

EDUCATION:

Michigan State University, East Lansing, Michigan

Doctor of Philosophy, August 2012

Field: Learning, Technology & Culture; Concentration: Special Education

Dissertation: *Analyzing Stories told by an Elementary Science Teacher in a Fifth-Grade Classroom*

Committee Members: Michelle Williams (Chair), Matthew Koehler (Co-Chair), Troy Mariage, Ralph Putnam

Pace University, New York, New York

Bachelor of Arts (Summa Cum Laude), Graduation Date: September 2004

Majors: Computer Science & Applied Psychology/Human Relations; Minor: Mathematics

Independent Project: *Creation of an educational program in Mathematics for children with Dyscalculia and Attention Deficit Disorder*

CERTIFICATION

Center for Justice and Peacebuilding, Eastern Mennonite University, Lancaster, PA; Harrisonburg, VA

Levels 1 & 2 - Strategies for Trauma and Resilience (STAR), Date: June 2015; May 2016

University Outreach and Community Engagement, Michigan State University, East Lansing, MI

Graduate Certification: Community Engagement, Date: May 2010

TEACHING/LEADERSHIP EXPERIENCE:

Sul Ross State University, Alpine, TX

Assistant Professor of Psychology

August 2017 - Present

- Explored human growth from infancy to adulthood using the biopsychosocial approach to understand how both nature and nurture affect physical, behavioral, social, emotional, cultural and cognitive trajectories
- Supervised the selection and assignment of experimental psychology research projects among undergraduate students in leading literature review and proposal development, methodological design, participant recruitment, quantitative and qualitative analysis of results, and final presentation
- Organizing and teaching courses in general psychology and statistics that utilizes affordable digital platforms to diversify types of assessment and enrich student participation
- Collaborating with colleagues towards engendering person-centered practices in our programs that at the core stipulates respect and dignity for members of the university, local, and global community
- Enacting research activities with students in areas of narrative cognition and humanistic/existential/person-centered psychology

Mercy College, Bronx, Manhattan & Dobbs Ferry, NY

Visiting Assistant Professor of Psychology

September 2016 – July 2017

- Maintained my responsibilities as an adjunct professor in areas of teaching and service
- Collaborated with colleagues towards advancing departmental goals in academic management and service to the college community
- Enacted research activities with students in areas of narrative cognition and humanistic/existential/person-centered psychology

Adjunct Lecturer for the School of Social & Behavioral Sciences

August 2012 – August 2016; January 2011 – September 2011

- Taught computer literacy and mentored students in learning quantitative methods and analysis for the social and behavioral sciences

- Facilitated students in learning the etiology, development and evaluation of cognitive, physical and emotional disorders arising in childhood and adolescence
- Combined the use of online and classroom pedagogies to enrich students experiences with research writing and analysis
- Created new course investigating writing tools of argumentation through critical reading, reflexivity, information literacy and written and oral communication, and guided students in presentation of their arguments using e-portfolios
- Analyzed and practiced persuasive techniques utilized in rhetorical situations in short essays for critical inquiry, and assisted students in portraying their responses using e-portfolios
- Fostered comprehension of statistics as a professional tool in the social and behavioral sciences with special emphasis on data summarization, organization, analysis and prediction

St. Francis College, Brooklyn, NY

Adjunct Lecturer for the Psychology Department

January 2014 – August 2016

- Delineated the distinctions between biological, neuroscientific and social views of human nature/nurture, and examined human development from infancy to adulthood using the biopsychosocial approach
- Examined current developments of conformity, obedience, sexual attitudes and behavior, aggression and prejudice, and peacemaking and conflict using technology media sources and dramatization
- Discussed human strengths and weaknesses as foundational to psychological development as portrayed by humanistic/existential psychologists
- Identified the social, emotional and cognitive theories and practiced the skills in understanding how humans teach, learn and recall in academic settings
- Facilitated review of the major psychological theories and practices to steer discussion on the application of general, educational and social psychology to everyday life

Pace University, New York, NY

Adjunct Lecturer for the Psychology Department

September 2014 – December 2014

- Described research ethics, methods and statistics as related to quantitative and qualitative research designs
- Conducted a research circle with graduate students to generate research questions, review literature, form testable hypotheses, design surveys, and collect, analyze and interpret data
- Coached graduate students in their writing and presentation of their individualized research proposals

Michigan State University, East Lansing, MI

Graduate Assistant for Linking all Types of Teachers to International Cross-cultural Education

June 2009 – June 2010

- Created a community research action project in consultation with teachers that documented how they brought their LATTICE experiences to classrooms
- Organized and facilitated monthly sessions for teachers and international graduate students on issues connected to global citizenship
- Selected and promoted resources for members (e.g. teachers, faculty, students and community members) to access through a monthly report and digital newsletter
- Managed membership via an online list serve and maintained online website to serve members' needs

RESEARCH EXPERIENCE:

USA-WAS, New York City, NY and Alpine, TX

Research Coordinator: January 2014 – Present

- Developing agency-based curriculum materials for undergraduate students in humanistic/existential psychology
- Organizing an Advisory Board that currently oversees research procedures and evaluation methods

- Creating a research setting that utilizes introspective techniques to document the development of the inner self

Michigan State University, East Lansing, MI

Graduate Research Assistant for Dr. Michelle Williams, NSF Heredity research project:

September 2008 – August 2011

- Developed inquiry-based curriculum materials that are web-based for upper-elementary school students
- Created and managed a multidisciplinary partnership which included teachers, administrators, scientists and educational researchers
- Facilitated teacher professional development workshops for the WISE (Web Inquiry Science Environment) *The Case of Audrey: Inherited and Acquired Traits* project
- Assisted in the design of the web-based interface and ‘Audrey’s Garden’ computer animation that transform concrete ideas of the curriculum into an interactive and illustrative form
- Assisted in the development of content assessment items that aligned with curriculum and state science objectives
- Contributed to the preparation of assessments, curricula and manuscripts for Advisory Board meetings

Graduate Research Assistant for Dr. Michelle Williams, Investigating the use of Technology in Promoting Students’ Inquiry Science Learning research project

January 2006 – August 2008

- Participated in a partnership between researchers, teachers and scientists to create a curriculum on genetics
- Conducted written and video observations of two classrooms that used the curriculum embedded in the Web-based Inquiry Science Environment (WISE)
- Maintained the WISE technological platform by ensuring that students and teachers could access content and visualizations

Miske Witt & Associates, Inc., Saint Paul, MN

Consulting Associate, Inclusive Education Team for Trinidad and Tobago (T&T)

September 2006 – March 2008

- Informed the design of a proposal for an inclusive education study in T&T by creating summative and evaluative reviews of the current state of general and special education in T&T
- Assisted in coordinating the details of the proposal with the T&T educational situation for the purpose of implementing a study that sought to balance variability and scientific rigor
- Developed instruments designed to collect data on technology infrastructures in schools and conducted observations, interviews and focus groups with study participants
- Helped to formulate an action plan that encompassed assessments, diagnostics, instructional, monitoring and evaluation methods, and academic, social and physical accommodations for systemic change towards inclusive education

- 2017: Presidential Citation & Recognition Award

Mercy College, New York, NY

- 2016: Adjunct Faculty Teacher Excellence Award

Engagement Scholarship Consortium Annual Conference, University of Alberta, Edmonton, Canada

- 2014: Emerging Engagement Scholarship

Colin L. Powell Center for Leadership and Service, New York Metro Area Partnership for Service-Learning (NYMAPS), City College, New York, NY

- 2013: Community Partner Fellow

National Association of Research on Science Teaching

- 2012: Jhumki Basu Equity Scholar Award

Michigan State University, East Lansing, MI

- 2011-2012: Doctoral Candidate Fellowship
- 2008-2010: Departmental Travel Awards, Graduate School Fellowship 2008
- 2009: Donald H. Nickerson Fellowship in Cultural Diversity and Minority Concerns
- 2007: LATTICE Fellowship Award

Brooklyn Children's Center, Brooklyn, NY

- 2005: Teacher of the Year Award

RELATED PROFESSIONAL EXPERIENCE:

Sul Ross State University Undergraduate and Graduate Student Symposium

Co-organizer: April 2018 - Present

- Designed web submission form for faculty nominations of undergraduate students
- Co-created undergraduate promotional materials and conference program
- Assisted in the design and dissemination of conference evaluation forms and moderated a graduate panel session

Big Bend Comic Con (BBCC) Expo

Co-organizer: September 2018 – Present

- Coordinating key aspects of event such as planning for featured guest attendance, refreshment and ticketing logistics, and volunteer assignments
- Helping to enlist and organize sponsors and vendors in the Big Bend and wider Texas region for event
- Managing budget including balancing of donations, grants and event payments

Newsletter Editor – Association for Women in Psychology

March 2020 - Present

- Reviews submissions for newsletter whose purpose is to highlight achievements of women in the discipline of psychology, and to build inter-connections among members' varying expertise and experience
- Digitized the newsletter to be social media compliant in response to targeting a younger and broader audience

Division 1 – Society for General Psychology, American Psychological Association

Member at Large – The General Psychologist

August 2017 - Present

- Collaborating with membership chair to introduce new initiatives to welcome new members and support current members
- Assisting digital application committee to establish social media services for the division

Committee on Division / American Psychological Association Relations (CODAPAR) Grant Extension

Marketing and Recruitment Coordinator – Project Syllabus (International)

January 2017 – August 2018

- Created marketing materials and implementing strategies to solicit syllabi from educators of diverse specializations in psychology that permanently reside outside of the United States of America
- Disseminated certificates and letters of recognition to international educators whose syllabi were reviewed and accepted into Project Syllabus

Newsletter Editor – The General Psychologist

June 2014 – July 2017

- Reviewed submissions of prospective manuscripts to include in the newsletter entitled *The General Psychologist* whose purpose is to build accord among psychology's diverse areas
- Formulated a submission system and streamlined communication to improve feedback to members on articles
