Music majors and minors who have guitar as their main instrument should enroll in MUS 1211. It is also open to those who can change chords and/or play melodies quickly, confidently and in rhythm. The university has a limited number of guitars available for rent. Ask the instructor for details.

Attendance:

Since the individual instruction classes meet only once per week, the policy adopted for attendance must be different than the one stated in the university catalog. Beginning with 3 unexcused absences the final grade is lowered one letter grade and is lowered another letter grade for each absence after that. This means that with 6 unexcused absences the student will be dropped from the class with an automatic "F". Excused absences include university sponsored activities in which the student participates. It is the student's responsibility to inform the instructor of the reasons for absences. Students can make up for missed lessons.

Grading:

Your instructor will provide you with a clear grading plan at the outset of the semester. Your grade will be determined by a combination of several factors, including but not limited to: attendance; completion of the previous week's repertoire goals; technical and artistic improvement; positive attitude and willingness to try new approaches to making music; attentiveness during lessons. The previous guidelines apply to all ensembles.
