Attendance and Participation

It is students' decision to attend college, and students are responsible for their college education. As this is a college-level course, I do not take attendance. However, if you are not in class consistently, it will affect my evaluation of your performance. Also, since much of the exam material is based on class lecture, it would be your best interest to attend class meetings regularly. I will occasionally give pop quizzes as extra points, so coming to class regularly will improve your chances of being successful in this course.

Classroom Rules

All students must treat the instructor, the other students, and the classroom setting with respect. Please come to class on time, stay for the entire class, turn off cell phones during class, and refrain from potentially disruptive activities such as talking with friends or passing notes. These policies are put in place to facilitate a learning environment in the classroom that allows all students to focus on the lecture and class discussion. It is also important to show respect for alternative opinions and points of view during class discussions. Thus, you should listen when either the instructor or a fellow student is speaking to the class, and refrain from using insulting language and gestures, no matter how vehemently you may disagree with your classmates. Please note that I reserve the right to stop discussion at any time.
