Courses: Rules of Evidence, Crime Scene Safety, and Intro to Forensic Science Anatomy and Physiology

PROFESSIONAL EXPERIENCE

August 2022 – Present: Montgomery County Sheriff’s Office Conroe, TX
Criminal Investigations Division; Crime Laboratory

- The responsibilities of a Crime Scene Investigator relate directly to physical evidence. When on a crime scene, an investigator conducts a crime scene search to identify and locate what may be physical evidence. A C.S.I. analyzes and documents that evidence through photography, video, and sketching. When proper documentation is completed, the evidence is collected and properly preserved. When not on a crime scene, an investigator is responsible for working in the laboratory to analyze and process evidence collected from crime scenes.

March 2018 – August 2022: Montgomery County Sheriff’s Office Conroe, TX
Patrol Division: Field Training Officer/Deputy – District III

- As a Patrol Deputy, I have experience in performing a variety of calls for service and conducting law enforcement investigations. I completed multiple felony investigation and filed felony warrants with the Montgomery County District Attorney’s Office. I was selected by the East Precinct District Field Training Coordinator to become a Field Training Officer. After becoming a Field Training Officer, I trained and instructed both deputies with previous law enforcement experience and deputies with no law enforcement experience.

December 2023 – Present: Sul Ross State University Alpine, TX
Department: Criminal Justice; Adjunct Faculty

- The responsibilities of an adjunct faculty member is to teach online, synchronous courses at a variety of days and times. Create engaging lessons that promote student involvement and application of the material. Use a course syllabus for each course, following established institutional guidelines. Evaluates students to measure their progress in achieving course objectives and informs students in a timely manner of their progress. Maintains professional relationships with students, colleagues, and the community.
