Description

My name is Alicia Trotman and I am excited to learn with you as we dive into discovering human sexuality. What is sexuality? An all-encompassing term that holds our passion to **create** at its core and is the **hallmark of expression**. With sexuality, we create human beings in the physical sense, and in the non-physical sense, we create ideas, initiatives, and life. Every day, we make a decision... to brush our teeth, to put on a nice pair of shoes, to read that tweet, or hopefully read that book! In that breath, we must be nurtured and supported in our efforts to create. Passion does not gain momentum by itself... we need that connection with others to span and heal the gaps, doubts, insecurities, and detachments. Consent is critical, because if not given, one's sexuality can be discredited, insulted, and raped. Safety is also paramount, because if not secured, one's sexuality can be accosted by dis-ease. So sexuality is not only physical? Correct! It is comprised of the essence of the human *being* and with consent and safety, the human can thrive in ways that are exponential.

Course Objective:

This course is designed to introduce you to the psychological study of human sexuality. It will engage you in current and real-world issues and provides opportunities for you to develop the expertise and practice the skills required to make informed choices about sexuality for yourself and those you care about. Memorization is not key... rather your understanding of common and unique behaviors and mental processes of the human being at each expressive stage.

Student Learning Outcomes:

Throughout the course, you will be encouraged to think about how the research presented can shed light on events going on around the world and in your own lives. Briefly stated, the objectives of this course include (though are not limited to):

- Given that sexuality is the hallmark of human expression, students will be able to **identify** the variety of ways humans choose to express themselves in life, and **illustrate** how the physical bodies of human beings are divine as the culmination of those expressions.
Method of Formative Assessment: Quizzes, Assignments and Final Exam
- Given that sexuality involves attraction, students will be able to **examine** the energies behind those passions in building healthy and nurturing relationships, not only with other humans but with lifelong goals.
Method of Formative Assessment: Quizzes, Assignments and Final Exam

3. Given that there is a multitude of lifepaths that human beings, there is a multitude of sexual orientations, providing space for you to evaluate your own sexuality in a positive way which most definitely may not look like another's. You can practice this discovery by consistently posting comments and working as a member of our team to explore dilemmas in discussions, your journal entries and assignments.

Method of Formative Assessment: Blog, Discussion and Wiki

4. Given that safety and consent are paramount for sexuality, students will analyze when these expressions become contaminated with disease with either the body or mind (STIs, disorders) or are violated (harassment, assault, violence), and provide concrete solutions to restoring health and well-being.

Method of Formative Assessment: Wiki, Discussions, Blog and Final Exam

Honoring Academic Integrity

Any instance of academic misconduct such as (1) turning in an identical written assignment for another course without approval, (2) copying from any source without proper citation, (3) crossing the boundary of what is allowed in a group project, (4) lying in connection with your academic work, (5) cheating, (6) plagiarism, (7) misrepresenting facts and/or collusion are contrary to the purpose of any educational institution and will be dealt with most severely to the extent of the university's disciplinary policy and/or through legal action if indicated. An instructor who determines that a student has been dishonest academically can at a minimum issue no credit for the assignment/exam, and/or pursue more severe penalties, including but not limited to failing the course. Before the penalty is imposed, the student has the right to appeal to the division chairperson or Assistant Provost for the Academic Affairs. Further information about Academic Honesty can be read in the [SRSU Student Handbook](#) and procedures for dealing with these acts are outlined in the [Academic Honesty Policy](#) under Undergraduate Academic Regulations..

Observing Class guidelines

Class Participation

This is a course that requires online interaction and discussion. **Class attendance IS REQUIRED and participation is important.** Class participation and attendance will be worth **20%** of the final grade. The percentage is considerable so your presence will *help* your ability to complete all of assignments for this class.

Participation: This is an online asynchronous course. However, your active, daily participation in this course is essential and required in order to be successful, including checking email daily, checking for Black Board announcements, staying up with readings and participating in online discussions.

Distance Education Statement. Students enrolled in distance education courses have equal access to the university's academic support services, such as library resources, online databases, and instructional technology support. For more information about accessing these resources, visit the SRSU website. Students should correspond using Sul Ross email accounts and submit online assignments through Blackboard, which requires secure login. Students enrolled in distance education courses at Sul Ross are expected to adhere to all policies pertaining to academic honesty and appropriate student conduct, as described in the student handbook. Students in web-based courses must maintain appropriate equipment and software, according to the needs and requirements of the course, as outlined on the SRSU website. Directions for filing a student complaint are located in the [Student Handbook](#).

Regular communications with the professor: It is essential that you keep me current on your progress and any difficulties you may be having so that I can respond in real time to support your success. The most efficient way of contacting me is the VIRTUAL OFFICE on Black Board and/or the syllabus which provides you with contact hours for the rest of the semester.

GENERAL QUESTIONS are to be posted to a discussion board for all. For PERSONAL or PRIVATE ISSUES email me at Alicia.trotman@sulross.edu or leave a voice mail message (432-837-8147) or make an appointment with me (<https://calendly.com/amtsulross/summer-office-hours>). Course Behaviors - Respect and Disruptions: Watch the VIDEO on NETTIQUETTE - https://www.youtube.com/watch?v=FWMk_Zv7nB8 and <https://www.youtube.com/watch?v=80uRE972uQ0>. You are encouraged and expected to openly engage in discussions, ask questions, share ideas, and express your thoughts in this web-based course in the same manner as in a face-to-face course. Please treat each other with dignity and respect and avoid disruptive behaviors. You are responsible for knowing what behaviors are acceptable versus unacceptable as referred to in the Student Conduct and Discipline section of the SRSU Student Handbook (http://www.sulross.edu/sites/default/files//sites/default/files/users/docs/stulife/student_conduct_discipline.pdf).

Cell phone and computer use: During the entire class period, you should be fully engaged in the class's activity. Laptop computers or phones are welcomed for the academic purposes of note taking or following along with the instructor's lesson. Off-topic activity (e.g., reading texts or posts, checking email, game playing) not directly related to the class is considered extremely disrespectful, and will be noted and can result in being marked "absent" for the day.

The **Bryan Wildenthal Memorial Library** in Alpine offers FREE resources and services to the entire SRSU community. Access and borrow books, articles, and more by visiting the library's website, library.sulross.edu. Off-campus access requires logging in with your LoboID and password. Del Rio, Eagle Pass, and Uvalde students may also use online resources available through SWTJC website, library.swtjc.edu. The SWTJC Libraries serve as pick-up locations for InterLibrary Loan (ILL) and Document Delivery from the Alpine campus.

Late Assignments/Projects/Checklists

You are expected to meet assignment, quiz, discussion and journal deadlines. Discussion posts submitted after their due dates will be marked as zero. Late assignments or journal posts will be reduced by 10% of the overall assignment for the first day of lateness and 40% for lateness beyond that for unexcused absences. For excused absences (university-authorized, legal or medical issues), speak with me **before the absence** so arrangements can be made.

EVALUATION

Quizzes – These quizzes are marked as (Q) below and in the course schedule. This is an online 10 question test given to ensure that you have *read the chapter* and understand the most pertinent concepts. Thus, try to complete the quiz as we're covering the associated chapter. These quizzes are available for the duration of the course but must be completed by **Thursday July 6th. They will be marked as zero after this date.** These are automatically graded so you will receive immediate feedback for incorrect answers. You have only two chances to complete the checklist and they are all twenty minutes long.

Assignments – These assignments are marked as (A) below, and in the course schedule and there are eleven (11) assignments in total. These assignments are designed to challenge you to use your critical thinking skills, and to gain a stronger understanding of developmental psychology perspectives.

Discussions – These discussions are marked as (D) below, and in the course schedule and there are six (6) discussions in total. Two of these discussions are highlighted in yellow as paired or grouped which means you will interact with a small group in the class before you post your answer in the discussion chat. You must post and respond to these discussions in a timely manner, as shown in the course schedule. If not, you will receive a zero after the posted due date **ONLY** for individual (not paired or grouped discussions). A rubric is provided to assess how discussions are scored. All paired or grouped discussions have no replies and must be completed by **Thursday July 6th**.

Journal – These journal entries are marked as (J) below, and in the course schedule, and there are five (5) journal entries in total. Your journal entries will not be shared with other students in the class, so you can choose to write freely. Your journal is available for the duration of the course but must be completed by **Thursday July 6th**. They will be marked as with a reduced grade for lateness after this date. A rubric is provided to assess how journal entries are scored.

Final Exam – One (1) exam will be given at the end of this term. It consists of 50 multiple choice/short answer questions and one (1) essay question. Fifty percent of the questions for this exam will come directly from the quizzes. The date of this exam is **12:00 am until 11:59pm on Friday July 7th**. Please note that there is no **make-up exam** unless you are absent due to illness and with documented proof.

Grading

Students are expected to complete reading assignments prior to class sessions and to engage in thoughtful discussions in light of these assignments. In addition, students will take an in-class midterm and an in-class final exam (objective short answer, multiple choice and/or essay).
