### Course Assignments

***All Written Assignments:*** *To comply with course standards and requirements all written assignments should reflect all aspects of the project, be free of grammatical errors, well organized, and typed double-spaced using a 12-point Times New Roman font. All written assignments should follow the guidelines indicated by the Publication Manual of the American Psychological Association (7th edition).*

#### **Class Introduction Discussion Board Assignment: (20 Points)**

Get to know your classmates! Each candidate will introduce themselves in a self-selected mode of presentation. Make your introduction as interactive as possible by using your choice of media tools (power point, screencast, YouTube, PowToon, etc.) In your introduction, please tell us the following: where you are located, pertinent experiences with school, goals for the semester, fun fact and a picture of you or an avatar that represents you if you are not using a video presentation. Once you posted your introduction, view posts of your fellow colleagues, find someone you have something in common with and find someone who intrigues you and reply to both their original posts explaining what you have in common and why you are intrigued.

#### **Just Call Me Stupid Reflection Essay (200 Points)**

Candidates will reflect on Tom Birdseye's (1996) book Just Call Me Stupid. The main character Patrick Lowe is a fifth-grade student who cannot read. At this stage in life, the inability to read becomes an emotional burden. In your role as a teacher, you will have the opportunity to work with students like Patrick. Discuss and think about the following questions. What message does this story send to a future educator? What would you do to help Patrick learn to read and further his literacy development? How would you respond to Patrick's additional needs? Be specific. Quote the book to support viewpoints following APA format. Include specific strategies and comments on specific ways to assess and respond to Patrick's needs.

#### **Discussion Board and Peer Review Assignments: (4 @ 25 points each=100 points)**

Modules will include discussion board opportunities centered on research-based approaches to understand foundational concepts, principles, and best practices related to reading assessments. Discussion Forums are opportunities to extend thinking and share perspectives. A typical discussion forum post should be between 300-500 words. Your task is not to "recall" information

read in the text; rather, you will be applying what you read and responding to a teaching scenario. A portion of your credit will be credited for your post and another portion will be for responding to one of your classmates. In writing your response, strive to have a conversation, a beneficial exchange between professional colleagues. Ask questions, offer suggestions, make comments, give your opinions, and generally react to what your classmates have written. You will not be credit for simply agreeing with someone or telling them how much you like what they wrote. Look critically for the opportunity to share your own knowledge and fill in misunderstandings.

**DIBELS Assessment Activity (200 Points)** Candidates will complete training, practice, and administer the DIBELS assessment activity to a 2-5 th grade struggling reader. A formal 500-600 word academic report analyzing strengths, weaknesses, and research-based intervention approaches. As with the previous reporting of data, results should be written with the intent to be communicated with families and stakeholders. <https://dibels.uoregon.edu/>

**TPRI Student Analysis Activity (100 Points)**

After reviewing the exemplar model, candidates will receive a data set representing a kindergarten student's TPRI results. Each candidate will present a 500- 600-word academic report analyzing the student's strengths, weaknesses, and research-based intervention approaches. Candidates must support with evidence from the TPRI. Refer to the STR open construct rubric for scoring guidelines. <https://www.tpri.org>

**Quizzes (210 points)**

There are 8 quizzes that cover the Reutzel & Cooter text content. The quiz dates are posted in your schedule and will be completed in Blackboard. There will also be a phonics quick test to assess your phonics skills.

**Case Study Reading Intervention Assignment (25 points)**

Candidates will complete this assignment during class. Students will analyze a unique case scenario of a student with a reading concern. The concerns will include screening & intervention based diagnostic information for the student, based on typical reading profiles of struggling students in schools. Candidates will work in pairs to research ways to address the student's reading concerns. The targeted interventions must include published programs with strong evidence and research-based interventions.

**ELPS Training**

Candidates will complete the ELPS training and submit a certificate of completion.

**Participation (100 points)**

Candidates are expected to attend class meetings and participate in class discussions. The candidate will demonstrate excellent participation, offer analysis and synthesis of article readings, and add to the development of ideas.

**Certify Teacher (50 points)**

As part of this course, you will need to take the Science of Teaching Reading #293 practice test through certify teacher. Instructions on how to do this are in Blackboard.
