#### **Attendance Policy**

Students are expected to respect their classmates' and instructors' privacy and the work or comments they produce. All assignments you submit or tests you take must be your own work unless you have been requested that you work in groups. You may not submit work that is plagiarized or violates copyright laws. It is also your responsibility to respect copyright protection of licensed computer software. When you are taking a distance education course from a remote site, please remember that you are "guests" on the remote site campus. The facilities, equipment, staff, and materials at that site are neither the property nor employees of Sul Ross State University. Please treat the site respectfully and be responsible in caring for the site that we have been allowed to use.

Absence policies in effect for on-campus, traditional classroom instruction courses also apply to students enrolled in distance education courses, including Web-based and ITV courses. The University allows a maximum of 20% absences in a course before an instructor may drop a student for excessive absences with a grade of "F". In Web courses, this policy is interpreted as not participating for more than 3 weeks in a long semester or 1 week in a summer session. Any student dropped for non-participation will receive an "F" in the course dropped. Inactivity may include the following:

- Not logging on to the course
- Not submitting assignments
- Not participating in scheduled activities
- Not communicating with the instructor by phone or email, and/or
- Not following the instructor's participation guidelines stated in the syllabus.

All students taking distance learning classes are responsible for checking their [Sul Ross email account](#) regularly for notices from the School and from their instructors. A student's Sul Ross email address is added to Blackboard when a student registers, so when instructors email students through Blackboard, the message is sent to the student's Sul Ross email account. Email accounts are automatically set up when a student registers. In order to use your SRSU email account, you will need to log in to the email system. The information you need in order to log in is a username and a password.

### Class Participation Policy

---

Students are encouraged to attend the class, ask questions and express opinions; however, talking among students and disruptive behavior will not be tolerated. You may bring beverages to class with you, but not food. Reading outside materials such as newspapers or other course work is not permitted during class time. Students should be prepared to engage in discussion over the assigned readings, and for possible pop quizzes. Electronic devices are never allowed to use in class in a way to distract the instructor and other students. Keep your mobile phone in silent mode, otherwise switch it off. There will be one general rule in class which applies to all situations. This is also called "golden rule". TREAT OTHERS AS YOU WOULD LIKE TO BE TREATED.

### Course Assessment

---

**1 - Weekly Quizzes (10 Points Each):** You will take a quiz every week to measure your knowledge of the week's required readings. The questions will be drawn from the readings and the supplemental materials posted on the Blackboard. Weekly quizzes will be available until Sunday at 11:59 PM of that week.

**2 - Midterm Exam (100 points):** There will be a midterm exam which will cover the assigned chapters and other relevant material covered in the course up to the date of the examination. The midterm exam is worth 100 points. The midterm exam will have multiple-choice and/or true-false questions. No make-up test will be given, unless an uncontrollable emergency or illness arises (written proof required).

**3 - Final Exam (100 points):** The Final Exam is comprehensive; thus, it will test students on all the topics covered during the course. The Final exam is worth 100 points. Final exam will have multiple-choice and/or true-false questions. No make-up test will be given, unless an uncontrollable emergency or illness arises (written proof required).

**4 - Final Paper (100 Points):** You will write a final paper on any of the subjects covered in this course. You will submit a written proposal by the end of the 4<sup>th</sup> week outlining your plan and intended subject. You will then continue writing your paper after my approval.

Each paper must have a "Title Page", "Table of Contents", "Abstract", "Body of the Paper", and "References". Only count the "Body of the paper" towards your minimum page limit.

The paper should;

- a) be 5+ pages (this is just the "Body of the Paper" excluding all other pages),

### **Academic Integrity**

---

Sul Ross State University students are responsible for reading, understanding, and abiding by the “Sul Ross Student Code of Conduct, Responsibilities, Procedures, and Rights”.

Sul Ross State University and the instructor of this course both place a high priority on the academic integrity of their student scholars. As a result, all institutional guidelines and instructional policies concerning academic integrity will be strictly and uniformly enforced with all students regardless of context.

Students in this class are expected to demonstrate scholarly behavior and academic honesty in the use of intellectual property. A scholar is expected to be punctual, prepared, and focused; meaningful and pertinent participation is appreciated. Examples of academic dishonesty include but are not limited to:

- turning in work as original that was used in whole or part for another course and/or professor;
- turning in another person’s work as one’s own;
- copying from professional works or internet sites without citation;
- collaborating on a course assignment, examination, or quiz when collaboration is forbidden.

Students should also avoid using open AI sources unless permission is expressly given for an assignment or course. Violations of academic integrity can result in failing assignments, failing a class, and/or more serious university consequences. These behaviors also erode the value of college degrees and higher education overall.

### **APA Style**

---

This course will use the American Psychological Association (APA) Seventh Edition formatting and style guide for all written assignments. If you have any questions or concerns regarding the use of APA a number of resources have been provided below. Please note that all external sources must be appropriately cited. A failure to do so constitutes plagiarism and is a violation the course academic honesty standards. Beside numerous online sources you can also visit the following link for help with APA [https://owl.purdue.edu/owl/research\\_and\\_citation/apa\\_style/apa\\_style\\_introduction.html](https://owl.purdue.edu/owl/research_and_citation/apa_style/apa_style_introduction.html).

Our office is located on the first floor of Ferguson Hall, room 112, and our mailing address is P.O. Box C122, Sul Ross State University, Alpine. Texas, 79832.

### **Late Assignment Submission Policy**

---

Students are supposed to finish their coursework on time and assignments must be submitted before the deadlines. In principle, I do not accept late work and do not believe in allowing students to turn in work after the due date. My position is that everyone knows the rules of engagement at the beginning

of the term and that it is the student's responsibility to ensure that they plan accordingly to submit their assignments and take their exams in a timely manner.

If an assignment/exam is missed or late the students are expected to show an appropriate cause for this issue. Late assignments will not be accepted unless there is an excuse that is recognized by the university. Students are encouraged to frequently review the syllabus and remain aware of the deadlines for all assignments and exams.

### **Social Science BA Programs Marketable Skills**

---

The Texas Higher Education Coordinating Board (THECB) sets statewide goals through the 60x30TX initiative. The THECB plan includes four major goals: 60x30: Educated Population, Completion, Marketable skills, and Student debt. The [60x30TX](#) plan was designed to tie together all four student-centered goals. 60x30, which measures the educated population in Texas, is the overarching goal at the center of the plan and calls for 60 percent of 25- to 34-year-olds in Texas to hold a credential or degree by 2030. The 60x30 goal is supported by the other three goals (completion, marketable skills, student debt) that will get Texas to 60 percent by 2030.

By 2030, all graduates from Texas public institutions of higher education will have completed programs with identified marketable skills. Students who can effectively market their skills to potential employers can secure employment that pays competitively. Marketable skills include interpersonal, cognitive, and applied skill areas, are valued by employers, and are primary or complementary to a major. Marketable skills are acquired by students through education, including curricular, co-curricular, and extracurricular activities. Marketable skills are often called "employability skills" in other countries, or "transferable skills" here in the states. They include both technical and soft skills. The marketable skills of Social Science BA Programs are listed as follows:

- 1) Students can identify useful resources from a pool of data.
- 2) Students can select and organize data in a relevant manner.
- 3) Students can make written presentations to various audiences.
- 4) Students can utilize data to persuade various audiences.
- 5) Students can utilize data to generate and strengthen ideas.
- 6) Students can decipher stances adopted by various individuals.
- 7) Students can meet deadlines in a successful manner.
- 8) Students can discharge responsibilities in an adequate manner.
- 9) Students can manage the absorption of data.
