Students enrolled in distance education courses have equal access to the university's academic support services, such as Smarthinking, library resources, such as online databases, and instructional technology support. For more information about accessing these resources, visit the SRSU website. Students should correspond using Sul Ross email accounts and submit online assignments through Blackboard, which requires secure login information to verify students' identities and to protect students' information. The procedures for filing a student complaint are included in the student handbook. Students enrolled in distance education courses at Sul Ross are expected to adhere to all policies pertaining to academic honesty and appropriate student conduct, as described in the student handbook. Students in web-based courses must maintain appropriate equipment and software, according to the needs and requirements of the course, as outlined on the SRSU website.

**ACADEMIC INTEGRITY:**

Students in this class are required to demonstrate scholarly behavior and academic honesty in the use of intellectual property. A scholar is expected to be timely, prepared, and focused. Meaningful, respectful, and pertinent online participation is also expected.

Examples of academic dishonesty include but are not limited to: submitting work as original that was used in whole or part for another course and/or professor; turning in another person's work as one's own; copying from professional works or internet sites without citation.

**SAFE ASSIGN:**

The Safe Assignment Tool is an advanced plagiarism prevention system deeply integrated with the Blackboard Learning Management System. SafeAssignment compares student papers submitted to Blackboard against an enormous wide range of sources and provides instructors with detailed Originality Reports. Because of SafeAssignment's flexibility, this product is an effective plagiarism prevention system that helps instructors to raise student awareness about plagiarism and to educate students about the ways to avoid plagiarism. You can check your similarity report and make corrections if needed. With your similarity report, you will note highlighted areas that have similarity noted between your paper and another source. You will click on the tab within the colored square to see the percentage of the similarity. Percentages above 20% must be corrected. It does not matter if the source that is being noted for similarity is not the same source that you used. The system is telling you what you have written is too similar to another source and you need to make corrections. You may need to change up some of the wording or order of information to make it your information. More than three or four words in a row that are identical to the originating author can be detected. You can submit your paper

as many times as you would like. This system is designed to assist students with increasing awareness of plagiarism. Typically, plagiarism is an accidental occurrence and occurs when students do not realize their writing is overly similar to another source.

### **ADA (Americans with Disabilities Act)**

#### **SRSU DISABILITY SERVICES:**

The University is committed to equal access in compliance with the Americans with Disabilities Act of 1990 (ADA) and Section 504 of the Rehabilitation Act of 1973. The Disability Services Coordinator in Counseling and Student Support Services has the responsibility to ensure students with disabilities the opportunity for full participation in programs, services, and activities. Students seeking disability services need to contact the Disability Services Coordinator, Mary Schwartz Grisham, located in Ferguson Hall, room 112. The mailing address is P.O. Box C-171, Sul Ross State University, Alpine, TX 79832. Telephone: 432-837-8203; Fax: 432-837-8724.

#### **ATTENDANCE POLICY:**

You are responsible for reviewing the university policies on Absences and Class Attendance in the SRSU Student Handbook. Because this is such an abbreviated weekend format course, attendance at and prompt arrival for ALL class sessions is required to pass this course. If unable to attend a class session, please contact the instructor and know that you will be dropped from the course. Missing a single day of the two-day-weekend format classes will cause you to be dropped from the course. SRSU

#### **PARTICIPATION POLICY:**

Since ED 7301 is an online course, participation will be evaluated in Blackboard online discussions. It is the student's responsibility to check the Discussion Board and Sul Ross email DAILY for the duration of the course. In order for you to remain enrolled in ED 7301, you must reply to the Blackboard Discussion Board "Online Participation Policy" forum by the deadline posted on the Due Dates listing contained in this syllabus. It is policy at Sul Ross State University that if a student is enrolled in an online course and fails to stay active for a period of 3 weeks, fails to submit assignments, and/or does not reply to emails from the instructor, he/she will receive a final grade of "F." You may access the "Online Participation Policy" forum by entering Blackboard, then selecting Discussion Board. Please follow the directions regarding your required response.

#### **COURSE REQUIREMENTS:**

**Technology Requirements:** Since the Counselor Education Program is a predominately web delivered program, students are required to have their own computers and internet that can handle the required technology, including audio, a camera, Chrome, Blackboard, Zoom, youtube, and other applications. Not having the technology at your disposal at any time is not an excuse for failure to submit an assignment, join in a Zoom or Blackboard session, or take an exam.

*Students will:*

- *Attend all virtual classes and participate in discussions and activities. Failure to attend a class will result in course failure.*

- *Complete reading assignments and study the material prior to class meetings.*
- *Complete out-of-class assignments and deliver in-class presentation.*
- *Take exams.*
- *Practice professional conduct and ethics.*
- *Practice respectful learning exchanges*

### **General Format for Written Work.**

Papers must be typed using APA format. Which includes, 1 inch margins, 11-point Ariel type, and double line spacing. Begin numbering with the title page, edit for spelling, grammar, clarity, and logic of idea development.

SafeAssign is used to assist with quality of writing.

**NOTE:** Your writing reflects your professionalism. A paper with multiple errors will receive a reduction in grade. Along with your 7th Edition APA manual, <http://www.apastyle.org> is a good reference web site for APA guidelines. Typically, each paragraph will have at least one cited source. Even if you have re-written the information in your own words, you must cite the source. If you use a quote the page number from where it came from in the source is required.

### **Personal Wellness Plan.**

This assignment is intended to help you become more aware of and comfortable with practicing self-care. Counseling requires focusing on the needs of clients. Counselors must recognize that if they do not care for themselves, they eventually will no longer be able to provide care for their clients. Self-care is both a practical necessity and a professional ethical mandate. Develop your own personal wellness action plan: -Consider your main spheres of activity—academics, family, finances, work, etc. -Identify specific stresses in your life. -Create an integrated plan that addresses your specific stresses. -Explain how each of your chosen coping strategies will help. (Specific instructions are provided in Blackboard)

### **Personal Growth Experience.**

Self-awareness, personal congruence, and continual striving for growth are essential to becoming an effective counselor. During this class, all students are required to participate in a personal growth experience that has been designed to enhance these qualities. Students will enter into individual counseling. Many students have chosen to remain in therapy beyond the minimum 6-hour requirement after recognizing the need to work through personal issues so these do not interfere with the counseling process.

Students should document the Personal Growth Experience as per the following: A 700-1000 word summary in APA format detailing the experience will be due towards the end of the semester;

- Describe the experience you participated in; and
- Briefly discuss the effect this experience has had on your development as a professional counselor. You are not required to disclose the content of the counseling sessions.
- Please note: Receiving counseling services and/or volunteering time at the Sul Ross Counseling Center may eliminate this site as a possible practicum experience because of dual role relationships. The growth experience must be a minimum of 6 clock hours in length

### Case Presentation.

This assignment requires you to demonstrate your ability to organize your clinical thinking about a case and provides an opportunity for you to show your counseling-related skills. The instructor will assign a fictitious individual, in a school, counseling center, or other professional counseling setting. You will “flesh out” the details of your case and prepare both an oral and a written case presentation. (Specific instructions are provided in Blackboard)

The oral presentation must include information from: -assessment and/or testing,

-your diagnostic formulation,

-your initial treatment plan, and

-the other components listed in Blackboard

The interview may be enacted live, read to the class, or presented in an audio or video recording.

**Your oral presentation must be at least 20 minutes. (You will be penalized for not meeting the time requirement or exceeding the time limit by 5 minutes, and may be cut off, so please develop and practice your presentation to fit within the time limit.)**

(Specific instructions are provided in Blackboard)

NO phones, lab tops or tablets other than what you are using to Meet for class are allowed while other students are presenting.
