Introduction Speech. One important function of this course is to build your confidence when speaking publicly. This speech is designed to build your confidence by giving you an opportunity to practice in front of an audience; however, you won't be alone. For this assignment, you will introduce yourself to the class on Blackboard Collaborate by responding to the following prompts:

1. What's your name?
2. Where are you from?
3. What do you do for fun?
4. What is your major?
5. What is your biggest fear?
6. Who/what inspires you?
7. What was your most embarrassing moment?

Oral Reading. You will need to select a piece of literature, poem, sonnet, song (within reason), or a selection from a speech. What I am looking for is for you to bring something to read in front of the class. The purpose of this assignment is to further acclimate you to the world of communicating with others. Your selection, when read, must not exceed three minutes and must be at least one minute in length. Points will be deducted for reading from a screen or a textbook.

Exams. There will be two exams in this course. Exams cover assigned reading and lecture material. The exams likely will include a mix of matching, multiple-choice, and short-answer items. All exams will be done through Blackboard.

Peer Evaluation. It is my view that people often improve their public speaking skills when given appropriate and immediate feedback. You will find that the most important feedback (in life) is from that of your audience. Before you present both your informative and persuasive speeches, you will have the

opportunity to practice your speech outside of class for an audience of at least one of your peers. This can be done through MS Teams or our Online Classroom. While one student listens and evaluates, the other will fill out a peer evaluation form. Each/both of you will take turns practicing, being the captive audience, and writing feedback on a peer evaluation form. You will send your evaluation to your peer and they will share their evaluation of you. Submit your evaluation through Blackboard Assignments.

Impromptu Speech. There are four different modes of public speaking: 1) extemporaneous, 2) manuscript, 3) memorized, and 4) impromptu. Impromptu speeches involve little or no preparation. For this speech, I will likely assign you a topic, and you will have about 5 minutes or less to prepare. Your speech must be persuasive.

Informative Speech. This will be your first of two major speeches. For this speech your specific purpose will be to inform the audience on a particular topic. You will be required to speak for at least 4 minutes, but no longer than 7. For every 30 seconds you speak over 7:30 minutes (e.g., I give a 30-second pad on the back end), I will deduct 10 points from your grade. For every 30 seconds you go under 4 minutes, I will deduct 10 points from your grade. This rule applies to both major speeches. You are required to verbally cite a minimum of three credible sources. Presentations will be made through our Online Classroom. Your presentation must include your face being visible while you are speaking.

Informative/Persuasive Outline. For each major speech, you will need to write a full-sentence outline of your entire speech. Significant points are added for the inclusion of a specific purpose and central idea written at the top (as modeled in the samples provided). You will also include a list of credible references you cited in your speech. If you are using MLA, call it Works Cited. For APA, call it References. For that section, pick a style and stick to it.

Persuasive Speech. This will be your second and final major speech. For this speech your specific purpose will be to persuade the audience on a particular topic. You will be required to speak for at least 4 minutes, but no longer than 7. Still, there's 30 seconds of grace on the backend, as described for the Informative Speech. You are required to verbally cite a minimum of five credible sources. Presentations will be made through our Online Classroom. Your presentation must include your face being visible while you are speaking.

Final Exam. The final exam is quasi-comprehensive. It will largely cover the chapters not tested for in the previous exams; however, it will also cover chapters throughout the semester.

Section II. Policies

Basic Class Expectations: It is expected that you spend at least a few hours each week to complete the course readings and assignments. Since this class has online resources, I expect that you have reliable internet service and that you check your university email at least once a day. It is also recommended that you set up course notifications in Blackboard to receive alerts (e.g., email, text, etc.) when I post announcements, grades, or other course-related items. See instructions in Blackboard. Lastly, to make sure we are all present and participating, **everyone must be on camera throughout the class session.** This will be especially important when we are audience members for student speeches.

(Online) Classroom Demeanor: Communication issues tend to be emotionally charged. It is highly unlikely in a class this size that everyone will share your personal values, beliefs, and opinions. Believe it or not, this is a good thing! The presentation of varying perspectives will help all of us to learn. This can be accomplished if ideas, beliefs, and opinions are presented in a respectful way. I will be expecting all students to follow basic ground rules for our interactions whether they are face-to-face or virtual. We will discuss and establish these ground rules in class.

Academic Integrity. Students in this class are expected to demonstrate scholarly behavior and academic honesty in the use of intellectual property. Students should submit work that is their own and avoid the temptation to engage in behaviors that violate academic integrity, such as turning in work as original that was used in whole or part for another course and/or professor; turning in another person's work as one's own; copying from professional works or internet sites without citation; collaborating on a course assignment, examination, or quiz when collaboration is forbidden. Students should also avoid using open AI sources unless permission is expressly given for an assignment or course. Violations of academic integrity can result in failing assignments, failing a class, and/or more serious university consequences. These behaviors also erode the value of college degrees and higher education overall.

Late Work: All assignments for the entire course will be posted and available as soon as the course is open. It is expected that all assignments are completed by the stated deadlines. Please plan your time carefully. If something does come up, prompt and clear communication will facilitate my response which may (or may not) include an accommodation.
