COURSE DESCRIPTION

Video Editing is the process by which moving images and sounds are placed together in a specific order for the purpose of telling a story. The form doesn't really matter: recapping the action of a *Call Of Duty*-style first-person shooter is the same job as building a 30-second advertising trailer, editing an episode of television, or cutting a fiction feature or documentary. The raw materials remain the same: moving images and sounds.

In this class, we will explore the basic elements of video editing, types of edits, effective editing patterns, and the artistic and philosophic underpinnings of same. We'll use Apple's Final Cut Pro X as our learning platform. The dirty secret – one of them; there are many – of professional editing is that the platform (Avid, Final Cut, Adobe Premiere, Etc.) is merely a tool. The art and skill of editing is in the hands and mind of the editor, and the software merely brings about what's in the imagination of the artist. Everything else is just marketing.

This is an introductory course. Advanced topics, such as compressed output, motion graphics, and compositing, are beyond the scope of this class. Individual study of these topics is encouraged, but cannot be supported in-class, given the goals of the course.

Editing is a time-intensive activity. This class, particularly the later projects, will require hours in front of the computer well beyond class time. For this reason, the readings end at mid-semester. Lab time will be available outside of class. Plan your schedule accordingly. Lab time will be available outside of class.

LATE PAPERS

Deadlines are an inescapable part of responsible, professional, adult life. Late papers will lose a letter grade for each day that the paper is late.

If you discover, *a week or more in advance*, that you have multiple deadlines converging on the same day, you may request a change in deadline> Such a change may be granted at the instructor's discretion. Once the deadline has passed, it's too late to ask for exceptions. Manage your time and deadlines wisely.

TARDINESS / ABSENCE POLICY

Attendance is 10% of your grade. That's the difference between an "A" and a "B"...or an "F" and a "D."

TARDINESS

Class BEGINS EXACTLY AT THE APPOINTED TIME. It is your responsibility to be prepared to begin BEFORE the class starts.

Three instances of tardiness is equivalent to one absence. See below for the class absence policy.

THE INSTRUCTOR RESERVES THE RIGHT TO DENY ENTRY TO STUDENTS WHO ARE NOT PRESENT AT THE START OF CLASS* – ON THE HOUR. PLAN ACCORDINGLY. ON-TIME is EARLY!

*Exceptions will be made only for those with classes located in RAS whose end time makes on-time arrival impossible.

Punctuality is essential in this business. Tardiness will not be tolerated.

Absence Policy, from the Sul Ross State University 2012-2014 Course Catalogue:

CLASS ATTENDANCE

Regular class attendance is important to the attainment of the educational objectives of the University. Each instructor will keep class attendance records, and the instructor's policy on class attendance will be explained at the beginning of the semester or term.

The instructors will drop a student from a course when the student has a total of nine absences. A student will be dropped for excessive absences in remedial courses after nine absences.

An absence is defined as non-attendance in fifty minutes of class; for example, non-attendance in a one and one-half hour class will constitute one and one-half absences and non-attendance in a three hour class will constitute three absences. An absence because of participation in an official University activity is considered to be an authorized absence.
