Students in web-based courses must maintain appropriate equipment and software, according to the needs and requirements of the course, as outlined on the SRSU website.

ACADEMIC INTEGRITY:

Students in this class are required to demonstrate scholarly behavior and academic honesty in the use of intellectual property. A scholar is expected to be timely, prepared, and focused. Meaningful, respectful, and pertinent online participation is also expected.

Examples of academic dishonesty include but are not limited to submitting work as original that was used in whole or part for another course and/or professor; turning in another person's work as one's own; copying from professional works or internet sites without citation.

SAFE ASSIGN:

The Safe Assignment Tool is an advanced plagiarism prevention system deeply integrated with the Blackboard Learning Management System. SafeAssignment compares student papers submitted to Blackboard against an enormous wide range of sources and provides instructors with detailed Originality Reports. Because of SafeAssignment's flexibility, this product is an effective plagiarism prevention system that helps instructors to raise student awareness about plagiarism and to educate students about the ways to avoid plagiarism. You can check your similarity report and make corrections if needed. With your similarity report, you will note highlighted areas that have similarity noted between your paper and another source. You will click on the tab within the colored square to see the percentage of the similarity. Percentages above 20% must be corrected. It does not matter if the source that is being noted for similarity is not the same source that you used. The system is telling you what you have written is too like another source and you need to make corrections. You may need to change up some of the wording or order of information to make it your information. More than three or four words in a row that are identical to the originating author can be detected. You can submit your paper as many times as you would like. This system is designed to assist students with increasing awareness of plagiarism. Typically, plagiarism is an accidental occurrence and occurs when students do not realize their writing is overly like another source.

PARTICIPATION POLICY:

Since **EDSR 6323** is an online course, participation will be evaluated in Blackboard online discussions. It is the student's responsibility to check the Discussion Board and Sul Ross's email DAILY for the duration of the course. For you to remain enrolled in **EDSR 6323**, you must reply to the Blackboard Discussion Board "Online Participation Policy" forum by the deadline posted on the Due Dates listing contained in this syllabus. It is the policy at Sul Ross State University that if a student is enrolled in an online course and fails to stay active for 3 weeks, fails to submit assignments, and/or does not reply to emails from the instructor, he/she will receive a final grade of "F." You may access the "Online Participation Policy" forum by entering Blackboard, and then selecting Discussion Board. Please follow the directions regarding your required response.

COURSE REQUIREMENTS:

Technology Requirements: Since the Counselor Education Program is predominately web-delivered, students are required to have their computers and internet that can handle the required technology, including audio, a camera, Chrome, Blackboard, Zoom, YouTube, and other applications. Not having the technology at your disposal at any time is not an excuse for failure to submit an assignment, join in a Blackboard session, or take an exam.

Students will:

- *Attend all virtual classes and participate in discussions and activities. Failure to attend a class will result in course failure.*
- *Complete reading assignments and study the material before class meetings.*
- *Complete out-of-class assignments and deliver in-class presentations.*
- *Take exams.*
- *Practice professional conduct and ethics.*

- *Practice respectful learning exchanges*

General Format for Written Work.

Papers must be typed using APA format. Which includes, 1-inch margins, 11-point Ariel type, and double line spacing. Begin numbering with the title page, and edit for spelling, grammar, clarity, and logic of idea development.

SafeAssign is used to assist with the quality of writing.

NOTE: Your writing reflects your professionalism. A paper with multiple errors will receive a reduction in grade. Along with your 7th Edition APA manual, <http://www.apastyle.org> is a good reference website for APA guidelines. Typically, each paragraph will have at least one cited source. Even if you have rewritten the information in your own words, you must cite the source. If you use a quote the page number from where it came from in the source is required.

My commitment is to be there for you and help you meet the learning objectives of this course. I do this to demonstrate my commitment to you and to the mission of Sul Ross State University to create a supportive environment and care for the whole student as part of the Sul Ross Familia. If you feel like your performance in the class is being impacted by your experiences outside of class, please don't hesitate to come and talk with me. I want to be a resource for you.

VIDEO REFLECTIONS:

Students will access the Video Reflection tab review the assignment and enter a minimum 3-paragraph reflective comment regarding the assignment. There will be thirteen (13) graded video/article reflection assignments. The rubric reflects four competencies with the following value ratings: Advanced (3 pt. value), Novice (2 pt. value), Student (1 pt. value), and Unacceptable (0 pt. value).

The comment must include your version of what theme or message the author is attempting to convey to his or her audience. Include any rationality, as perceived by the descriptive content; include your thoughts and emotion(s) you experienced while viewing the video, and perceptions of how the information might impact future activities. Please see the rubric below that I use to assess your skill level. You are welcome to enter a personal experience(s) recalled while

viewing the video. In addition to the 3-paragraph reflection, include the core concepts for each theory.

The assignments mostly consist of short video clips but may consist of an article, or a guest person presentation. You will select the topic title (Example, VR 1, etc.) for the video clip assigned for the week. The video reflection clips are located under the Video/Article Reflections submenu. After selecting the title, it is required to select the thread title. Review the video clip and enter your reflection by selecting the “Reply” feature and enter your reflection. The following rubric is provided to guide your responses.

QUIZZES:

Weekly quizzes are designed to evaluate knowledge level comprehension for each class content reviewed. Each student will complete a quiz every week. The quizzes are intended to ensure you can grasp the content of the assigned reading. There is a total of thirteen (13) quizzes, and each quiz has a 100-point potential. Each quiz will contain a different number of questions that correspond with the chapter or Video Reflection content and may consist of true and false, multiple choice, short answer questions. If you do well on your quizzes, you will probably do well in the final exam. You will be allowed to use your quizzes to study for the final exam.

Students will be required to complete the quiz immediately after completing the video reflection, which is completed immediately after the class session. This will provide me with the opportunity to provide grading and feedback.

CONCEPTUAL MAPPING VIGNETTES:

Clients often have difficulty articulating their thoughts effectively. Counselors often must use attending skills and reflective listening to garner the information necessary to formulate a hypothesis about the presenting issue. Consequently, counselors require the skill competency of conceptualizing the foundational and working components of the problem presented. Students will be provided one (1) vignette assignment two weeks before the end of the semester and will filter the five-step therapeutic process. The five steps derive from your textbook and includes:

Step 1. Map the Territory: Conceptualize the situation with the help of theory (Chapter 11).

Step 2. Identify Oases and Obstacles: Assess the client’s mental status and provide case management (Chapter 12).

Step 3. Select a Path: Develop a treatment plan with therapeutic tasks— including how to build a working therapeutic relationship—and measurable client goals (Chapter 13).

Step 4. Track Progress: Evaluate the client’s response to treatment (Chapter 14).

Step 5. Leave a Trail: Document what happens (Chapter 15).

MOVIE REFLECTION PAPER:

The reflection paper is intended to move a student from passive learning to active learning. Active learning enhances reasoning skills that are very important to a counselor. Like your video reflection forum entries, this assignment will enhance your counseling skills by grasping certain content while assessing your intrinsic processes.

I have provided students with a brief video explaining reflective learning and writing a reflective paper. This approach will motivate your learning and perceptive skills. Since counseling is considered scientific, use an APA format to write this paper, and it must contain at least 10 pages, which includes content, the Title page, and Reference page(s). The writing lab has many writing resources that can assist you in understanding the mechanics involved in writing a reflective paper. Students may choose to either rent or purchase the movie for required viewing.

In addition to writing the movie, each student will present their experience of watching the movie. Please record yourself using Collaborate Ultra and please DO NOT exceed 30 mins. DO NOT MERELY READ YOUR PAPER in your presentation. Use the rubric below to help you write your movie reflection and prepare your presenting reflection.
