Critical Thinking. Students will develop critical thinking skills to include creative thinking, innovation, inquiry, and analysis, evaluation and synthesis of information.

Communication. Students will develop communication skills to include effective development, interpretation, and expression of ideas through written, oral, and visual communication.

GRADING

Grades in this class will be determined **by the number of points you earn by the end of the course.** The point distribution is listed below:

| | |
|---|------------------|
| A | 895-1000 points |
| B | 795-894 POINTS |
| C | 695-794 POINTS |
| D | 595-694 POINTS |
| F | BELOW 595 POINTS |

You can track your progress by clicking on the “My Grades” tab in Blackboard. You can also view grading rubrics for each assignment in the “My Grades” tab. If I leave you additional feedback outside of the rubric, you will see a message bubble in the grading center. PLEASE NOTE: As mentioned above, the grade for this class is based on POINTS, not the average that Blackboard gives you.

POINT DISTRIBUTION

| | |
|--------------------------------------|------------------------|
| Introduction Post | 10 points |
| Syllabus Quiz | 20 points |
| Discussion Board (11 x 20) | 220 points |
| Weekly Applied Assignments (50 x 10) | 500 points |
| Mid-term Exam | 100 points |
| Final Exam | 150 points |
| Total | 1000 points |
| CITIZENSHIP POINTS | Up to 50 points |

INTRODUCTION POST: By Friday at 11:59 p.m. of the first week of class, you need to post an introduction to the discussion board. More information is on Blackboard. The introduction post is worth 10 points. To receive full points, you must follow the instructions.

SYLLABUS QUIZ: By Friday at 11:59 p.m. of the first week, you need to complete the syllabus quiz on Blackboard in the Week 1 folder. You will have ONE attempt. The quiz is worth 20 points.

3-2-1 POST/WEEKLY DISCUSSION BOARD: Even though we are on online class, I would like to have some sort of class interaction. Each week, starting with Week 2, **post the following related to the readings and materials for the topics we are covering by Tuesday at 11:59 p.m.:**

- THREE (3) items you learned (three complete sentences)
- TWO (2) items you want to learn more about or don't understand (two complete sentences)
- ONE (1) discussion question for your classmates (see guidance below on discussion questions)

All of these should be in ONE post. **Please use the following format:**

3 things I learned:

1. Complete sentence
2. Complete sentence
3. Complete sentence

2 things I want to learn more about/need clarification on:

1. Complete sentence
2. Complete sentence

Discussion Question (must be related to the readings and materials for the week we are in):

DQ: Your question

After you have made this post, you will need to respond to the discussion question of one other student by Thursday at 11:59 p.m. Each discussion board is worth 20 points. Please see the information at the end of the syllabus for more information about discussion board questions, responses, and expected behavior. **NOTE: All discussion boards are “post-first” boards, meaning you will not see the posts of your classmates until you post. In addition, since I can only attach one due date to each graded item in Blackboard, the due date you see is the date for the initial post, the 3-2-1 post.**

WEEKLY APPLIED ASSIGNMENTS: For most weeks, after you have completed reading and reviewing the materials on the folder for each chapter, you will complete an applied assignment. The instructions for each weekly assignment are in Blackboard in each week's folder. **The weekly assignments are due by 11:59 p.m. on Thursday of each week and are each worth 50 points.**

CLASS MEETINGS/LECTURE: I will be having an optional, virtual class Q&A meeting during the first week of class to answer any questions you have about the course. I have also tried to have weekly virtual meeting times for asynchronous web courses before, and they are very poorly attended—usually, no students attend (it is hard to find a time that works for all/most students since y'all didn't sign up for it at a specific time). For this reason, I will NOT be doing a weekly virtual meeting time. Instead, lecture recordings are posted in your weekly folders for you to view at your convenience. I am also available during office hours and for scheduled virtual meetings. Please just email me to set those up! In addition, if you are in Alpine, you are always welcome to attend my FTF section on Tuesdays/Thursdays, 11 a.m.-12:15 p.m. (LH 309).

EXAMS: **There will be a mid-term exam and a final exam in this class. Both will be available on Blackboard on the days and times specified below. PLEASE PUT THESE IN YOUR CALENDAR NOW. For each, you will have two hours from the time you start to finish the exam. Each is worth 100 points.**

CITIZENSHIP POINTS: Throughout the semester, I will provide opportunities to earn extra points by engaging with the various communities you are a part of (class, campus, city, etc.). You may earn up to 50 citizenship points that will be added to your point total for the class. NOTE: Citizenship points are not available after the last class day.

GUIDELINES FOR DISCUSSION QUESTIONS

--A good discussion question meets the following criteria:

- Is clear and easy to understand
- Has appropriate grammar, spelling, and punctuation
- Allows your classmates the opportunity to apply or critically think about a concept from the readings or to discuss an issue that is **relevant to the topics for the week**
- Is open-ended, allowing for a 2-3 sentence response. Adding a “why or why not” follow up question is appropriate
- Encourages deeper exploration of course topics
- Helps bring in new knowledge to the learning environment

--A good discussion question DOES NOT

- Ask for specific answers that can be easily found in the book or online (you’re not testing your classmates)
- Promote a certain opinion (e.g., Do you agree that meeting yearly is a bad idea?)

- Duplicate questions from other sources or assignments—create questions in your words
- Reword a quiz question
- Present inaccuracies (e.g., Why do we limit the number of terms the governor can serve?)

OTHER COURSE POLICIES & RESOURCES

ACADEMIC INTEGRITY: Students in this class are expected to demonstrate scholarly behavior and academic honesty in the use of intellectual property. Students should submit work that is their own and avoid engaging in behaviors that violate academic integrity, such as turning in work as original that was used in whole or part for another course and/or professor; turning in another person’s work as one’s own; copying from professional works or internet sites without citation; collaborating on a course assignment, examination, or quiz when collaboration is forbidden. Students should also avoid using open AI sources *unless permission is expressly given* for an assignment or course. Violations of academic integrity can result in failing assignments, failing a class, and/or more serious university consequences. These behaviors also erode the value of college degrees and higher education overall.

As an SRSU student, it is your responsibility to read and understand the university’s expectations about academic integrity. All violations will be taken seriously and handled through the appropriate university process. The policy can be found at: <https://www.sulross.edu/about/administration/university-policies/>

In addition, please note that plagiarism detection software will be used in this class for written assignments. Respondus Lockdown Browser will be used for the two exams as well.

If you have any questions about this, please ask!

LATE WORK:

I have been very intentional about how I have designed this course and distributed the content to optimize your learning and comprehension. Trying to cram weeks of work into a few days or waiting until the end of the semester to do everything isn’t conducive to learning. For this reason, you must have an extenuating circumstance and approval from me to submit late work. If you submit late work without an approved extension from me, I reserve the right not to grade it. **IMPORTANT NOTE:** Since university-related travel (e.g., travel for athletics competition) is planned in advance (with a few exceptions), make sure to plan ahead. Please consult with me if you have concerns about how your university-related travel will impact a submission deadline. This needs to be done **BEFORE** you leave and before the deadline.

COURSE BLACKBOARD RESOURCES:

There are several resources on the course Blackboard page. You are expected to review and familiarize yourself with the items in Blackboard in the first week of class. **NOTE:** Please post general, course-related questions to the discussion board forum I have set up for this. Typically, if one student in the class has the question, others do as well. Please allow 24 hours for a response, and then feel free to email me or call me directly with your question.

CLASSROOM DEMEANOR

Political issues can be emotionally charged. It is highly unlikely in a class this size that everyone will share your personal values, beliefs, and opinions. Believe it or not, this is a good thing! The presentation of varying perspectives will help all of us to learn. This can be accomplished if ideas, beliefs, and opinions are presented in a respectful way. I will be expecting all students to follow these basic ground rules for our interactions, whether they are face-to-face or virtual.

GROUND RULES FOR DISCUSSION (VIRTUAL/IN-PERSON)

SOURCE: Center for Teaching and Learning. (2020). Sample discussion board ground rules. Retrieved from <https://ctl.wiley.com/sample-discussion-board-ground-rules/>

- **Ask questions.**
If you find something confusing or want to know more, do not hesitate to ask questions. Make sure to post your questions in the appropriate thread.
- **Participate.**
Do not hide in the background; it is not fair to lurk and let others do all the work. Contribute to discussions to get as much as possible from the course and to maintain your participation grade.
- **Do not dominate a discussion.**

Share your knowledge, but not to the point of excluding others. If you have something to offer, please share it, but allow everyone to contribute equally to a discussion.

- **Be intellectually rigorous.**
Do not excuse sloppy or illogical thinking. Challenge yourself and one another.
- **Be tactful.**
Be critical of ideas but remember there are other people involved. Be tactful and kind. You can hurt the feelings of a person reading your post.
- **Forgive other students' mistakes.**
Do not correct others, even if you follow the rules of netiquette and use good manners. Just because you do not agree with a student's post does not mean that he or she is wrong. Instead, offer a different perspective to encourage further discussion.
- **Read the whole thread before posting.**
Read all the posts in a thread before responding so you don't repeat what others have already said. Try to contribute clarifying information or a new idea to a discussion.
- **Be concise.**
Do not waste people's time by posting basic, repetitive information. Make your point clearly and quickly.
- **Reread and check your posts.**
Practice professionalism. Be mindful of how you look online; others will likely judge the tone and quality of your writing. Reread your posts and edit for clarity and mechanics.
- **Cite your sources.**
If you use a source, cite it properly. Give credit where credit is due. Include links where appropriate.
- **Maintain confidentiality.**
Respect your classmates' privacy. Do not repeat the personal information that others share.
- **Report technical problems.** If the platform is not working properly, please let me know as soon as possible
