Exams: There will be a midterm and final exam over the material from this course. Guidelines will be given at an appropriate time before the exams

Grade Calculation

DAILY WORK (Assignments & Quizzes):

DAILY WORK (Assignments and quizzes) count as 1/3 of your grade. Chapter assignments/quizzes are worth 100 points each. In calculating daily work averages, the sum of your scores is divided by the number of possible points.

For example, if there are 13 assignments/quizzes in the course, and you make 100s on each daily assignment/quiz, your DAILY WORK average would be a 100 -- $(1300 / 13 = 100)$.

The quizzes/tests are not added with the total points found on blackboard. They are averaged separately.

EXAMS (Midterm & Final)

EXAMS (Midterm & Final) are also worth 100 points each. However, they count as 2/3 of your grade. If there are 2 EXAMS in the semester and you score 90s on each exam, your EXAM average would be $90 + 90 = 180$ which is divided by 2 (the number of exams) then your EXAM average is a 90.

FINAL GRADES:

When calculating FINAL GRADES:

DAILY WORK + **EXAM** + **EXAM** / 3 = Total points earned

Using the example scores: $100 + 90 + 90 = 280$ (total potential points earned)

Total points are then divided by 3 — $280 / 3 = 93.3$ avg.

Grading Scale

A= a grade from 90 to 100

B= a grade from 80 to 89

C= a grade from 70 to 79

A grade of D or F will not allow those seeking Teacher Certification to receive a grade below 70. The class will be completed. For those seeking a degree that does not provide the opportunity to obtain Teacher Certification a grade of D is from 60 to 69 and any grade 59 or below constitutes an F.
