### Attendance Policy

---

Students are expected to respect their classmates' and instructors' privacy and the work or comments they produce. All assignments you submit or tests you take must be your own work unless you have been requested that you work in groups. You may not submit work that is plagiarized or violates copyright laws. It is also your responsibility to respect copyright protection of licensed computer software. When you are taking a distance education course from a remote site, please remember that you are "guests" on the remote site campus. The facilities, equipment, staff, and materials at that site are neither the property nor employees of Sul Ross State University. Please treat the site respectfully and be responsible in caring for the site that we have been allowed to use.

Absence policies in effect for on-campus, traditional classroom instruction courses also apply to students enrolled in distance education courses, including Web-based and ITV courses. The University allows a maximum of 20% absences in a course before an instructor may drop a student for excessive absences with a grade of "F". In Web courses, this policy is interpreted as not participating for more than 3 weeks in a long semester or 1 week in a summer session. Any student dropped for non-participation will receive an "F" in the course dropped. Inactivity may include the following:

- Not logging on to the course
- Not submitting assignments
- Not participating in scheduled activities
- Not communicating with the instructor by phone or email, and/or
- Not following the instructor's participation guidelines stated in the syllabus

All students taking distance learning classes are responsible for checking their [Sul Ross email account](#) regularly for notices from the School and from their instructors. A student's Sul Ross email address is added to Blackboard when a student registers, so when instructors email students through Blackboard, the message is sent to the student's Sul Ross email account. Email accounts are automatically set up when a student registers. In order to use your SRSU email account, you will need to log in to the email system. The information you need in order to log in is a username and a password.

### Class Participation Policy

All assignments and examinations are to be completed online no later than the final due dates for each assignment. If you have questions regarding the reading material, assignments, quizzes, and exams e-mail me.

Our office is located on the first floor of Ferguson Hall (Suite 112), and our mailing address is P.O. Box C-122, Sul Ross State University, Alpine, Texas, 79832.

### **Late Assignment Submission Policy**

---

Students are supposed to finish their coursework on time and assignments must be submitted before the deadlines. In principle, I do not accept late work and do not believe in allowing students to turn in work after the due date. My position is that everyone knows the rules of engagement at the beginning of the term and that it is the student's responsibility to ensure that they plan accordingly to submit their assignments and take their exams in a timely manner.

If an assignment/exam is missed or late the students are expected to show an appropriate cause for this issue. Late assignments will not be accepted unless there is an excuse that is recognized by the university. Students are encouraged to frequently review the syllabus and remain aware of the deadlines for all assignments and exams.

### **Departmental BS Program Marketable Skills**

---

The Texas Higher Education Coordinating Board (THECB) sets statewide goals through the 60x30TX initiative. The THECB plan includes four major goals: 60x30: Educated Population, Completion, Marketable skills, and Student debt. The [60x30TX](#) plan was designed to tie together all four student-centered goals. 60x30, which measures the educated population in Texas, is the overarching goal at the center of the plan and calls for 60 percent of 25- to 34-year-olds in Texas to hold a credential or degree by 2030. The 60x30 goal is supported by the other three goals (completion, marketable skills, student debt) that will get Texas to 60 percent by 2030.

By 2030, all graduates from Texas public institutions of higher education will have completed programs with identified marketable skills. Students who can effectively market their skills to potential employers can secure employment that pays competitively. Marketable skills include interpersonal, cognitive, and applied skill areas, are valued by employers, and are primary or complementary to a major. Marketable skills are acquired by students through education, including curricular, co-curricular, and extracurricular activities. Marketable skills are often called "employability skills" in other countries, or "transferable skills" here in the states. They include both technical and soft skills. The marketable skills of Homeland Security and Criminal Justice BS Program are listed as follows:

1. Students Develop Verbal and Written Communication Skills.
2. Students Access Resources with Crime Data and Work with Numbers and Demonstrate Quantitative Skills.
3. Students Use Critical Thinking and Observation.
4. Students Use Teamwork and Work Collaboratively.
5. Students Develop Multicultural Understanding.
6. Students Analyze the Factors Contributing to Crime.
7. Students Know Legal Codes & Procedures and Safety.
