Course Description:

First-Year Seminar is designed to help students develop strategies and skills necessary for a successful college career. All First-Year Seminars have the same five common goals. The student will be able to:

1. expand and deepen his/her understanding of the world and of self
2. enhance his/her ability to read and think critically
3. enhance his/her ability to communicate effectively, in writing, speech, and other appropriate forms
4. develop the fundamentals of information literacy and library research
5. work closely with a faculty mentor
