shown how research was used to make management decisions in the captive breeding and restocking program.
- 2010-2013 Roosevelt elk study-Redwood National and State Parks, Orick, California (January each year, Texas State University)
- Estimated populations and recorded movement activities of groups and focal animals in the national and state park. Forage intake was estimated through focal animal surveys and vegetation sampling. The influence of body size on relative food intake and foraging behavior was analyzed.
- 2008-2013 Graduate student (Texas State University) working on white-tailed deer studies (Aug 08-May 13)
- Compiled information on harvested animals on wildlife management areas owned by Texas Parks and Wildlife. Conducted physiological studies on rumen-reticulum capacity, liver weights, digesta loads, surface enlargement factor from papillae, bacterial colonies, and how each parameter related to forage quality and life history demands. Analyses of morphological changes associated with environmental heterogeneity was also assessed.
- 2011-2012 Field Assistant (Texas State University)
- Estimated overwintering populations of Brazilian free-tailed bats and conducted microclimate habitat analysis. Conducted herpetofauna surveys for endangered Houston toad research in Bastrop, Texas. Seined portions of Pinto Creek, Los Moros Creek and the Devil’s River to catalogue species and create a distribution map for the endangered Devil’s River minnow.
- 2008-2011 Biology Lab Instructor (Texas State University) (Aug 08-May 11)
- Taught two to three undergraduate Labs for Biology students each week. Set up labs for necessary experiments, lectured on relevant coursework and oversaw all aspects of lab experiments. Wrote and administered quizzes and lab practicals.
- 2006-2007 Graduate student at University of Texas at San Antonio (Aug 06-Dec 07)

Directed research: Animal behavior studies for human-waterfowl interactions.

2004-2006 Research Assistant at University of Texas Health Science Center at San Antonio, Dept. of Pharmacology (Jan 04- Aug 06)

Organized and assisted in hosting 2006 Behavioral Pharmacology Society Conference in San Francisco, CA. Trained Rhesus Macaques for behavioral assays with Morphine, Cocaine, Tetrahydrocannabinol (Δ^9 -THC), Midazolam, and 2,5-Dimethoxy-4-methylamphetamine (DOM). Made dilutions for appropriate dosage. Trained and oversaw new research assistants in the research laboratory. Performed blood draws for CBC testing, Simian B Virus tests, and regular Pharmacokinetic studies.

2001-2003 New Mexico Department of Game and Fish (Game Warden) (Aug 01-Dec 03)

Performed chronic wasting disease (CWD) testing on deer and elk. Assisted with desert bighorn sheep reintroductions. Tranquilized and relocated nuisance bears. Trapped and relocated other nuisance animals (raccoon & fox). Administered antibiotics as needed to captured wildlife. Performed numerous necropsies on poached animals to identify cause of death/obtain evidence to build cases. Bullet recovery and identification. Conducted deer and elk surveys via helicopter to record sex ratios, locations, habitat type and canopy cover utilization. Compiled data from Operation Bear Den, which dealt with survival and movements of relocated bears. Guided hunters on White Sands Missile Range for Oryx once in a lifetime hunts. Conducted electrofishing and milking for kokanee salmon spawning.

COURSES TAUGHT

NRM 2302—Wildlife Resources

NRM 2330—Wildlife Conservation and Management

NRM 2303—Principles of Conservation Biology

NRM 3302—Forest Ecology

NRM 3310—Ecology of African Game

NRM 4305—Wildlife Management Techniques

NRM 4308—Big Game Management

NRM 4309—Wildlife Population Dynamics

NRM 4311—McNair Internship

NRM 5302—Ecology and Field Biology

NRM 5302—Ecology of African Game

NRM 5302—Wildlife Nutrition

NRM 5303—Big Game Management

NRM 5303—Silviculture

NRM 5303—Forest Ecology

NRM 5305—Range/Wildlife Research Methods

NRM 5409—Wildlife Population Dynamics

NRM 5316, 6301, 6302—Project Research, Thesis Proposal, Thesis Defense (as assigned)

GRADUATE STUDENTS ADVISED

M.S. Thesis Chair:

1. Brooke Bowman, “Quail response to oil and gas development” (in progress)
2. Maya Ressler, “Montezuma Quail population estimator” (in progress)
3. Maribel Glass, “Unraveling the truth about knotgrass at Bosque Del Apache National Wildlife Refuge” (in progress)
4. Zoe Carroll, “Investigating primary forages, diet shifts associated with supplemental feeding and vegetation associations with eyeworm (*Oxyspirura petrowi*) and caecal worm (*Aulonocephalus pennula*) infestations in Scaled Quail (*Callipepla squamata*) in the Trans-Pecos region of Texas” (in progress)
5. Rachel Bittner, “Assessing prevalence of eyeworm and ceacal worm infestations in scaled quail throughout the Trans-Pecos” (in progress)
6. Josh Coward, “Evaluation of soil factors and changes in plant communities resulting from roosting behavior of invasive wild pigs on the Kerr Wildlife Management Area.” (in progress)
7. Trestan Bryant, “Survival, habitat characteristics, and home range of translocated Reo Grande Wild Turkey in Southern Brewster County, Texas” (in progress)
8. Josh Coward, “Efficacy of sodium nitrite as a feral pig toxicant” (in progress)
9. Trey Johnson, “Assessing habitat associations with eyeworm and ceacal worm loads in Tans-Pecos scaled quail” (2020)
10. Kaitlyn Williams, “Grassland birds as indicators of Chihuahuan Desert grassland ecosystem health” (Co-Chair, 2019)
11. Chelby Hinds, “Seasonal movements of specific age cohorts for urban mule deer bucks located in Alpine, Texas” (2019)

12. Jorge Bustamante, “Secondary risk assessment of mortality in turkey vultures consuming wild pigs killed with Hoggone®” (2019)
13. Katherine Sauer, “Effects of livestock grazing on grassland bird abundance and ecosystem health” (Co-Chair, 2018)
14. Elizabeth Oaster, “Ecology of Montezuma quail in the Capitan Mountains of New Mexico” (2018)
15. Brenda Gallegos, “The effect of supplemental feed on scaled quail and fall-winter diets of scaled quail in the Trans-Pecos region of Texas” (2017)
16. Karlee Cork, “Habitat selection and spatial ecology of Montezuma quail in the Capitan Mountains of New Mexico” (2017)
17. Ernesto Garcia-Ortega, “Scaled quail selection and avoidance of artificial resources and how they influence survival in the Trans-Pecos, Texas” (2017)
18. Grant Lawrence, “Evaluation of pH dependent prototype feral pig toxicants” (2017)
19. James Eddy, “Effectiveness of Sendero® on western honey mesquite for scaled quail habitat restoration” (2017)

M.S. Thesis Committee Member:

1. Michael Stangl (2020)
2. John Clayton Campbell (2020)
3. Roy Saffel (2019)
4. Ryan Anthony (2019)
5. Daniel Tidwell (2019)
6. Rich Mrozinski (2018)
7. Philip Boyd (2018)
8. Skylar Stevens (2017)
9. Josh Cross (2016)
10. Robert Allcorn (2015)
11. James Martin (2015)
12. Carlos “Lalo” Gonzalez (2015)
13. Richard Temple (2014)

1. Jacob Locke, "Evaluating grassland bird morphological measurements to distinguish sexes" (BRI 2017-2018)
2. Alec Ritzell, "Distribution of wildlife documented pre-Sendero treatment" (BRI 2016-2017)
3. Kaitlyn Williams, "Loafing habitat of Montezuma quail in the Capitan Mountains of New Mexico" (BRI 2016-2017)
4. Evans, J.D., R. Anthony, R. O'Shaughnessy, R.S. Luna, and D.P. Collins. "Comparison of common methods used in wetland seed bank analysis" (BRI 2015-2016)
5. Felicia Rocha, "Habitat associations of Montezuma quail during the breeding season" (McNair 2015-2016)
6. Alec Ritzell, "Long-term response of vegetation to Spike 20P treatment" (BRI 2014-2015)
7. Felicia Rocha, "Determining movements of two species of quail near Sul Ross State University" (McNair 2014-2015)
8. Felicia Rocha, "Comparison of epidermal microstructures between plant species from different areas" (BRI 2015)

UNIVERSITY SERVICE

Committees/Councils:

Task Force on Academic Alignment (2018-present)
 Faculty Assembly Executive Council (2017-present)
 Department Chairs Council (2018-present)
 Academic Appeals Committee (2018-present)
 International Studies Task Force (2018-present)
 Research Symposium Planning Committee (2018-2019)
 ANRS Centennial Committee (2016-present)
 Athletics Council (2015-present)
 Executive Committee on Master Plan Development (2014-present)
 Man and Woman of the Year Committee (2017-2019)
 Strategic Plan Subcommittee (2016)
 Title V Special Committee (2015-2016)
 IACUC Committee (2015-present)
 Instructional Technology Committee (2015-2016)
 Research Council (2014-2015)
 University Scholarship Committee (2014-2016)
 Orientation Committee (2013-2016)
 McNair-Tafoya Symposium Committee (2013-2014, 2016-2017 (chair), 2017-2018)

Other Service:

McNair-Tafoya Symposium judge (2015-present)
 Range and Wildlife Club—faculty sponsor (2015-present)
 Assisted with Lobo Days (2013-present)
 ANRS kickoff BBQ (2013-present)

Assisted with Sully's Showcase—NRM (2013-present)

Search Committees:

Search committee for NRM Assistant Professor of Range Management (ongoing)
Search Committee for BRI Endowed Professor/Chair of Habitat Management (2019)
Search committee for ANRS Ranch Manager (2014)
Search committee for BRI Post-Doc Research Scientist (2014)

PROFESSIONAL DEVELOPMENT AND TRAINING

Texas Chapter of the Wildlife Society in Montgomery, TX (2019)
Meeting with University of Botswana Faculty, Gaborone, Botswana (2018)
NRCT Program PI Meeting at Ghost Ranch, NM (2018)
Texas Chapter of the Wildlife Society in Dallas, TX (2018)
Texas Wildlife Association Meeting in San Antonio, TX (2018)
State Quail Symposium in Abilene, TX (2017)
Quail VIII—National Quail Symposium in Knoxville, TN (2017)
Texas Wildlife Association Meeting in San Antonio, TX (2017)
Principal Investigators Meeting-USDA in Albuquerque, NM (2017)
Wildlife Management in the Trans-Pecos in Alpine, TX (2017)
Chemical Immobilization of Animals-Safe Capture, Alpine, TX (2016)
Western Association of Fish and Wildlife Agencies meeting in Cody, WY (2016)
Trans-Pecos Wildlife Conference in Alpine, TX (2016)
Houston Livestock Show and Rodeo—Wildlife Talks, Houston, TX (2016)
Pinyon-Juniper Symposium in Albuquerque, NM (2016)
Texas Wildlife Association Meeting in San Antonio, TX (2016)
Quail Coalition “Meet the Researchers” in Dallas, TX (2016)
Texas Chapter of the Wildlife Society in San Antonio, TX (2016)
Texas Parks and Wildlife regional quail at Elephant Mountain (2016)
Texas A&M Agrilife Trans-Pecos Wildlife Management Program, Alpine, TX (2015)
America's Grasslands Conference in Ft. Collins, CO (2015)
Statewide Quail Symposium in Abilene, TX (2015)
Texas Wildlife Association Meeting in San Antonio, TX (2015)
Quail Coalition “Meet the Researchers” in Dallas, TX (2015)
Texas Chapter of the Wildlife Society in San Antonio, TX (2015)
Texas Parks and Wildlife regional quail at Elephant Mountain (2015)
Texas Wildlife Association Meeting in San Antonio, TX (2014)
Texas Parks and Wildlife regional quail at Elephant Mountain (2014)
Texas Chapter of the Wildlife Society in Austin, TX (2014)
Pronghorn Symposium in Alpine, TX (2014)
Quail Coalition “Meet the Researchers” in Dallas, TX (2014)
Texas Parks and Wildlife regional quail at Elephant Mountain (2013)
5th Quail Short Course and Restoration Workshop, Kingsville, TX (2013)

PROFESSIONAL SERVICE AND AWARDS

SRSU Outstanding Teacher Award 2018-2019

Advisory board for Southwest Texas Junior College Wildlife Program (2018-present)

Safari Club International—Birds of the World Committee (2015-present)

Texas Parks and Wildlife Upland Gamebird Advisory Committee Member (2014-present)

TBGA-LOTY committee member (Texas Big Game Awards associated with TWA) (2013-present)

CDE contest—FFA group wildlife Techniques (2014-present)

CLFT instructor (Conservation leaders for Tomorrow) (2013-present)

Nominated to serve as Texas Chapter of the Wildlife Society Board Member at Large (2018-2019)

Appreciation plaque for support of SRSU Plant ID Team (2018)

Appointed the Kelly R. Thompson Professorship of Quail Research (2017)

Sam Houston State University—Invited Talk on desert quail (2016)

Texas State University—Invited presentation on bird banding (2016)

Texas Chapter of the Wildlife Society poster and/or quiz bowl judge (2014-2016)

NSF fellow—Project Flowing Waters-NSF GK-12 Program 2011-2012, 2012-2013

Dan Boone Memorial Scholarship from the Dan Boone Endowment fund and Texas Chapter of the Wildlife Society, 2011 & 2013

Academic Excellence Award 2010-2013.

American Conservation and Education Society Scholarship from the Houston Safari Club, 2009-2010 & 2010-2011

American Society of Mammalogists Travel Grant, 2010 & 2012

Professional Associations/Memberships:

Texas Chapter of the Wildlife Society

Southwest section of the Wildlife Society

Wildlife Society

American Society of Mammalogists

Safari Club International

Houston Safari Club

Quail Coalition

Texas Wildlife Association

Quail VIII Proceedings

RESEARCH AND EDUCATIONAL GRANTS

2020-2021 Concho—"Quail Response to Oil and Gas Development" \$47,000

2020-2021 Permian Basin Quail Coalition—"Quail Response to Oil and Gas Development" \$25,000

2020-2021 Park Cities Quail---"Montezuma Quail Population Estimator" \$85,000

2019-2020 Park Cities Quail—"Determining the prevalence of eyeworms (*Oxyspirura petrowi*) in scaled quail (*Callipepla squamata*) in the Trans-Pecos—second phase." \$75,000

2018-2019 Park Cities Quail—"Determining the prevalence of eyeworms (*Oxyspirura petrowi*) in scaled quail (*Callipepla squamata*) in the Trans-Pecos." \$75,000

2018-2019 San Antonio Quail Coalition—"Determining the year round diet in scaled quail (*Callipepla squamata*) in the Trans-Pecos." \$25,000

2017-2018 Park Cities Quail—"Montezuma quail habitat suitability map projection for the Trans-Pecos." \$25,000

2017-2018 San Antonio Quail Coalition—"Montezuma quail habitat use in the Trans-Pecos." \$25,000

2016-2017 South Texas Quail Coalition—"Using quail as indicators of Chihuahuan Desert grassland ecosystem health." \$25,000

2016-2017 Park Cities Quail—"Trans-Pecos Quail Research." \$45,000

2016-2017 San Antonio Quail Coalition—"Using quail as indicators of Chihuahuan Desert grassland ecosystem health." \$25,000

2016-2017 SRSU Faculty Research Enhancement Grant—"Evaluating mule deer movements across years in an urban-rural landscape matrix in Alpine, TX." \$4,500

2016-2018 BLM—"Montezuma quail habitat use post-thinning." \$40,000

2015-2020 USDA—"Southwest Natural Resource Conservation Tract (NRCT) program. Associated with New Mexico State University" SRSU sub-award \$315,533

2015-2017 BLM—"Effects of thinning on Montezuma quail." \$12,000

2014-2017 Texas Parks and Wildlife—"The effects of Sendero on mesquite and scaled quail habitat use." \$119,810

2015-2016 Texas A&M Agrilife—"Desert quail research." \$13,500

2015-2016 Park Cities Quail—"Ecology of desert quail species." \$45,000

2015-2016 SRSU Faculty Research Enhancement Grant—"Using GPS to assess habitat use and movement of Montezuma quail in the Trans-Pecos region of Texas." \$7,500

2014-2018 National Wild Turkey Federation (NWTF)-"Forest thinning and Montezuma quail habitat use." \$178,481

2014-2015 Texas Parks and Wildlife—"Efficacy of Sodium Nitrite for feral pig control." \$85,681

2014-2015 Park Cities Quail—"Scaled quail habitat use, survival and recruitment." \$45,000

2014-2015 SRSU Faculty Research Enhancement Grant—"Using thermal imaging to determine how disturbances and environmental heterogeneity affect roosting cohort characteristics of Montezuma quail." \$7,438

2013-2018 Apache Ranch—"Desert quail ecology" \$125,000 (CO-PI)

2013-2018 Nine Point Mesa Ranch—"Desert quail ecology" \$125,000 (CO-PI)

2013-2018 Lado Ranch—"Desert quail ecology" \$125,000 (CO-PI)
