Final Exam/Critique: Monday December 6th @ 3:00pm. All students must attend. No exceptions.

Course description: Ceramics students are expected to develop their own personal agenda in the medium. Maintaining a high level of production in their agenda is crucial to furthering ones career. This class will prepare students for self-directed advanced studio work beyond undergraduate classes in a personal studio career, a residency, or their continued education in ceramics.

Student Learning Outcomes:

1. Students will be able to expressively communicate an original idea or concept visually through an original artwork.
2. Students will demonstrate proficiency in writing within the art discipline.
3. Students will demonstrate knowledge of professional practices pertaining to their area of specialization.

Marketable Skills:

1. Creating ideas with independence of thought.
 - a. Students will learn to produce work in a timely manner.
 - b. Use of original concepts and non-clichéd ideas.
 - c. Demonstrate the ability to create and curate a cohesive professional exhibition of well-crafted and thematic work with a defined technique or personal style.
 - d. Ability to produce professional documentation including advertising (posters & postcards), artist statement, press release, resume, digital records.
 - e. Faculty will integrate the information into lectures, workshops, etc.
2. Communicating professionally through written and spoken presentation.
 - a. Students will demonstrate the ability to create a cohesive capstone with a defined technique or personal style.
 - b. Ability to produce a professional portfolio that meets current industry standards.
 - c. Faculty will integrate the information into lectures, workshops, etc.

3. Solving problems through critical thinking.
 - a. Students will learn to produce work in a timely manner.
 - b. Use of original concepts and non-clichéd ideas.
 - c. Demonstrate the ability to create and curate a cohesive professional exhibition of well-crafted and thematic work with a defined technique or personal style.
 - d. Ability to produce professional documentation including advertising (posters & postcards), artist statement, press release, resume, digital records.

Course objectives:

1. To become more competent in throwing and/or handbuilding techniques and concepts.
2. Greater exposure to the multitude of techniques, materials and processes available to “Clayers” (Ceramists.)
3. To increase surface application skills and develop a palette of glazes and/or slips.
4. To increase competency in loading and firing kilns.
5. To become more aware of historical and contemporary ceramic art.
6. To develop a personal agenda and body of work.
7. Student will gain a broader understanding of the scope of the medium and participate in discussion of philosophical issues surrounding the field.
8. Student will learn communication and teamwork skills in the studio environment.

Evaluation:

You will be graded on participation (which includes work related in the upkeep of the studio and in class discussions), a contract (purposed by student and agreed upon by professor,) a research paper on a contemporary subject in the field of ceramics, a midterm critique (including greenware and glazed work) and the final critique (all finished **GLAZED** work).

Participation:	10%
G'ware Critiques:	30%
Midterm Critique:	25%
Artist Statement/PPT:	10%
Final Critique:	25%

Participation:

- I expect all students to participate in discussions, and if you rarely or never offer thoughtful comments or questions, you will only get half credit for your participation grade. If you aren't comfortable speaking in front of the class, please come talk to me.
- I also expect you to work well with others and to help each other out while maintaining the studio. This will be the other half of your participation grade.

Power Point Presentation:

- Presentation on your work, a contemporary ceramic artist, or process...
- Time minimum 10 minutes, maximum 20 minutes.
- Includes images of work.
- Presented to the Ceramics I class. Must make arrangements with professor in regards to date. An outline will also be turned in with an annotated bibliography

Artist Statement:

- Info will be handed out on proper formatting and discussions in class will be handed out.

RULES AND EXPECTATIONS:

- Students will be expected to have a sketch/notebook every day in class with a writing implement. The sketch/notebook will hold all class handouts student's notes and sketches. Students arriving without a notebook may be recorded as absent. We will not wait as students go to get sketch/notebook or pencils. Taking careful notes during demonstrations and using them will greatly improve a student's success. Sketching is also a good practice for a student to implement into their making process.
- Completion of contract
- There will be a critique given at the mid-point of the semester. Failure to attend class on critique day is excusable only in cases of dire emergency i.e., severe illness or a death in the family. Students missing the midterm critique or final critique should expect their grade to be lowered a full grade.
- **All work must be marked with a student's initials or stamp.**
- Participation in preparation of clay and glazes for class use; students will be assigned a mixing partner or partners and will mix clay or glazes as necessary at least once during the semester. Do not waste work; avoid putting usable clay in slop barrels.
- Participation in loading and unloading of class kilns
- All project work and outside work to be graded must be available for review at the end of the semester. Due to space limitations fired finished work may not be stored in the ceramics studios. If work will not fit in lockers, students must make other arrangements for safe storage- i.e., take work home, etc. Again, all work must be available for review at semester's end.
- Studio Safety and Hygiene: we will read, sign, and hand in the student agreement, attached. All students are required to clean up their work areas before leaving the studio and do other studio cleaning as necessary. At the beginning of the semester all students must be checked off before leaving class.
- All work, tools and other belongings, must be removed from the studio the last day of finals week by noon. (In the summer session by the end of the day of finals). The studio will be cleaned and remaining personal belongings and clay work may be thrown out.
- **BREAKAGE, LOSS, FIRING ACCIDENTS:** Ceramics is fragile; firing is difficult and full of unknowns, especially in a group situation. It is inevitable that some pieces will be lost, broken, or misfired. While losses are regrettable they will happen. The faculty and Sul Ross State University cannot be held liable for such accidents. Students should handle work carefully and as little as possible. All work must be marked with a student's initials or stamp.
- You may use the Ceramics Lab any time when the studio is open except during class time for the other sections of Ceramics or during floor cleaning. We will try to work on the buddy system... if some is using the studio you are welcome to be in there...the last person out shuts all doors and turns out lights. If the studio is locked you are out of luck. **You may not use any power tools (except glaze mixer drill) while unsupervised by your professor. You may not load, unload or fire a kiln with out professor's approval.**
- This class will involve work in the studio outside of class time.
- The building will be open nights and weekends. Check on the front door or with

me for more details.

- **CALENDAR:** Ceramics is a time sensitive medium. Allowing projects to dry slow and even makes work less prone to cracking and easier to manipulate. Consequently work completed late in the semester will have a greater chance of cracking in the drying process. It is often possible to finish a piece in a small fraction of the time it would take to do it in one week if you spread the work out.
- Occasionally there is too much work to fire in the last week. If the work was glazed before the last day to glaze and it was on the racks to be fired before the last day for them to be placed there it will be graded as if it was glaze fired. Work still needing firing may be brought back into ceramics at the beginning of the next long semester for firing. It may not be left in the studio between semesters. Work left in the studio between semesters will be thrown away.
- Plagiarizing, cheating, or any other dishonest behavior in the classroom will not be tolerated. Rules and regulations regarding plagiarism, dishonesty, and other issues concerning classroom participation can be found in University Rules and Regulations and Student Handbook. A student found to be engaging in these activities will be penalized to the full extent of university policy.
- **Interruptions due to electronic devices will not be tolerated...this includes text messaging! Turn phones OFF! The only exceptions will be emergency personnel and official university business.**
- **Earbuds are not allowed during class time for safety reasons.**

Attendance:

COVID...

You should not and cannot come to class if you feel you are showing signs of the corona virus!

- If you feel sick at all contact me via text before class.
- I ask that you let me know via email and text as soon as start feeling sick.
- I hope that this is not right before class.
- Absences will be granted on a case by case basis. We are all in this together... we have to prevent the spread of this.
- I trust that none of you will take advantage of this.
- I will definitely work with everyone on this.

As per school policy this is how unexcused absences work.

- Nine absences result in you being dropped from the course with a grade of "F" as per university policy. Upon the 4th unexcused absence you will be dropped one letter grade. Upon the 6th unexcused absence you will be dropped another letter grade. And upon the 8th unexcused absence you will be dropped yet another letter grade. Plain and simple... attendance is crucial to your survival in this course.
- If you must miss a class for a school-related activity, the absence must be discussed (and arrangements made regarding coursework) prior to the absence. If you must miss a class for an emergency or illness, please contact me by email or phone as soon as possible and provide documentation (such as a doctor's note). Late work will not be accepted, unless you have contacted me about extenuating circumstances before the due date. Extenuating circumstances will be considered on a case-by-case basis.
- **Arriving to class on time is essential. Being late three times will count as an unexcused absence.**

- **Students are expected to attend the entire class time unless they have made prior arrangements with me in advance. Students who leave early or get up and leave class for any other reason without notifying me will be counted as absent for that day.**
- There will be no “make-up” work allowed unless your name appears on the explained absence list. It will be the student’s responsibility to contact the professor and make the necessary arrangements.

SRSU Disability Services:

SRSU Disability Services. Sul Ross State University (SRSU) is committed to equal access in compliance with Americans with Disabilities Act of 1973. It is SRSU policy to provide reasonable accommodations to students with documented disabilities. It is the student’s responsibility to initiate a request each semester for each class. Alpine students seeking accessibility/accommodations services must contact Rebecca Greathouse Wren, LPC-S, SRSU’s Accessibility Services Coordinator at 432-837-8203 (please leave a message and we’ll get back to you as soon as we can during working hours), or email rebecca.wren@sulross.edu. Our office is located on the first floor of Ferguson Hall (Suite 112), and our mailing address is P.O. Box C-122, Sul Ross State University, Alpine, Texas, 79832.

Tools: Mark all tools with a permanent marker.

- This list is intended only as a guide- you may find you need or want other tools.
- Potters tool kit.
- Serrated rib
- 1 gallon bucket (minimum.) The bucket should be big enough to really clean your hands but not so big that it is too tall to get your hands inside of.
- Thin plastic drop cloths (.03 mm) for covering work.
- Rubber gloves available for glazing.
- Work clothes: You might want to keep a change of clothes that you can get very dirty in your locker, also closed top, sensible shoes. You cannot mix clay or use
- Hair control devices: long hair must be tied back when using potter's wheel, mixing clay, using the grinder, or firing kilns.

LAB FEES

There is a \$125.00 lab fee for Graduate Ceramics. This fee will cover clay, glaze materials and firings of work done for class only. All lab fees must be paid into the Art Stores Account at the Cashier’s office in BAB and a receipt provided to the professor no later than Friday, September 3, 2021. **Do Not Pay At Lobo Den!**

Please note that this syllabus is subject to change.

SAFETY RULES AND STUDENT AGREEMENT.

The studio telephone may be used to call campus emergency. The number **8011**. The off campus emergency number **911** may also be used.

- ___ Read sign, date, and hand in one copy, keep top copy for your information.
- ___ Students will not glaze the interior of any object that can hold liquids with glazes marked "NEVER a liner".
- ___ Clay dust is hazardous. No brooms or brushes may be used to clean. Wet clean only. Do not trim bone-dry pots.
- ___ No chemicals, clays or glazes may be brought into the ceramics studio without the instructor's permission.
- ___ No kilns may be fired without the instructor's permission.
- ___ Students may not use dry glaze chemicals without the instructor's permission. Permission to use materials in containers without a black band must be obtained each time the material is used.
- ___ **Beginning students may use supplied dust masks for mixing dry clay and glaze materials. Graduate, Advanced and Intermediate Students are required to own and wear HEPA® quality respirators when handling any dry materials.** If you have a heart or respiratory condition, consult your doctor before using a respirator or dust mask.
- ___ No food in the ceramics studio. When using glaze materials students should wear gloves and wash their hands after using them. Clothes with glaze materials on them should be changed after class.
- ___ Safety goggles or face shield must be worn when using the grinder, looking in a kiln spy hole, or cleaning kiln shelves.
- ___ Long hair must be tied back and/or covered securely when using the clay mixer, grinder, or when firing kilns.
- ___ Clothing made from synthetic materials may not be worn when firing kilns.
- ___ Closed toe, low-heeled shoes... "sensible shoes", are required to be in the studio. Loose clothing, loose skirts and hanging jewelry are not safe when mixing clay.
- ___ Students are forbidden to put hands, tools, or any parts of their bodies inside the clay mixer when it is running.
- ___ No storage of personal belongings in the ceramics studio. Personal items in classroom may be kept only on shelves assigned to each student. It is recommended that students keep tools locked up. The instructor and the University are not responsible for lost or stolen items.
- ___ Gregory's studio should not be entered without permission.
- ___ Students will remove all of their work from the studio by the end of the last day of final exams. No materials will be left in the Ceramics studio between semesters. Any work or belongings left in the studio after 3:00 PM the last day of finals will be thrown away.
- ___ Children and visitors are never allowed on the potters wheels or in the glaze area. Visiting children must be closely supervised. No visitors may use the equipment or materials without special permission of the instructor.
- ___ No smoking in the kiln yard, sculpture scrap yard, or anywhere on campus except in personal vehicles.
- ___ No drugs or alcohol allowed in the studio or on one's person at any time. If the professor smells or believes that a student is intoxicated in any form the professor reserves the right to send the student home regardless of work completed.
- ___ The instructor reserves the right to bar any student from use of any or all ceramic tools and materials mentioned if the student is seen using them in an unsafe manner, even if this prevents the student from meeting course requirements and results in a failing grade. Appeals are addressed by the Dean of Students, and the University Safety Officer.
- ___ I have read and understand all policies listed here, and agree to conduct myself accordingly.
