Course Description:

This is a foundation course in three-dimensional design. We will explore problems that help develop understanding of and sensitivity to the use of three-dimensional design fundamentals. Additionally, we will focus on the analysis of concepts as a basis for sculpture, ceramics, architecture, and industrial design. This course will expand upon the principals studied in Basic Design I and apply them to creating three-dimensional visual statements. The intent of Design II is to explore the thought processes and sensibilities to working three-dimensionally through a series of assigned problems during the semester. Students are encouraged to explore their individual self-expression to its fullest within the context of each assignment and to develop competency in the execution of basic constructional and conceptual elements. A technical working vocabulary will be developed during the semester. All techniques that are required in assigned creative and technical problems will be demonstrated and discussed in class. The class will also incorporate color theory and the techniques used in completing a “finished” work of art.

Student Learning Outcomes:

1. Students will be able to expressively communicate an original idea or concept visually through an original artwork.
2. Students will demonstrate proficiency in writing within the art discipline.
3. Students will demonstrate knowledge of professional practices pertaining to their area of specialization.

Marketable Skills:

1. Creating ideas with independence of thought.
 - a. Students will learn to produce work in a timely manner.

- b. Use of original concepts and non-clichéd ideas.
 - c. Demonstrate the ability to create and curate a cohesive professional exhibition of well-crafted and thematic work with a defined technique or personal style.
 - d. Ability to produce professional documentation including advertising (posters & postcards), artist statement, press release, resume, digital records.
 - e. Faculty will integrate the information into lectures, workshops, etc.
2. Communicating professionally through written and spoken presentation.
 - a. Students will demonstrate the ability to create a cohesive capstone with a defined technique or personal style.
 - b. Ability to produce a professional portfolio that meets current industry standards.
 - c. Faculty will integrate the information into lectures, workshops, etc.
 3. Solving problems through critical thinking.
 - a. Students will learn to produce work in a timely manner.
 - b. Use of original concepts and non-clichéd ideas.
 - c. Demonstrate the ability to create and curate a cohesive professional exhibition of well-crafted and thematic work with a defined technique or personal style.
 - d. Ability to produce professional documentation including advertising (posters & postcards), artist statement, press release, resume, digital records.
 - e. Faculty will integrate the information into lectures, workshops, etc.

Course objectives:

1. Students will learn the basic fundamental elements and principles of design.
2. Students will be given a working vocabulary for the language of design.
3. Students will be exposed to the traditional as well as contemporary concepts of design.
4. Students will be given the opportunity to practice problem solving techniques utilizing design ideas and concepts to create three dimensional visual forms.
5. Students will develop problem solving skills through the practice of artistic processes and procedure including concept development, planning/sketching, exploration of materials, and construction.
6. Students will learn the concepts of color theory in developing and finishing each project.
7. Students will critically discuss (critique) their own artwork as well as the artwork of others.
8. Students will achieve the above listed goals and objectives through good craftsmanship and working habits.

Evaluation:

You will be graded on participation, which includes work related in the upkeep of the studio and in class discussions. Details and demos on each assignment will be presented when assigned.

Participation 15%

Sketchbook 15%

Projects 70%

Design II is a performance based studio art class. In addition to attendance, participation, and sketchbooks, the projects make up the majority of the finale grade. Each project will be based upon the visible attainment of skills and knowledge as presented in completed works during critiques. Critiques will be held at designated times throughout the semester. Criteria for the evaluation and the critique of completed work shall include craftsmanship, creativity, concept, quality and completeness. Craftsmanship issues will include aesthetics, attention to detail, technical ability and integrity of design. Each project will be graded on a scale of 0 to 100 after it is completed, critiqued and presented to the professor by the student. The last days of class will be cleaning days for which you will receive participation grades. In addition to studio maintenance and cleanliness, students will also be evaluated on their attitudes and their ability to respect and work well with others while maintaining a safe work environment in the studio.

ASIDE: There will be opportunities to earn extra credit by attending art events.

RULES AND EXPECTATIONS:

- ^ Students will be expected to have a sketch/notebook every day in class with a writing implement. The sketch/notebook will hold all class handouts student's notes and sketches. Students arriving without a notebook may be recorded as absent. We will not wait as students go to get sketch/notebook or pencils. Taking careful notes during demonstrations and using them will greatly improve a student's success. Sketching is also a good practice for a student to implement into their making process.
- ^ Students will be required to have at least five detailed sketches of each project. These can and should evolve through the making process. (They will not and should not look like your finished piece.)
- ^ Completion of all projects assigned.
- ^ There will be a critique given after each project- attendance is mandatory. Failure to attend class on critique days is excusable only in cases of dire emergency i.e., severe illness or a death in the family. Students missing a critique should expect their grade to be lowered a full grade.
- ^ Studio Safety and Hygiene: we will read, sign, and hand in the student agreement. Safety is of the utmost importance in this class. I reserve the right to send any student out of class if seen engaging in unsafe practices. The student will receive an unexcused absence for that day. SAFETY
- ^ All students will practice safety at all times. Students will be required to have safety glasses and hearing protection on your person at all times. Anyone in noncompliance will be asked to leave the studio and return with proper safety gear. No open toed shoes or shorts will be allowed. Long sleeve shirts will be required in certain circumstances. Please have safety gear at the ready. Be prepared for safety gear pop quizzes.
- ^ All students are required to clean up their work areas before leaving the studio and do

other studio cleaning as necessary. At the beginning of the semester all students must be checked off before leaving class.

- ^ No tools shall be removed from the Sculpture annex under any circumstances or for any reason. Any removal of tools will be viewed as theft and the student will be dropped from the class with no questions asked. Students will be required to clean up after themselves and will be held responsible for the care of tools and facilities. This responsibility will include the following: making sure work areas is clean when finished, making sure tools are clean have been returned to their proper locations before leaving the studio and reporting any damage of tools or facilities to professor. Students will have access to the studio from 8:30 a.m. till 12:00 midnight. Student names will appear on an access list located at U.P.D. The last one out will turn off the lights and the doors are shut and locked. For safety reasons please do not bring children or pets to the studio.
- ^ This class will involve work in the studio **outside** of class time.
- ^ The building will be open nights and weekends. Check on the front door or with me for more details.
- ^ All work, tools and other belongings, must be removed from the studio the last day of finals week by noon. (In the summer session by the end of the day of finals). The studio will be cleaned and remaining personal belongings and work may be thrown out.
- ^ Students are welcome to bring sodas and snacks to class but students will be required to clean up after themselves. Students will be held responsible for picking up after themselves, please don't leave cups, bottles and wrappers laying around...If students cannot handle the responsibility of cleaning the privileges will be revoked.
- ^

Attendance:

COVID...

You should not and cannot come to class if you feel your are showing signs of the corona virus!

- If you feel sick at all contact me via text before class.
- I ask that you let me know via email and text as soon as start feeling sick.
- I hope that this is not right before class.
- Absences will be granted on a case by case basis. We are all in this together... we have to prevent the spread of this.
- I trust that none of you will take advantage of this.
- I will definitely work with everyone on this.

- ^ Nine absences result in you being dropped from the course with a grade of "F" as per university policy... Upon the 4th unexcused absence you will be dropped one letter grade. Upon the 6th unexcused absence you will be dropped another letter grade. And upon the 8th unexcused absence you will be dropped yet another letter grade. Plain and simple... Attendance is crucial to your survival in this course.

- ^ If you must miss a class for a school-related activity, the absence must be discussed (and arrangements made regarding coursework) prior to the absence. If you must miss a class for an emergency or illness, please contact me by email or phone as soon as possible and provide documentation (such as a doctor's note). Late work will not be accepted, unless you have contacted me about extenuating circumstances before the due date. Extenuating circumstances will be considered on a case-by-case basis.

Arriving to class on time is essential. Being late three times will count as an unexcused absence.

- ^ **Students are expected to attend the entire class time unless they have made prior arrangements with me in advance. Students who leave early or get up and leave class for any other reason without notifying me will be counted as absent for that day.**
- ^ There will be no "make-up" work allowed unless your name appears on the explained absence list. It will be the student's responsibility to contact the professor and make the necessary arrangements.

Cheating:

- ^ Plagiarizing, cheating, or any other dishonest behavior in the classroom will not be tolerated. Rules and regulations regarding plagiarism, dishonesty, and other issues concerning classroom participation can be found in University Rules and Regulations and Student Handbook. A student found to be engaging in these activities will be penalized to the full extent of university policy.
- ^ My recommendation about cheating, is **DON'T** do it. It is not worth it! In my opinion, academic honesty is of the utmost importance. My personal policy is to give you a failing grade in the course if you are caught cheating on an examination or plagiarizing in a paper. My advice to you is to do the best you can on your own. When in doubt about how to reference information from outside sources, please ask my advice. I am more than happy to help you.

Phones and such:

- ^ **Interruptions due to electronic devices will not be tolerated...this includes text messaging! Turn phones OFF! The only exceptions will be emergency personnel and official university business.**
- ^ **Earbuds are not allowed during class time for safety reasons.**
