Required Texts

- 1) W. Lawrence Neuman (2020). Social Research Methods: Qualitative and Quantitative Approaches, 8th Edition, Pearson, ISBN 9780135719732
- 2) American Psychological Association (October 2019), Publication Manual of the American Psychological Association, 7th Edition, <https://apastyle.apa.org/products/publication-manual-7th-edition-spiral>
- 3) Additional readings (e.g., articles, reports) will be posted on Blackboard.

Regarding scientific journal articles, Byrian Wildenthal Memorial Library of SRSU has an extensive database infrastructure. You can get detailed information and advising from libraries website <https://library.sulross.edu> Once you logged in to your Sul Ross Account on Blackboard you should be automatically connected to the library webpage as well. Thus, you can browse the online databases of the University and reach the articles on the additional reading list.

The Sul Ross Library offers FREE resources and services to the entire SRSU community. Access and borrow books, articles, and more by visiting the library's website. Off-campus access requires your LoboID and password. Check out materials using your photo ID. Librarians are a tremendous resource for your coursework and can be reached in person, by email (srsulibrary@sulross.edu), or phone (432-837-8123).

No matter where you are based, public libraries and many academic and special libraries welcome the general public into their spaces for study. SRSU TexShare Cardholders can access additional services and resources at various libraries across Texas. Learn more about the TexShare program by visiting library.sulross.edu/find-and-borrow/texshare/ or ask a librarian by emailing srsulibrary@sulross.edu.

Course Description

This course provides as introduction to criminal justice research methods. Students will learn how to evaluate current and conduct contemporary research in the field of criminal justice. The course introduces students to terminology and tools of the scientific method. Several data collection techniques available to criminal justice researchers are explored and evaluated Students will learn how to evaluate academic research products in terms if their contribution to the fields of criminal justice, as well as to how to develop their own research problems.

Course Learning Objectives

This course will provide students with tools to be able to apply in their own research and to understand scholarly work produced by others. After you successfully complete this course, you will be able to:

- 1) Distinguish two methodological paradigms and explain characteristics of each;
- 2) Name steps in the research process and identify the basic elements of a good research design;
- 3) Discuss characteristics of quantitative and qualitative sampling, and apply various sampling techniques;
- 4) Discuss characteristics of quantitative and qualitative measurement, and understand how to operationalize concepts using each approach;
- 5) Apply various data collection techniques, for both quantitative and qualitative research;
- 6) Select and describe appropriate analytical techniques for quantitative and qualitative methods;
- 7) Find, read, understand and critique a scientific journal article.

These objectives contribute to the overall course goal in developing critical thinking skills. The discussions, readings, assignments, quizzes and exams are designed to encourage you to develop and use higher order thinking skills, including analytical, synthetic and applied thinking.

General Classroom Policies

Students are encouraged to attend the class, ask questions and express opinions; however, talking among students and disruptive behavior will not be tolerated. You may bring beverages to class with you, but not food. Reading outside materials such as newspapers or other course work is not permitted during class time. Students should be prepared to engage in discussion over the assigned readings, and for possible pop quizzes. Electronic devices are never allowed to use in class in a way to distract the instructor and other students. Keep your mobile phone in silent mode, otherwise switch it off. There will

be one general rule in class which applies to all situations. This is also called “golden rule”. TREAT OTHERS AS YOU WOULD LIKE TO BE TREATED.

SRSU Distance Education Statement

Students enrolled in distance education courses have equal access to the university’s academic support services, such as library resources, online databases, and instructional technology support. For more information about accessing these resources, visit the SRSU website.

Students should correspond using Sul Ross email accounts and submit online assignments through Blackboard, which requires a secure login. Students enrolled in distance education courses at Sul Ross are expected to adhere to all policies pertaining to academic honesty and appropriate student conduct, as described in the student handbook. Students in web-based courses must maintain appropriate equipment and software, according to the needs and requirements of the course, as outlined on the SRSU website. Directions for filing a student complaint are located in the student handbook.

Course Assessment

1 - Quizzes (100 points total): Every two weeks there will be a quiz for the related chapters. There will be 5 quizzes in total. Quiz dates are indicated in the weekly course schedule. Each quiz will have different points and you will get 100 points in total.

2 - Final Exam (100 Points): There will be a comprehensive final exam at the end of the semester. The final exam will be cumulative, which means that the material from the entire course will be covered. This exam is worth 100 points. No make-up test will be given, unless an uncontrollable emergency or illness arises (written proof required).

3 - Research Proposal (100 points): This assignment is a semester project on writing a research proposal. The semester project is designed to get you actively involved in the social research process by writing a 10+ page research proposal. The project is split into two sections in conjunction with the course readings. The first part of the research proposal will include the “Introduction” and “Literature Review” sections. This part is worth 50 points. The final version of the research proposal is due at the end of the semester, including the “Methods”, “Measurement and Sampling”, and “Discussion and Conclusion” sections. This part is also worth 50 points.

4 - Attendance (20 points): Attendance is important! Attendance demonstrates maturity, responsibility and a serious attitude toward education. I believe that regular and punctual attendance is an integral part of the learning process. Attendance will be taken daily and absences cannot be made up. Students should be in class on time and should be prepared to stay for the entire class period. If I have begun class by the time you enter, you should make sure that I counted you as present by checking with me after class.

In accordance with current SRSU policy, when a student misses a total of 9 hours of class (6 classes), the presumption is that the student will be dropped from that class with an “F”. Please note that it is the student’s responsibility to inform the instructor prior to any University event that would cause an absence. Failure of the student to inform the instructor will result in that absence being recorded as unexcused.

Below are the points that you will receive as your attendance grade:

Full attendance	: 20 points	3 Missed classes	: 8 points
1 Missed class	: 16 points	4 Missed classes	: 4 points
2 Missed classes	: 12 points	5 Missed classes	: 0 points

6 Missed classes: Your final grade will be "F" according to SRSU Attendance Policy

Academic Integrity

Sul Ross State University students are responsible for reading, understanding, and abiding by the "[Sul Ross Student Handbook](#)". Sul Ross State University and the instructor of this course both place a high priority on the academic integrity of their student scholars. As a result, all institutional guidelines and instructional policies concerning academic integrity will be strictly and uniformly enforced with all students regardless of context.

Students in this class are expected to demonstrate scholarly behavior and academic honesty in the use of intellectual property. A scholar is expected to be punctual, prepared, and focused; meaningful and pertinent participation is appreciated. Examples of academic dishonesty include but are not limited to:

- turning in work as original that was used in whole or part for another course and/or professor;
- turning in another person's work as one's own;
- copying from professional works or internet sites without citation;
- collaborating on a course assignment, examination, or quiz when collaboration is forbidden.

Students should also avoid using open AI sources unless permission is expressly given for an assignment or course. Violations of academic integrity can result in failing assignments, failing a class, and/or more serious university consequences. These behaviors also erode the value of college degrees and higher education overall.

APA Style

This course will use the American Psychological Association (APA) Seventh Edition formatting and style guide for all written assignments. If you have any questions or concerns regarding the use of APA a number of resources have been provided below. Please note that all external sources must be appropriately cited. A failure to do so constitutes plagiarism and is a violation the course academic honesty standards. Beside numerous online sources you can also visit the following link for help with APA https://owl.purdue.edu/owl/research_and_citation/apa_style/apa_style_introduction.html.

Student Support Services

Sul Ross State University has established a variety of programs to help students meet the challenges of college life. Support to students includes advising, counseling, mentoring, tutoring, supplemental instruction, and writing assistance. For a complete list of academic support services, visit the Student Support Services at <https://www.sulross.edu/section/311/student-support-services>. For more information, students are encouraged to contact SSS at (432) 837-9118 or visit Ferguson Hall Room 105.

Counseling: Sul Ross has partnered with TimelyCare where all SR students will have access to nine free counseling sessions. You can learn more about this 24/7/356 support by visiting [Timelycare/SRSU](#). The SR

Counseling and Accessibility Services office will continue to offer in-person counseling in Ferguson Hall room 112 (Alpine campus), and telehealth Zoom sessions for remote students and RGC students.

Students with Special Needs - Americans with Disabilities Act as Amended (ADAAA)

Sul Ross State University (SRSU) is committed to equal access in compliance with Americans with Disabilities Act of 1973. It is SRSU policy to provide reasonable accommodations to students with documented disabilities. It is the student's responsibility to initiate a request each semester for each class. Alpine students seeking accessibility/accommodations services must contact Mary Schwartz Grisham, M.Ed., LPC, SRSU's Accessibility Services Coordinator at 432-837-8203, or email mschwartz@sulross.edu The office is located on the first floor of Ferguson Hall # 112, and the mailing address is P.O. Box C-122, SRSU, Alpine. Texas, 79832.

Late Assignment Submission Policy

Students are supposed to finish their coursework on time and assignments must be submitted before the deadlines. In principle, I do not accept late work and do not believe in allowing students to turn in work after the due date. My position is that everyone knows the rules of engagement at the beginning of the term and that it is the student's responsibility to ensure that they plan accordingly to submit their assignments and take their exams in a timely manner.

If an assignment/exam is missed or late the students are expected to show an appropriate cause for this issue. Late assignments will not be accepted unless there is an excuse that is recognized by the university. Students are encouraged to frequently review the syllabus and remain aware of the deadlines for all assignments and exams.

Departmental Bachelor's Degree Program Marketable Skills

The Texas Higher Education Coordinating Board (THECB) sets statewide goals through the 60x30TX initiative. The THECB plan includes four major goals in 60x30TX: Educated Population, Completion, Marketable skills, and Student debt. The [60x30TX](#) plan was designed to tie together all four student-centered goals. 60x30, which measures the educated population in Texas, is the overarching goal at the center of the plan and calls for 60 percent of 25- to 34-year-olds in Texas to hold a credential or degree by 2030. The 60x30 goal is supported by the other three goals (completion, marketable skills, student debt) that will get Texas to 60 percent by 2030.

By 2030, all graduates from Texas public institutions of higher education will have completed programs with identified marketable skills. Students who can effectively market their skills to potential employers can secure employment that pays competitively. Marketable skills include interpersonal, cognitive, and applied skill areas, are valued by employers, and are primary or complementary to a major. Marketable skills are acquired by students through education, including curricular, co-curricular, and extracurricular activities. Marketable skills are often called "employability skills" in other countries, or "transferable skills" here in the states. They include both technical and soft skills.

The marketable skills of Homeland Security and Criminal Justice BS Programs are listed as follows:

1. Students Develop Verbal and Written Communication Skills.

2. Students Access Resources with Crime Data and Work with Numbers and Demonstrate Quantitative Skills.
3. Students Use Critical Thinking and Observation.
4. Students Use Teamwork and Work Collaboratively.
5. Students Develop Multicultural Understanding.
6. Students Analyze the Factors Contributing to Crime.
7. Students Know Legal Codes & Procedures and Safety.

Classroom Climate of Respect

Students are expected to respect their classmates' and instructors' privacy and the work or comments they produce. Importantly, this class will foster free expression, critical investigation, and the open discussion of ideas. This means that all of us must help create and sustain an atmosphere of tolerance, civility, and respect for the viewpoints of others. Similarly, we must all learn how to probe, oppose and disagree without resorting to tactics of intimidation, harassment, or personal attack. No one is entitled to harass, belittle, or discriminate against another on the basis of race, religion, ethnicity, age, gender, national origin, or sexual preference. Still we will not be silenced by the difficulty of fruitfully discussing politically sensitive issues.

Other Course Expectations

- Remember that this is an upper-level college course, therefore, upper-level work will be expected which includes proper APA format, proper grammar, sentence structure, and organizational structure.
- Review the syllabus so that you may be aware of assignments and papers; contact me for any clarifications.

End of Course Evaluations

Student evaluations of faculty are administered online at the end of each term/session for all courses with five or more students. Students will receive an email containing a link to a survey for each course in which they are enrolled. All responses are anonymous.

Syllabus is subject to updates and changes by announcement, always look to the course announcements and reminders for updates. The faculty member reserves the right to amend this syllabus as needed.
