## WORK HISTORY

*Aug 2012 - Present*

**Family Nurse Practitioner**  
*Andrews County Health Department*

Family Nurse Practitioner / Director

- Director and Family Nurse Practitioner. Clinical responsibilities include providing health promotion, health education, disease prevention, and disease intervention to clients, families, and the community. Provide comprehensive primary care, immunization, tuberculosis, STD/HIV, and family planning services. Using protocols established in collaboration with the physician, conduct diagnoses and treatment of minor and chronic illnesses. Collaborate with the Medical Director and local physicians to provide comprehensive care to eligible residents of Andrews County. Mentor and precept nurse practitioner students. Worked to improve use of electronic health record (including patient portal, e-prescribing, clinical decision support/alerts, and interface with external lab), environmental health system, and community-wide communicable disease reporting system.
- Joined forces with local community leaders, hospital personnel, and other agencies to improve immunization status of Andrews County as co-founder of the Andrews County Immunization Coalition.
- Conduct disease investigation and epidemiological studies. I am the incident commander of ACHD's Coronavirus testing and response.
- Administrative responsibilities include writing policies and procedures, preparing and managing the budget, writing grants, preparing contracts, maintaining state funding, completing and submitting reports, creating new programs, expanding existing programs, evaluating programs, hiring and supervising staff, and collaborating with the County Judge and County Commissioners to set public health policy for Andrews County. Attend weekly Commissioners' Court meetings and provide updates to the court.
