Course Requirements and Grading:

1. Regular and punctual attendance.
- 2 Classroom courtesy-no cellphones or texting in class.
- 3 Five exams of which exam # 5 is a mandatory final. Each exam will count as 100 points.
- 4 A notebook of notes taken during the class which is mandatory and will count for 100 points. The notebook must be a copy of your notes with comments that you are required to make on the notes, what is the historical significance and importance of the subject matter. You will need to turn in an electronic copy of the notes you have taken for this course and is due on the day of the final, Turn it in alongside your final
- 5 I will then add the total potential of 600 points (five exams) and divide by 5. 90-100=A; 80-89=B; 70-79=C; 60-69=D; 0-59=F.

Classroom Courtesy and Civility

This is a distance-education-based course and there are over seventy students in the class. Please be respectful of other students and keep your microphone muted but if you have a question, do not hesitate to ask, just unmute your microphone and ask me and I can address your question to the class.

Student Learning Objectives

The graduating student in history will be able to:

1. The student will be able to develop an informed, critical, and articulate approach to the study of history.

Course Objectives

At the end of this course the student should be able to identify the major historical currents and forces that have shaped the history of the 1st half of the United States., including:

1. The geographical features of the North American continent and how these features shaped the historical experience of the nation.
2. The economic, political, demographic, technological, religious, and cultural forces that encouraged European expansion in the 15th and 16th centuries and the major figures and events of the Age of Exploration.
3. The growth of colonial societies and cultures and the interactions of European, Native American, and African cultures in the formation of colonial history.
4. The economic, ideological, and political origins of colonial grievances against the British Empire and how these grievances convinced the colonists of the necessity of seeking Independence from England.
5. The military origins of the Republic.
6. The political and regional problems facing the New Republic and how the founding fathers of the United States forged a new Republic and Constitution.
7. The ideas underlying the Republic.

8. The technological and economic transformation that reshaped the American Republic in the age of the manufacturing and marketing revolutions, 1790-1850.
9. The transformations that reshaped the American political landscape during the Jacksonian era, 1828-1848.
10. The demographic, military, and ideological forces that pushed westward expansion in the age of Manifest Destiny, the American confrontation with Mexico over the secession of Texas, and the annexation of the American Southwest.
11. The growing sectional differences between the Antebellum South and the manufacturing North and how these growing differences laid the basis for the causes of the American Civil War.
12. Why did the North win the Civil War and why did the South lose?
13. The political and social history between the Reconstruction Era 1865-1877.
