LO5- Understand and compare arguments about the causes/contributors of the legal issues in community policing.

LO6- Learn, examine, and evaluate the arguments presented by audiences not limited to victims and or witnesses of community policing.

MARKETABLE SKILLS

This course is designed also to help the students for building various marketable skills to use in their Criminal Justice related professions. Specifically, in this course, the following marketable skills, which are some of the most important skills for such careers, will be emphasized during this course:

1. MS 1-Verbal & Written Communication Skills.
2. MS 2- Critical Thinking and Observation.
3. MS 3- Problem-Oriented Community Policing Understanding.
4. MS 4- Accessing Resources with Crime Data and the most current updates of community policing and procedures.
5. MS 5- Teamwork and Working Collaboratively.
6. MS 6- Analyzing the Factors Contributing to Community Policing in Criminal Justice.

This course will be contained within the Blackboard format and will not meet in person during the term. Students are expected to log in regularly to complete assignments. Students should familiarize themselves with all the sections of blackboard available for this course.

Assignments and tests will be listed under the appropriate subheading. Students will also need to become familiar with the discussion board for completing some of this work.

Students will be expected to be self-motivated, and work independently. Students will engage in research, reading, and writing. Any computer glitches must be reported promptly, or the student will not receive credit on the affected work.

I aim to create a learning environment for my students that supports various perspectives and experiences. I understand that the recent pandemic, economic disparity, and health concerns, or even unexpected life events may impact the conditions necessary for you to succeed. My commitment is to be there for you and help you meet the learning objectives of this course. I do this to demonstrate my commitment to you and to the mission of Sul Ross State University to create a supportive environment and care for the whole student as part of the Sul Ross Familia. If you feel like your performance in the class is being impacted by your experiences outside of class, please don't hesitate to come and talk with me. I want to be a resource for you.

Technical problems can be reported to me - through e-mail is usually the best idea, and/or to the Help Desk at 432-837-8888 locally, 8888 from an on campus telephone or 1-888-837-2882 from a different phone. You can also log into the LTAC system and create a ticket by going to <https://techassist.sulross.edu/> If you report an issue through the Help Desk or create a ticket by logging into the system, you should send me an email with a description of your issue and the ticket number so I can help ensure that technical issues are addressed and do not negatively affect your grades. If you do not promptly report your technical problems, you will not get credit for any work affected by the problem.

Total 600 pts

Scale: A 600-550 B 549-500 C 499-450 D 349-300 F 299 & below

Quizzes, Tests, Exams

The testing format for this course will consist of multiple choice, true/false and fill in the blank questions. The testing schedule will be posted under the Check Your Knowledge section of the course. There will be no make-ups for any assigned testing content. The testing content will each cover the sections that will need to be covered by the testing date. Content within the test may also relate to the questions from the Discussion Board section of the course. Therefore, students are expected to read the responses to the Discussion Questions carefully and to do any research needed to master the information presented.

Assignments

Students will be required to complete assignments as assigned. Assignments will consist of open-ended questions, definitions, out of text learnings and other methods of checking for understanding. Some assignments may require the student do additional research on their behalf to successfully complete the assignment.

Discussion Questions

Each **Monday** there will be a new discussion question posted on the Discussion Board section of Blackboard. Students are required to post an **initial thread by Wednesday**, and they will also be expected to **respond to the information posted by other students by Friday**. Students are expected to contribute in significant ways to the discussion boards, based on the readings, but also on personal experience and knowledge gained through other course work, media reports, etc. This portion of the course is expected to replace the normal dialog that would occur within an in-class course and students will be expected to have a thorough knowledge of the subjects being discussed. This means that students will have to do outside research.

Code of Conduct

Students are expected to behave as professional adults. Students are expected to do their own work on all tests and assignments. Cheating and plagiarism on tests or assignments will result in a grade of "F" on that part of the course, a possible grade of "F" for the entire course, and possible recommendation for suspension from the university.

Plagiarism consists of presenting the work of another as one's own (i.e., without proper acknowledgment of the source) and submitting examinations or other work in whole or in part as one's own when such work has been prepared by another person or copied from another person (see the Student Handbook).

Open discussion of course issues is encouraged, however, abusive, offensive or otherwise inappropriate language will not be tolerated – this includes profanity, racial/ethnic slurs, personal attacks on other members of the course, etc. Part of the learning process is learning to

communicate effectively and professionally. A direct quote from a published source may occasionally contain such language, but use of the quote should be limited and explained – why is it necessary to use such quote?

Any assignment containing abusive, offensive, or profane language, or creating an offensive environment in the course will result in a grade of 0 for that assignment.

Academic Integrity

Students in this class are expected to demonstrate scholarly behavior and academic honesty in the use of intellectual property. Students should submit work that is their own and avoid the temptation to engage in behaviors that violate academic integrity, such as turning in work as original that was used in whole or part for another course and/or professor; turning in another person's work as one's own; copying from professional works or internet sites without citation; collaborating on a course assignment, examination, or quiz when collaboration is forbidden.

Students should also avoid using open AI sources ***unless permission is expressly given*** for an assignment or course. Violations of academic integrity can result in failing assignments, failing a class, and/or more serious university consequences. These behaviors also erode the value of college degrees and higher education overall.

Classroom Climate of Respect

Importantly, this class will foster free expression, critical investigation, and the open discussion of ideas. This means that all of us must help create and sustain an atmosphere of tolerance, civility, and respect for the viewpoints of others. Similarly, we must all learn how to probe, oppose and disagree without resorting to tactics of intimidation, harassment, or personal attack. No one is entitled to harass, belittle, or discriminate against another on the basis of race, religion, ethnicity, age, gender, national origin, or sexual preference. Still, we will not be silenced by the difficulty of fruitfully discussing politically sensitive issues.

Counseling

Sul Ross has partnered with TimelyCare where all SR students will have access to nine free counseling sessions. You can learn more about this 24/7/365 support by visiting [Timelycare/SRSU](https://www.timelycare.com/srsu). The SR Counseling and Accessibility Services office will continue to offer in-person counseling in Ferguson Hall room 112 (Alpine campus), and telehealth Zoom sessions for remote students and RGC students.

Distance Education Statement

Students enrolled in distance education courses have equal access to the university's academic support services, such as library resources, online databases, and instructional technology support. For more information about accessing these resources, visit the SRSU website.

Students should correspond using Sul Ross email accounts and submit online assignments through Blackboard, which requires a secure login. Students enrolled in distance education courses at Sul Ross are expected to adhere to all policies pertaining to academic honesty and appropriate student conduct, as described in the student handbook. Students in web-based courses must maintain appropriate equipment and software, according to the needs and requirements of the course, as outlined on the SRSU website. Directions for filing a student complaint are located in the student handbook.

SRSU Library

The Bryan Wildenthal Memorial Library and Archives of the Big Bend in Alpine offer FREE resources and services to the entire SRSU community. Access and borrow books, articles, and more by visiting the library's website, library.sulross.edu/. Off-campus access requires logging in with your LoboID and password. Librarians are a tremendous resource for your coursework and can be reached in person, by email (srsulibrary@sulross.edu), or by phone (432-837-8123).

No matter where you are based, public libraries and many academic and special libraries welcome the general public into their spaces for study. SRSU TexShare Cardholders can access additional services and resources at various libraries across Texas. Learn more about the TexShare program by visiting library.sulross.edu/find-and-borrow/texshare/ or ask a librarian by emailing srsulibrary@sulross.edu.

Mike Fernandez, SRSU Librarian, is based in Eagle Pass (Building D-129) to offer specialized library services to students, faculty, and staff. Utilize free services such as InterLibrary Loan (ILL), ScanIt, and Direct Mail to get materials delivered to you at home or via email.

Student Responsibilities Statement

All full-time and part-time students are responsible for familiarizing themselves with the [Student Handbook](#) and the [Undergraduate & Graduate Catalog](#) and for abiding by the [University rules and regulations](#). Additionally, students are responsible for checking their Sul Ross email as an official form of communication from the university. Every student is expected to obey all federal, state and local laws and is expected to familiarize themselves with the requirements of such laws.

ADA Statement

SRSU Accessibility Services. Sul Ross State University (SRSU) is committed to equal access in compliance with the Americans with Disabilities Act of 1973. It is SRSU policy to provide reasonable accommodations to students with documented disabilities. It is the student's responsibility to initiate a request each semester for each class.
