MAY 2018
BACHELOR OF SCIENCE IN CRIMINAL JUSTICE, LAMAR UNIVERSITY
Undergraduate Research: Death Penalty

DECEMBER 2014
CRIME SCENE INVESTIGATIONS, NORTHWEST KANSAS TECHNICAL COLLEGE
Courses: rules of evidence, crime scene safety, and intro to forensic science anatomy and physiology

PROFESSIONAL EXPERIENCE

August 2022 – Present: Montgomery County Sheriff’s Office Conroe, TX
Criminal Investigations Division; Crime Laboratory

- The responsibilities of a Crime Scene Investigator relates directly to physical evidence. When on a crime scene, an investigator conducts a crime scene search to identify and locate what may be physical evidence. A CSI analyzes and documents that evidence through photography, video, and sketching. When proper documentation is complete, the evidence is collected and properly preserved. When not on a crime scene, an investigator is responsible for working in the laboratory to analyze and process evidence collected from crime scenes.

March 2018 – August 2022: Montgomery County Sheriff’s Office Conroe, TX
Patrol Division: Field Training Officer/Deputy – District III

December 2023 – Present: Sul Ross State University Alpine, TX
Department: Criminal Justice; Adjunct Faculty

- The responsibilities of an adjunct faculty member is to teach online, synchronous courses at a variety of days and times. Create engaging lessons that promote student involvement and application of the material. Use a course syllabus for each course, following established institutional guidelines. Evaluates students to measure their progress in achieving course objectives and informs students in a timely manner of their progress. Maintains professional relationships with students, colleagues, and the community.
