**Section VIII. Course Assignments**

- The student will take an ETS Proficiency Profile Test that will be administered online during the week of March 26. (required)

**Attendance Policy:**

You are free to work at your convenience as long as you meet the assignment deadlines. You are expected to login to the Bb site three times each week. The University policy for attendance in web-delivered courses states that nonparticipation (not logging in) for more than 3 weeks in a long session, or for 1 week during a summer session, or 3 days for a midwinter session, may result in the student being dropped from the course by the professor.

- Spend 10 hours preparing for your content exam with Certify Teacher in Study Mode and Flash Cards. You are to purchase the **Certify Teacher** software that aligns with your content area and/or grade level. You will use this

software in Block I to prepare for the TExES content exam. Your goal is to pass this first step toward your certification by the end of this semester. If the page with the TExES Certification Practice Tests does not open immediately, click on Products, then TExES Certification Practice Tests (if you don't see your content test, click "Click here to see all TExES Certification Practice Tests"). Scroll down until you find the test that aligns with your content area (Science 8-12; Generalist EC-6, etc.). When you find the right test for your area, click on the *online* version that costs \$88. The Certify Teacher software consists of three modes: Study, Flashcards, and Practice Test. As soon as you have your software, begin working immediately in Study Mode and Flash Cards only. If the software prompts you to take an initial exam, then do so. Once you take the initial exam, Certify Teacher will create a study plan for you. You will need to clock ten hours in Study Mode and Flash Cards during this course. The dates when I will check and give credit for each 2-hour practice time in Study Mode are on your Course Calendar. Credit will only be given if you have completed a full 2-hour time for each due date. Remember that frequent short sessions will be much more effective than long, irregular sessions. Consider setting a schedule for yourself and adhering to it rigorously. Do not use EXAM Mode at this time! You will not be given credit for any minutes you spend in exam mode. Using the practice exams as a study tool now will invalidate the results when you take the initial certify teacher exam at the end of block I. Remember, that you are given a diagnostic exam when you purchase the software.

- Spend **10 hours** preparing for your content exam with a **Study Notebook you have created**.
- **Participate in Bb class activities and upload your classwork to Blackboard each week.**
- **Use a student planner to organize responsibilities, manage time and meet course deadlines. Required.**
- Read, examine, reflect on, and evaluate a variety of resources.
- Demonstrate correct usage of English grammar, reading fluency, and written and oral language. Teachers must be able to communicate effectively in writing. Use this course to sharpen your writing skills.
- Demonstrate correct usage of American Psychological Association (APA) documentation. **(More information about APA will be discussed in a video).** Get help from the Tutoring Lab.
- There are **no incompletes** given in this course. See *grading* section.
- Email is the best way to contact me. Please contact me for help with course content issues, as my goal is to help you have a successful learning experience.
- Print your Pearson content study guide the first week of class and place in a binder. You will be working with the study guide throughout the course.

### **Required Content Study Notebook: Due: WK 15**

- **Content Study Notebook (100 pts)**  
You will need to create a content TExES Study Notebook for this course. I will not micro-manage the organization of this notebook. However, it must represent an additional 10 hours of study time for your content exam. These 10 hours are additional to the 10 hours on Certify Teacher. Log your start time on the top right of the first page each time you begin a study session. Log your end time on the top right of the last page each time you conclude a study session. Each hour is worth 10 points.

### **Field Experience Requirements PRIOR to Observations:**

#### **Educational Impact (5 Field Reports Due throughout term; view course calendar)**

Due to COVID-19, this fall 2020 you will not conduct the required 10 hours of field observation on a K-12 campus. No Exceptions. You will complete the field observation hours by purchasing the Educational Impact platform. This platform will give you access to un-narrated classroom footage. Below is the payment URL for you to sign up for access to the Educational Impact video library. More about required videos to observe is coming.

- [Educational Impact: Online Staff Development for Educators](#)

1. [Educational Impact: Online Staff Development for Educators](#)
2. Enter your name and email -- click submit.
3. Complete payment through paypal - \$60 3.
4. Receive an email from Educational Impact with your own personal ID and password

[www.ei-onlinecourses.com](http://www.ei-onlinecourses.com)

**Once you have paid, the Educational Impact team will create the user ID and reach out with a Getting Started email. You do not have to pay twice if you are also enrolled in ED 3302. Pay once and use the same account to observe in both courses. At that point students will be set to begin observations.**

You will still be required to complete a Field Log for each observation hour you complete. The instructor will initial the Field Log and the student will sign the log at the end of the term when all observation hours have been completed.

**Homework, participation, Coursework Share: (Ongoing).**

- Students are expected to participate on the Coursework Share link on Blackboard. Activities will be assigned weekly and assignments include answering guided questions, designing instruction, developing graphic

representations of text and vocabulary written reflections, reading response activities, and other appropriate assignments regarding the edTPA Lesson Plan Unit. Students will lead and/or participate in weekly assignments graded with the QEP Rubric.

**Field Experience Reports (APA Format): 5 @ 20 points each= 100 points**

**FYI:** Each checklist is equal to 2 hours of observation

(Therefore, **plan to observe in two-hour increments.**)

**5 Field Experience Reports = 10 hours of observation**

- Download the document from Blackboard under the “Course Documents” link to help guide your observations. Write your report using Times New Roman; 12-point Font; Single Space.
- The objective of the field experience activity is to provide you with opportunities for observing and reflecting on authentic situations in academic settings. The course goals, objectives, content, and your specific areas of interest will guide the focus for the field observations. The goal of the experience is to provide you with the essentials for becoming a reflective practitioner.
- During the observations, you will use the observation guidelines to help you focus your observations.
- You will also document student reactions to instructional techniques, classroom management strategies, your personal thoughts, and other generalities about the learning environment you are observing.
- The focus of the field experience is not about evaluating teachers. Rather, it is about student engagement and classrooms being “learner centered.” What effects do different aspects such as activating prior knowledge or beginning class promptly – have on learners? What effects do things like having set procedures for entering the classroom, getting the teacher’s attention, sharpening pencils, collecting papers, and dismissing at the end of the period have on the learners? What effects do such things as connecting the lesson to the students’ interests and beginning the lesson by stating its purpose or objective have on the learners? What effects do things like seating arrangements, posted rules, classroom ambience, number of students in a group, and time of day have on the learners? How do students respond to various situations that occur during the observation? How would you describe the learners? What surprised you? What inspired you? What was significant? What did you learn from the observation that you can take with you?
- Review the Observation Guidelines document prior to your virtual observations Utilize what you are learning in ED 3302 and ED 4314 to engage actively in observations and field experience Reports.
- Reflect on what you observed.
- Complete your Field Reports and submit to Blackboard.
- Use Times New Roman/12 pt. font.; 1-2 pages
- Organize your reports in two-hour increments. (Hours #1 & # 2, Hours #3 & #4, etc.)

**Due Dates: (All Field Reports Essays are due on Sunday by midnight).** Use the report headers to complete your Reports/Essays in APA Format. **More information will be provided in a video.**

- Field Report #1: WK 3 by Sunday
- Field Report #2: WK 4 by Sunday
- Field Report #3: WK 8 by Sunday
- Field Report #4: WK 9 by Sunday
- Field Report #5: /WK 12 by Sunday **Schedule accordingly and plan wisely.**

Please be advised that an audit is conducted based on your observations and Field Reports in ED 3302 and ED 4314. Remain punctual and professional.

**Field Experience Log: Due: Thursday, WK 13: April 18**

- **FYI:** Scan your Field Log and submit a copy in Blackboard.

- The Field Experience Log is a **TEA requirement** that will be filed in your permanent SRSU folder as proof of your classroom observations. **In order to receive a grade for this course, the Field Observation Log must be completed and turned in to Blackboard by WK 13. The log must include a description of observations and student signature.**

**Certify Teacher Study Mode: Ongoing...Plan Accordingly.**

**600 min. Due no later than May 2 by midnight.**

**You will take the CT Exam TBA (subject to change if necessary)**

- The objective of Certify Teacher is to help you prepare for the TExES Test in your content area. You will use this program in Block I and again in Block II if you do not pass the test at the end of Block I. During Block I, you are to work in Study Mode only. You must supplement with the Pearson Study Manual (required) and passthetexas.com workbook (optional). FYI: You must complete the assigned study plan before the CT system will let you take the Benchmark Exam at the end of the term.
- Consider setting and following a regular weekly practice schedule. Such a routine will build your content knowledge as well as boost your confidence for the eventual exam. If you do not log onto the site regularly, your program will be deactivated. Should this happen, you must contact the company in order to re-activate it. You will need to re-activate the program approximately once a month. You only pay for the program once and you may keep it as long as you need it until you pass the TExES Test.
- To start practicing with the program, follow these steps:

1. Open Certify Teacher and take an initial exam (this will give you data and a personalized study guide)
2. After your initial exam you always enter CT in "Study Mode."
3. Click "See Explanation" on the bottom right of the screen.

(As you answer the questions, the explanations for the answers will appear on your screen. Study the explanations. Knowing the "why" of the answer will help you remember it. )

- During the semester, you will be given points for study requirements. If you have not completed the requirement, you will not receive points. Points for partial completion of this assignment will not be given. Points will only be given for required time spent in Study Mode and Flash Cards as you must pass your content area exam.
- I will add your points in the grade book under Study Mode at the end of the semester. You will not need to submit anything to Blackboard for this assignment. I will check your times through the Certify Teacher Database.
- **You will take a CT exam the last class day. You must score a 260 or higher to be given test approval for your official content exam. You will have three opportunities to test on CT. If you exceed these opportunities, other remedial growth plans will be put in place to help you pass your content exam. You must pass your content exam before you can register for Block III (Student Teaching). No exceptions. If you are given test approval and you do not test between Sept. 1 and May 31, your approval will be removed. No test approvals are given June 1-August 31, unless you failed your first attempt.**

**edTPA Lesson Plan Unit of 3 to 5 days (you must integrate the ELPS): Due: April 11 WK 12**

- Let's give you some context about this assignment below. Read information below and get familiar with various resources you will need.
- You will need to read the edTPA handbook in your area of certification. You can locate your certification area handbook under the edTPA link in Bb. Go to "Handbooks by Discipline".
- The edTPA Lesson Plan template is located in Blackboard under the edTPA link. Go to "edTPA Lesson Plan Template".

- Throughout this course, we will discuss the importance of knowing whom our students are in order to provide effective instruction for them.
- You will write a 3-to-5-day lesson plan unit that delineates how you would teach and support students' content learning in your discipline.
- Use your content areas and language standards found in the TEKS. You may access the TEKS here [Texas Essential Knowledge and Skills | Texas Education Agency](#); select your subject according to the TEKS Chapter. Then select your grade level by subchapter. Then select a Knowledge and Skill Statement (K&S) represented by a number in parenthesis. The K&S represents what a student must "know".
- Under the K&S you will locate the Student Expectations (SEs). The SEs are represented by a Capital Letter in parenthesis. The SE represents what students must be able to do. The SE identifies the VERB(S), Content, and Context. You will learn more about this in the TEKS Breakdown module in Bb.
- Refer to the edTPA Academic Language document in Blackboard for your discipline. Another good resource to locate important "vocabulary" for your selected TEKS is Lead4ward.com. Go to the "Resources" tab, locate your grade, locate your subject under the "Academic Vocab" tab. Click on your subject to access the "Academic Vocabulary" provided by Lead4ward. Here is the link: [lead4ward – lead learning | change the world](#)
- Your unit lesson plan must take into account the students' needs and accommodations. Consider the variety of learners in public education who may require different supports and strategies including English Language Learners (ELLs), students with IEP or 504 plans, struggling readers, underperforming students, students with gaps in academic knowledge and gifted students.
- You will complete a 3-to-5-day Lesson Plan unit in your discipline.
- Again, this course is meant to help you learn how to integrate literacy (reading, writing, listening, speaking, researching) in your discipline. Therefore, your unit must also include an English Language Proficiency Standard (ELPS) along with the selected TEKS for the unit. You may access a PDF version of the ELPS here [ELPS.pdf \(utexas.edu\)](#).

Your lesson plan unit will be graded with the edTPA lesson plan rubrics #1, #2, #3, #4, #5.

- Rubric #1: Planning for Learning
- Rubric #2: Planning to Support Diverse Student Learning Needs
- Rubric #3: Using Knowledge of Students to Inform Teaching and Learning
- Rubric #4: Identifying and Supporting Language Demands
- Rubric #5: Planning Assessments to Monitor and Support Student Learning

In addition, my evaluation of your lessons will look for:

- Establishing and maintaining high expectations for learners.
- Using instructional strategies to facilitate learning and literacy.
- Providing content for learners.

In the following section, you will read about what you will do for each section of the edTPA Lesson Plan Template.

### **Guidelines to Writing the Lesson Plan Unit:**

Time management is critical to the successful completion of edTPA student learning outcomes. Begin planning for your edTPA Lesson Plan as soon as possible. Do not procrastinate. Work steadily and regularly. Saving time for revisions and edits will allow you to represent your best thinking in your final instructional video of 15 to 20 minutes.

The objective of this assignment is to give you an opportunity to develop a lesson plan unit. Use the edTPA Lesson Plan template found on the main menu in Blackboard. You will develop the lesson plan, step-by-step. This lesson plan requires you to teach and video record a segment of the unit. Teaching is expected of you daily in the real classroom. However, you will NOT teach this segment in a real classroom due to COVID. You will record a segment of your unit using a digital platform. More on this in Task 2. For now, return to the lesson plan.

On the edTPA lesson plan template: Please pay attention to due dates for each section of the Lesson Plan Template.

**Lesson Plan Unit: “Name, Grade/Subject, date, TEKS, Objective(s), Essential Question”**

• Due 29 January 2021 WK 3

- First fill in your full name, grade and subject, and the date.
- Next, copy and paste into the appropriate space on the lesson plan template the TEKS that you have chosen to teach.
- Now you are ready to develop your Lesson Objectives. Use the four-part formula listed below. Include the WHO? WHAT? HOW? And HOW MUCH? In your objective. Read about writing objectives below.
- You need to include an “Essential Question” that you want your students to know, when you have taught the lesson.

- In this section, please provide a description of the important understandings and core concepts that you want students to develop over the course of the learning unit that is 3 to 5 days. The central focus should go beyond a list of skills and facts. Refer to the “What Do I Need to Do?” in your content edTPA handbook. Read about how to “identify a central focus”. **Clearly show alignment with TEKS and the subject-specific competencies.** What is meant by subject-specific pedagogy? Each edTPA handbook is designed for a specific discipline/subject area and educational level. Each discipline requires teachers to understand content-specific pedagogy—effective methods of teaching for a specific discipline and developmental level of the students. Subject-specific pedagogy includes not just effective approaches to teaching your content, but effective approaches to teaching your students how to think in your subject area. Carefully review the instruction Task 2 Instructions in your handbook that address subject-specific pedagogy, along with the accompanying rubric, to determine the subject specific pedagogy you are expected to know in your discipline.

### Complete Lesson Plan Unit

- Due 11 April 2021 WK 12

#### TIPS: What to AVOID in the Lesson Plan.

- Instruction or assessment that focuses primarily on memorization or rote application of facts, skills, or procedures.
- NO WORKSHEETS
- Vague or incomplete planning procedures.
- Lack of alignment between standards, objectives, learning tasks, and/or assessments and the central focus.

If you need help learning how to write an objective, read the section below and also review the “Writing Lesson Objectives” module in Bb.

#### Writing Lesson Objectives:

Writing clear objectives and making students aware of the objectives has a greater influence on student achievement than most other strategies. The students should be given the objectives before the lesson begins. After the lesson, the teacher and students should review the objectives to see if they have been met. If the objectives have not been met, the lesson is not finished. The teacher and students will need to spend more time with the objectives until they have been met.

A clear objective tells exactly, **in a single sentence**, what a student must do to accomplish what is to be learned. Clear objectives help you, the teacher, keep focused on what is to be taught. Clear objectives help your students understand what is to be learned.

The formula given in Nath & Cohen for writing objectives is:

Objective = (1) The exact learner + (2) the observable or measurable behavior + (3) the circumstances or condition under which the behavior will be measured + (4) the assessment of the behavior.

(1) The exact learner tells who the student will be.

(For example, the 2<sup>nd</sup> period history students, the first grade class, the group reading *Night*.)

(2) The observable or measurable behavior tells exactly what the student will do with the TEKS you will teach.

(For example, recall, describe, conclude, classify, design, judge. This will always be a verb. The verb will determine the cognitive level. See Bloom’s Taxonomy.) Make (2) as general and as brief as possible. DO NOT include anything except information from the TEKS.

(3) The circumstances or condition under which the behavior will be measured tells the conditions in which the student will work.

(For example, working alone, working in a group, using a calculator, working in a lab, reading from a chart.)

(4) The assessment of the behavior tells how much is enough.

(For example, list 3 major events, write 5 interrogative sentences, achieve 90% accuracy on a quiz.)

#### Here are some examples of clear objectives:

- (1) The 3<sup>rd</sup> period 10<sup>th</sup> grade English students will (2) analyze how place and time influence theme (3) working in pairs (4) locating four examples.
- (1) The kindergarten students will (2) select the primary colors (3) from a box of crayons (4) with 100% accuracy.
- (1) The 1<sup>st</sup> period 7<sup>th</sup> grade history students will (2) compare the economies of two cities (3) using a Venn diagram (4) listing six similarities.

Before you begin planning a lesson, ask yourself, “What, exactly, do I want my students to learn?”

For example,

**§110.24. English Language Arts and Reading, Grade 8, Adopted 2017.**

(b) Knowledge and skills.

- The **knowledge and skills** are *content standards* represented by numbers, which outline the essential concepts and skills students must learn.

(7) **Multiple genres**: listening, speaking, reading, writing, and thinking using multiple texts--literary elements. The student recognizes and analyzes literary elements within and across increasingly complex traditional, contemporary, classical, and diverse literary texts. The student is expected to:

(A) **analyze** how themes are developed through the **interaction of characters and events**;

- **The Student Expectations (SEs)** represented by capital letters describe what students should be able to do to demonstrate proficiency in what is described within the knowledge and skills statement.

If you want your students to learn how themes are developed through the interaction of characters and events, your objective might look like this:

(1) The 8th grade English students will (2) analyze how the theme of a story is developed (3) by reading Title of a story (4) and identifying and analyze three examples of how the character(s) interact in certain situations to conclude the overall theme of the text.

For this assignment, use the Nath & Cohen four-part formula. **Number the four parts**. Remember that an objective is a behavior that is observable or measurable and reflects the TEKS you are teaching. Write your objective in the appropriate section of the Lesson Plan Model.

In summary, for this assignment:

1. Choose the TEKS from each content that you want to develop into a lesson. Include the complete number(s) and complete text that identifies the TEKS. Write your TEKS in the appropriate section of the Lesson Plan Model.
2. Use the Nath & Cohen four-part formula to write a lesson objective based on the TEKS you've chosen.

**Task 2: Instructional Video Presentation (Due 18 April 2021):** A content specific lesson plan that integrates literacy through the medium of digital presentation...

You will present one segment of your Lesson Plan Unit through any digital platform of your choice. Use a reading/writing strategy informed by the English Language Proficiency Standards (ELPS). The instructional video will be approximately 15 to 20 minutes. Plan accordingly. Engage and help your pretend students know how to integrate literacy in your

discipline. Do not exceed 20 minutes. Learning how to pace your lesson will be a skill that takes practice. If you want to know more about the theory behind digital mini lessons, you can find more information by researching the “Flipped Classroom Model” or Khan Academy to see how other educators use digital platforms to present lessons.

- Identify 1 segment from the 3 to 5-day unit you planned. You will choose one segment of that unit. Please be particular in the segment you choose. Read what you will do in Task 3 to guide your decision when selecting the segment of your unit to videorecord.
- Videorecord your teaching.
- The video should show how you actively will engage students while you model the essential literacy strategy and TEKS in your discipline.
- Check the video and quality of sound to ensure that you can be seen and heard on the video.
- The instructional video must be continuous with no interruption in the events.
- Submit Videorecording in Blackboard: TBA
- The Instructional Video Presentation will be graded with the QEP rubric.

**Task 3: Instructional Video Commentary: 25 pts.** (Aligned to your Lesson Plan and Video)

**Due: April 18 /WK 13**

The **Commentary** should be 4 to 6 Times New Roman typed, 11-point font. single-spaced pages, including the prompts listed below. Task 3 will be graded using the QEP Rubric and the edTPA rubrics: #6 through #10. Refer to your handbooks. In the edTPA handbook, these rubrics are under Task 2.

Rubric 6: Learning Environment.  
Rubric 7: Engaging Students in Learning  
Rubric 8: Deepening Student Learning  
Rubric 9: Subject-Specific Pedagogy  
Rubric 10: Analyzing Teaching Effectiveness

- Which lesson did you video record?
- **Promoting a Positive Learning Environment:** Reference scenes in the video recording where you provided a positive learning environment. Reference the scenes by the time-stamp in the video. Answer the following question. How do you demonstrate respect and provide opportunity for students with varied backgrounds and needs to engage in the lesson?
- **Engaging Students Learning:** Reference scenes from the video recording by the time-stamp in the video and answer the following three questions.
  - Explain how your instruction has potential to engage students in developing an essential literacy strategy and related skills in your discipline.
  - Describe how your instruction connects students’ prior academic knowledge with new learning.
  - Describe how your instruction connects students’ cultural and community assets with new learning. You are teaching in Texas. Think about where you want to teach and then apply the demographics of that demographic school district to answer this question.
- **Deepening Student Learning during Instruction:** Reference scenes in the video recording where you provide an opportunity to deepen student learning. Reference the scenes by the time-stamp in the video. Answer the following question. Explain how you modeled an essential literacy strategy in your discipline within the lesson.
- **Analyze Teaching:** Reference scenes in the video recording where you would make changes to your instruction. Reference the scenes by the time-stamp in the video. Answer the following questions. For the questions below consider the diversity of learners that you will one day teach. Who will require different strategies/supports?
  - What changes would you make to your instruction for the whole class to better support student learning of the central focus?

- What changes would you make to your instruction for students who are English Language Learners to better support student learning of the central focus?
- What changes would you make to your instruction for students who are struggling readers to better support student learning of the central focus?
- What changes would you make to your instruction for students who have learning gaps with academic knowledge to better support student learning of the central focus?
- What changes would you make to your instruction for students who are gifted students?
- Answer all five questions above.
- **Analyze Teaching Part 2:** Answer the following question.
  - Why do you think these changes would improve student learning?
  - Support your explanation with principles from research and theory. You may reference articles and your textbook. Use APA format.

Reflection Narrative goals:

- Becomes a collection of insights and citations that are reflective of your thinking as you move through the theoretical and practical frameworks of learning about reading and writing in the content areas.
- Show/demonstrate a reflection about your dispositions, knowledge, and practices.
- Clearly demonstrate that you have read each assignment thoughtfully and carefully.

When you use writing to reflect intentionally and systematically about the readings, you will:

- Make new connections;
- Articulate your beliefs about language, literacy, and learning;
- Make solid predictions and pose new questions;
- Theorize from descriptions of exemplary practice and
- Imagine practices that reflect current theory.

### **Final Exam: Certify Teacher Exam WK 16**

Learning is a life-long process and learners are constantly in the process of outgrowing themselves. You too will outgrow yourself as you engage in reading, writing, listening, speaking, and thinking this semester. Many of your thoughts, ideas, and reflections will be captured in your “Writing to Learn Journal and Reflective Narrative”, all of which will provide rich resources to help you see where you have “grown your knowing”. As a life-long learner, you will chronicle how you have grown as a reader, writer, speaker, listener, and thinker. You will address what you know about learners, the process for both reading and writing, and the significance of reading and writing across the curriculum. Your career will require you to reflect on your knowledge growth.

## **Section IX Policies**

**Attendance.** Students are expected to attend all classes and be on time. Students must notify the instructor in advance if unable to attend a class or immediately after missing a class. Students are to make themselves aware of the SRSU policies on Absences and Class Attendance posted in the SRSU Student Handbook. Make-up work is at the discretion of the instructor as it relates to “explained and excused” absences. The Absences/Class Attendance policy includes all absences excused or unexcused. In this course you are expected to attend all classes (as scheduled on campus or electronically on Blackboard), to be punctual, and to complete all assignments on time.

**Classroom Demeanor.** Cell phones must be turned off or on silent. Put them away unless we are using them! Refrain from text messaging in class. No texting in class! Snacks are acceptable. It is up to you to obtain missed notes, handouts, etc. from a peer.

**Academic Integrity.** All work submitted for a grade in this course must be **your original effort**.

The work cannot be copied from:

- Materials purchased or copied from a pre-made kit,
- A lesson plan, activities or worksheets downloaded from the Internet (in part or in whole),
- Another individual's work (to include but not be limited to a current or former student, current or former classroom teacher
- Your own work completed for another class
- Any other copyrighted materials.

If you use any of the materials listed above as a source (or inspiration) for your work, you must give credit to that individual using APA format on your assignments.

**Grading.** Rubrics are provided for many of the assignments completed in this course. While these can help guide you toward successfully completing each assignment, *it is not enough* to read the rubrics and ignore the assignment descriptions. Reading **both** the criteria listed in the rubrics and the details provided in the assignment descriptions (and bringing questions to class *prior* to the due dates) will best prepare you for successful completion of this course. Use the rubrics for your benefit – become accustomed to using them and they will guide you toward completing assignments that are more effective. Get familiar with the course rubrics listed below:

- QEP Rubric
- edTPA Rubrics #1, #2, #3, #4, #5, #6, #7, #8, #9, #10
- Your assignment descriptions provide you with identifying which rubrics to use to complete assignments.

**Written Assignments:** (Please do not overlook the 2<sup>nd</sup> bullet).

- All written assignments are expected to exhibit professional quality. You should demonstrate mastery of organizing, structuring, and editing in your writing. Grammar, spelling, and vocabulary errors will result in a reduction of your score. Letters and materials written by you as a professional and sent to parents/administrators must be virtually perfect. Begin that practice now! Review the QEP rubric.
- If you do not demonstrate/exhibit written professional quality with your assignments then you will be put on a required growth plan to continue in this course.
- There will be **no pre-grading of assignments**, as this gives some students an unfair advantage. All assignments will be graded and returned at the same time.
- All assignments are to be turned in on the due date. Since all assignments will require you to submit via Blackboard, you will have until midnight of the same day to submit. No assignments will be accepted after the due date.
- Technology problems are **NOT** acceptable reasons for an assignment to be late! Prepare your assignments enough in advance to accommodate untimely problems with your computer, Internet provider, printer, Blackboard, etc.
- No assignments or parts of assignments will be accepted via email. ALL assignments should be submitted through Blackboard.
- Please make a copy of everything you turn in to me. In the highly unlikely event that an assignment is lost or misplaced, the burden of proof rests with you.
- All assignments must be typed. No handwritten assignments will be accepted, unless noted (e.g., Content Study Notebook can be handwritten). **Times New Roman/ 12 pt. font/ 1-inch margins/ double spaced/APA format, unless otherwise noted. ALWAYS submit your assignments using the assignment guidelines.**

**Late Work.** It is anticipated that all of your work will be turned in on time; please review the syllabus for assignment due dates and scheduled time slots for quizzes, exams, and presentations. If an emergency arises, please contact me to make arrangements. Otherwise:

\* **Meet due dates for all assignments.** Most assignments are due on Blackboard by midnight.
