**Final Exam/Critique: Monday, May 8th @ 3:00pm.**

**All students must attend. No exceptions.**

**Course Description:**

This introductory printmaking class will involve experimenting and developing a unique form of creating series of original imagery. We will be creating prints by using various materials such as linoleum and MDF boards. As of now, relief printmaking is the most accessible form of printmaking that can be worked on in and outside of class. (If time permits we will introduce different technique of printmaking)

Through the production of six fine art print editions students will obtain a basic knowledge of the print processes and issues through the creation of a body of original work. Development of an individual direction and creative expression in printmaking. Gain an understanding of the relationship between process, form, and content in printmaking. Class time opens with discussion of current projects and set up for instruction, with some time devoted to discussion of art issues, their relation to class subject matter, etc.

**All the methods in this course are non-toxic, and can be done by hand when a press is not available and are easily taught as children's projects.**

We will be studying and including the basics of color, composition, registration and traditional processes that are important to relief and monoprint techniques.

The matrix in relief printing is classically created by starting with a flat original surface, and then removing (e.g., by carving) away areas intended to print white. The remaining areas of the original surface receive the ink.

The relief family of techniques includes woodcut , metal cut , wood engraving , relief etching , linocut , and sometimes, collagraph.

**Objectives:**

Students will be introduced to concepts and techniques of traditional and contemporary approaches to relief and monotype printmaking, plus the safe and appropriate uses of all materials, chemicals, tools, and equipment in the studio. **Students can expect:** to exercise and develop creativity; to gain control over the print medium; to gain an awareness of printmaking as a Fine Art medium.

**Student Learning Outcomes:**

1. Students will be able to expressively communicate an original idea or concept visually through an original artwork.
2. Students will demonstrate proficiency in writing within the art discipline.
3. Students will demonstrate knowledge of professional practices pertaining to their area of specialization.

**Marketable Skills:**

1. Creating ideas with independence of thought.
  - a. Students will learn to produce work in a timely manner.
  - b. Use of original concepts and non-clichéd ideas.
  - c. Demonstrate the ability to create and curate a cohesive professional exhibition of well-crafted and thematic work with a defined technique or personal style.
- d. Ability to produce professional documentation including advertising (posters & postcards), artist statement, press release, resume, digital records.
- e. Faculty will integrate the information into lectures, workshops, etc.
2. Communicating professionally through written and spoken presentation.
  - a. Students will demonstrate the ability to create a cohesive capstone with a defined technique or personal style.
  - b. Ability to produce a professional portfolio that meets current industry standards.
  - c. Faculty will integrate the information into lectures, workshops, etc.
3. Solving problems through critical thinking.
  - a. Students will learn to produce work in a timely manner.
  - b. Use of original concepts and non-clichéd ideas.
  - c. Demonstrate the ability to create and curate a cohesive professional exhibition of well-crafted and thematic work with a defined technique or personal style.
  - d. Ability to produce professional documentation including advertising (posters & postcards), artist statement, press release, resume, digital records.
4. Faculty will integrate the information into lectures, workshops, etc.

**TEXT SUGGESTIONS:** The Complete Printmaker: John Ross ISBN-13: 978-0029273722

**Supplies/ Lab fee:** \$195.00 covers all material costs for this class.

Paper costs are \$140.00, materials \$36.00,  
\$25.00 covers inks, solvents, tools and wipes.

**PowerPoint Presentation:** An art historical research presentation on the printmaking done by an assigned artist will be assigned to each student.

**Grading:** Grades will be given in a final portfolio review.

Competency will be evaluated during critiques of the individual assignments. A mid-term assessment will be handed out at mid-semester.

Total of the printmaking assignment is worth 65% of the final grade.

Sketchbook ideas are worth 25% of the final grade.

Paper / presentation is worth 10% of the final grade.

Each Project grade is based on:

- Comprehension of the assignment, correct size and amount of good prints
- Registration, even spacing around the edge,
- Craftsmanship: professionalism, clean edges, attention to details, use of elements
- Knowledge of techniques, understanding of assignment criteria, correct signature
- Originality (not clichéd)

Each assignment is graded on a 100-point scale.

**A= 90 – 100 exceeding expectations**

**B= 80 – 89 above average**

**C= 70 – 79 average**

**D= 65 – 69 below average**

**F = below 65- will not pass the class**

**Final Grading is based on:**

- The finished work and its presentation
  - Imagination and aesthetic growth
  - Craftsmanship / sensitivity to materials
  - Knowledge of techniques
  - Attendance, use of class time, cooperation, crit. part.
  - Have ideas that go beyond the norm.
- All ideas must be original and not derived from commercially published sources.

**Attendance Policy/Late Work:**

The structure of the course requires consistent attendance. More than TWO (2) absences may result in the lowering of the final evaluation by one letter grade, More than THREE (3) may result in the student being dropped from the class. Please refer to the SRSU Attendance policy on the last page. If you know you will be missing a class, it is your responsibility to contact me immediately, get the assignment and demo material and to make up the time you missed. **If not, your grade will be affected.**

**Authorized Absences:** If you need to miss a class due to an Authorized School activity, You need to let me know ahead of time, find out what work you will be missing and make sure you get completed for a grade.

Lectures, demonstrations, critiques and printmaking demonstrations or problem explanations will occur during the first hour of the class. It is expected that each student will attend all required hours of the studio course. To benefit from information, you must be there to receive it! **Consistent tardiness will be reflected in the overall evaluation.**

The majority of your grade is based on work done during class, therefore, it is expected that each student will attend all required hours of class (96 studio class hours).

**Academic honesty:**

The University expects all students to engage in all academic pursuits in a manner that is beyond reproach. The University and its official representatives may initiate disciplinary proceedings against a student accused of any form of academic dishonesty including but not limited to cheating, plagiarism, collusion, and the abuse of resource materials. More information on this can be found in the SRSU Rules & Regulations supplement to the Student Handbook.

**Cell Phone usage should be limited. SHOULDN'T INTERFERE WITH CLASS.**

Emergency personal and family emergencies are exempt only if you let me know in advance.

**Music:** Personal "headgear" may be worn during lab time only, after demos and lectures, while you work, and on low volume, so you can hear when someone talks to you. If I hear your music you will lose your privilege.

The final portfolio is due in on or before Tuesday May 8th at 2pm

**Final Projects are due on Thursday May 4 @ 3:00**, for print exchange and studio clean-up. Attendance on **CLEAN UP DAY** is mandatory to help in the studio.

All work not available for the required critique time slot must be shown to the instructor for assessment, which will reflect the lateness of the missed deadline.

## **ASSIGNMENTS:**

**A small sketchbook will be kept and checked on a regular basis.**

**Sketchbook assignments are given for idea development and strong visual value compositions. These will include designs for all assignments, and are due before the student begins the project.**

Proper matting will be demonstrated and required for one print from the final project.  
Variable edition of at least 3 prints of each. Properly signed and clean edged.

### **Sketchbook/Assignment 1:**

#### **Collagraph Face Cards**

Two sketches using linear value, not outline to show image.

Assignment #1: Texturized woodblock, printed in ink, and Matrix "stamp from EZ-cut, with chine-colle puzzle inserts.

**Collagraph:** from the word's "collage" (from the French verb "coller" meaning "glue together") and "graph" a suffix of Greek origin referring to something that is written or drawn, or a tool for writing, drawing, or recording. This printmaking process uses plates constructed from lower toxicity materials that are readily available at craft/hobby and hardware stores. These plates take practice to print with the degree of sameness desirable for an edition. You must take care to let all adhesives and coating dry thoroughly between each step. Draw a face card from a deck of cards and then create an original version of this face card. Using pop culture references, music, personal narrative, archetypal metaphor, or some combination thereof as a means of creating an original image. You'll combine your idea with the bold expressive quality of German expressionism as the visual starting point for your print. Collagraph printing can be simple, direct, and inexpensive, resulting in images as bold as German expressionism or as delicate as Japanese woodcuts. With this first project you will be exposed to the direct and expressive method where ink is transferred to paper from the surface of a collagraph block.

### **Assignment #2**

Consider something that interests and excites you; is it an idea, a physical object, a place, what does this interest represent to you? Now consider attributes of this thing, both physical and psychological. What characteristics belong exclusively to your idea or object? What characteristics are shared with other ideas and objects?

Create a visual metaphor related to your subject. As always, you have many possible approaches to choose from: examining a story or history that surrounds an idea / metaphor, presenting a thing in a new context, re-imagining an object's function, animating the inanimate (anthropomorphism), creating a composite object that has meaning because of the nature of the

combined elements, and/or 'packaging' something as a metaphor that acts as a logo or slogan. You'll combine your research into the theme with the bold expressive quality of German expressionism as the visual starting point for your print.

Relief printing can be simple, direct, and inexpensive, resulting in images as bold as German expressionism or as delicate as Japanese woodcuts using linoleum, wood, or found objects.

With this first project, you will be exposed to the direct and expressive method where ink is transferred to paper from the surface of a wood block. The use of a printing press is optional and on this project you'll be hand printing or burnishing your image. With black and white work like this positive and negative space is emphasized. Erick Heckel, Emil Nolde's, Max Beckmann, Karl Hirsch, Edvard Munch, and Kathrine Kollwitz.

### **Sketchbook Assignment:**

Two sketches with background and foreground, using value, not line to show image. 9x12"

**Assignment #3:** Single Color woodcut (value study), hand pulled, edition of at least 5 prints. Minimum image dimension no less than 12 on the longest side, plus 1-3 inch border.

Sketchbook Assignment:

Two sketches with background and foreground, using value, not line to show image. 9x12"

Make 2 copies and add one color to it. How would you carve this?

**Assignment #4:** Two or more color reductive linoleum prints. The press may be used. Edition of at least 5:

Minimum image dimension no less than 9" x 12", plus 3-4 inch border.

### **Sketchbook Assignment:**

Two sketches with background and foreground, using value, not line to show image. 9x12"

Make 3 copies and color them, then choose your favorite and do a color breakdown on 3-4 pages

**Assignment #5:** Multi-color Woodcut or Linoleum print (at least 3 colors) with an edition of at least 5 prints. Registration is part of the grade, 8-10 prints may need to be run.

Minimum image no less dimension than 9" x 12", plus 3-4 inch border.

**Best pull should be matted for critique.**

### **Sketchbook Assignment:**

**Assignment #6:** TBD.

Sketchbook Assignment:

Have a photo or a drawing you can put under a piece of plastic and copy.

**FINAL PROJECT:**

Student choice of either an edition of 4-10 prints, either relief or drypoint etchings, (hand painting and more than one color Drop.

**A calendar will be passed out to students with a detailed explanation of class schedule and critique days.**

**This fee will cover a 2 pieces of wood, Plexiglass, tracing paper, ez-cut, 5- 9” x 12” pieces of linoleum, a solar plate and an assortment of trial papers, inks and basic lab supplies, mat board, plexiglass and a metal frame.**

**LAB FEES**

**There will be a lab fee of \$195.00 for Printmaking that may be paid in three payments, before mid-semester.**

This fee will cover wood, paper, inks and other materials essential for this class. All lab fees must be paid into the Art Stores Account at the Cashier's office in BAB and a receipt provided to the professor no later than Friday, January 27th, 2023.
