Course Description

A critical study of literature from countries outside the United States. This is a senior level course and will require a lot of reading. Not having the texts is not an excuse, please be prepared.

Course Outcomes

After taking it, students should be able to:

1. recognize styles of each author
2. discuss major ideas and works
3. respond to literature actively and constructively: decide what you think
4. understand how literary devices help set the tone of a piece and convey emotional meaning
5. understand how background affects form.

Student Learning Outcomes

1. Student Learning Outcome #1 – Students will be able to construct documents that demonstrate coherence, development, organization, and appropriate/effective grammar, usage, and mechanics.
2. Student Learning Outcome #2 – Students will be able to analyze and interpret literary works by applying principles of critical thinking, literary criticism, or theoretical engagement.
3. Student Learning Outcome #3 – Students will be able to produce researched documents that demonstrate the ability to locate a variety of credible sources, employ them effectively through quotations and paraphrases, integrate them smoothly into the writer's own prose, and document them correctly using the style appropriate to the document.

Quizzes

These will check reading comprehension with simple questions about the assigned reading. They will be given randomly, in writing or orally, during class time.

Weekly Question due Tuesday

Post question to appropriate Question link in Blackboard and print out copy for class (or have it ready on your phone/tablet/etc.). Bring your question Tuesday and be prepared to present your question then.

Each week you will bring one discussion question for class. These discussion questions will need to be more than a yes or no, or basic plot points, but instead should spark in-class discussions. Discussion questions should be accompanied by a relevant quote from the text. You do not need to answer the question, that is for your classmates to do.

Paper/Project

To be developed with students. May contain a creative component, must contain a written component.

Exams

Both the midterm and final exam will consist of short answer questions and essay questions. They will be in-class exams.

Attendance, etc. policy

I use a token system. You begin the course with three tokens. You may exchange a token for:

- early departure or late arrival from and to class (10+ minutes)
- an absence
- an extra 48 hours to complete a major assignment (except the final exam)
- one pass on a discussion question.

It is up to you how you use your tokens. If you use all your tokens you will be penalized for any further early departures/late arrivals/absences/late assignments/missed questions. If you have all three tokens left at the end of the course, and an A average (**including an A** in class participation), you may skip the final exam. If you have all three tokens but less than an A average, you will receive an extra five points on the final exam.

Late Papers/Assignments

To pass the class you must successfully complete and turn in to me each assignment by the due date. If you fail to turn in even one assignment, you may earn an F for the course.

Grade Changes

Please discuss your grades with me during the semester. There is no extra credit available once the class has finished, but to make up points you may re-do assignments within two weeks of their return. This does not apply to the final exam. Once the semester is over and I have entered grades into the system, however, I will not consider grade changes except where I have made a number miscalculation.
