**Required Textbook:**

Title: Nutrition for Health, Fitness, and Sport **11<sup>th</sup> ed.**

Author: Williams

Publisher: McGraw-Hill Education

ISBN: 9781259321856

For this course you will be required to purchase McGraw-Hill Education Connect® access for Nutrition for Health, Fitness, and Sport 11<sup>th</sup> ed. by Melvin Williams, Eric Rawson, and David Branch

You are not required to have a print text in addition to Connect access, so please be aware that if you purchase a used textbook you will still need to purchase Connect access. You can purchase Connect access directly from the Connect website at net cost when registering for your course section below:

[https://connect.mheducation.com/class/c-herrera-kes-5312\\_fall-2020](https://connect.mheducation.com/class/c-herrera-kes-5312_fall-2020)

A print-upgrade option is available via Connect if you find yourself wanting a print companion at some point during the semester. This will be a full color binder-ready version of the text and can be mailed directly to you for an additional \$25.00 (including shipping and handling). Please note that Connect works best on Google Chrome or Firefox.

You will also need to access the SRSU Library to locate and download peer-review, scholarly articles. For assistance, [Ask the Library](#) or contact the [Graduate Student Center](#) for help.

**COURSE DESCRIPTION**

The content of this course will be focused on the metabolism of food by various tissues of the body and its relation to exercise. The role of diet in the development and treatment of some chronic diseases will be discussed along with the application of nutritional principles to enhance overall lifestyles. This course provides an integrated overview of the physiological requirements and functions of energy and the major vitamins and minerals that are determinants of health and diseases in human populations.

## **EXPECTATION OF STUDENTS**

Students are responsible for keeping up with the reading and are expected to read the assigned chapters and/or other posted readings prior to class in order to contribute to online discussion. Handouts distributed through Blackboard should be kept in a notebook in order to be referred to as necessary.

## **STUDENT LEARNING OUTCOMES**

- A. The student will understand the metabolism of foods and the role of nutrients in various tissues of the human body.
- B. The student will understand the changes in the metabolism of foods due to acute and chronic exercise, and the role of nutrition as an ergogenic aid for athletic performance.
- C. The student will be able to interpret food labels and grams/servings.
- D. The student will understand ACSM recommendations for energy nutrients.
- E. The student will understand the changes in body composition as a result of some dietary regimens.
- F. The student will understand the role of diet in the development and treatment of some chronic diseases.

## **PROGRAM LEARNING OUTCOMES & MARKETABLE SKILLS**

This course is aligned with the following program learning outcomes & marketable skills:

**HHP Content Knowledge:** Students in the HHP program will demonstrate content knowledge in exercise physiology, nutrition, sports law, tests and measurements, research methods, motor learning, group dynamics and health and human behavior necessary for successful performance in their field.

**Critical Thinking/Problem Solving:** Exercise sound reasoning to analyze issues, make decisions, and overcome problems. The individual is able to obtain, interpret, and use knowledge, facts, and data in this process, and may demonstrate originality and inventiveness.

The individual has public speaking skills; is able to express ideas to others; and can write/edit memos, letters, and complex technical reports clearly and effectively.

## **ACADEMIC DISHONESTY OR MISCONDUCT**

Sul Ross State University is committed to the highest standards of integrity and ethical conduct. Participating in behavior that violates academic integrity (plagiarism, etc.) will result in disciplinary action and may include: receiving a failing grade for the assignment, failing the course, and suspension and/or dismissal from the University.

## **DROP POLICY**

Students are responsible to register and withdrawal from courses themselves, either through Banner (LoboOnline) or by contacting the University Registrar by published deadlines. For information regarding enrollment/registration changes please review the website at:

<http://www.sulross.edu/page/967/schedule-changes-withdrawals>

## **LATE WORK POLICY**

All coursework must be submitted by the provided due dates in Blackboard or Connect. LearnSmart readings must be completed by the due date for credit – no late work will be accepted. Discussions/Responses/Assignments/ Quizzes/Final Projects carry a 5% deduction per day late; up to 30% maximum deduction. If you have not turned in an assignment within 7 days of the due date, you must email the professor for grading consideration.

## **ALL COURSE REQUIREMENTS DEADLINE**

Due to the time requirement for grading purposes, all course requirements must be submitted/completed by the 'Course Requirements Deadline' of Wednesday in Week 8 at 11:59pm to be counted for credit towards the final letter grade in this course. There will be no exceptions to this policy. Late deductions will apply as per above policy.

## **DISTANCE EDUCATION STATEMENT**

Students enrolled in distance education courses have equal access to the university's academic support services, such as Smarthinking, library resources, online databases, and instructional technology support. For more information about accessing these resources, visit the SRSU website. Students should correspond using Sul Ross email accounts and submit online assignments through Blackboard or designated platform, which requires secure login information to verify students' identities and to protect students' information. The procedures for filing a student complaint are included in the student handbook. Students enrolled in distance education courses at Sul Ross are expected to adhere to all policies pertaining to academic honesty and appropriate student conduct, as described in the student handbook. Students in web-based courses must maintain appropriate equipment and software, according to the needs and requirements of the course, as outlined on the SRSU website.

## **COURSE REQUIREMENTS**

### Connect LearnSmart

-150 points total; 11-12 points per chapter

LearnSmart is an interactive reading program provided through McGraw-Hill Connect. These modules will guide you through each individual chapter asking questions to assess your knowledge along the way. These assignments will cover information that will be on each of the chapter quizzes, as well as, information contained within your assignments.

### Connect Quizzes

-150 points total; 50 points per quiz

There will be three quizzes throughout the semester that will assess your knowledge of the corresponding LearnSmart assignments. Each quiz contains a mixture of information from the various chapters assigned. The quizzes will consist of multiple choice and true/false questions.

### Discussions – 200pts total

50 points each; 40 points for post / 10 points for ‘response’

There will be a set of discussion prompts associated with assignments in this course.

To create a thread, you click on the hyperlink to the discussion and then click on create new thread. Put a short title and the week number in the subject line (e.g. Maximum voluntary contraction in basketball players-Week 3). Please type your discussion answers directly in the message area, only attach assignments or research articles (if applicable).

### ‘Response’ → “Application”

Under each discussion post you must read and respond to **TWO** of your classmate’s original discussion post. Each response is worth up to 10 points. Responses are due 48hrs after the original discussion due date.

The response must be at least 100 words and more than “good job”, “I like what you said”, etc., it must be a substantial response that would be as if you were having a discussion on the topic in class.

Specifically, a substantial response would apply the content discussed in a new way – including but not limited to: adding to the discussion with further information you find (cite your source), describing application to sports, health or performance, as well as providing constructive criticism / a different viewpoint. Responses should be professional/academic responses and not chat room or informal language. To respond to another’s post, click on their post and then choose reply. Title the subject of your response with your “Last name” and “response to Authors Last Name Week 3 post” (eg. Herrera’s response to Henderson’s Week 3 post).

Assignments- 400 points total; 100 points per assignment

The assignments provide a real-world / practical application of the course content. There will be three assignments throughout the semester that will focus on specific topics covered in the text. Each assignment also has a corresponding discussion board. The basic format of the discussion is responding to a listed prompt in paragraph structure, citing sources when appropriate, using the APA format.

### Final Project

-100 points total

This Final Project will require in depth application of knowledge gained throughout the course in relation to the Student Learn Outcomes stated previously in the syllabus. For detailed instructions on this assignment refer to Week 8 in Blackboard. *Reminder: Be sure to look at this in Week 6 so you are prepared and can schedule the time needed to complete the project.*

### Blackboard Collaborate - HHP Virtual Classroom

No points provided

Blackboard Collaborate is a virtual classroom that will be used during this course. Attendance is not required but it will provide students with an opportunity to interact in real-time with other students in the program and HHP instructors. The date and time will be sent via Blackboard announcement and the topics in each session are not assigned but will be related to the coursework of that week. All session times are CST and noted in Blackboard using 'Virtual Classroom – Collaborate Ultra' link.

### Notes

- Although not necessary please try to email me prior to session if you would like to discuss a certain topic pertaining to an HHP class.
- No dress code for these session; just come prepared for professional conversation
- Contact SRSU Blackboard support should you need technical assistance. See syllabus for contact info.

### **PS!!!**

*Students can use this video conferencing tool to COLLABORATE and discuss course materials ANYTIME - it's here for you to use :)*
