Learning Environment

Successful completion of an online course requires dedication and constant effort. Do not fall behind in your work! Begin your assignments as soon as possible and get at least one module ahead. This will help you avoid the penalty for late work because there are always unforeseen events that arise. Submit professional quality work. Have someone proofread your submittals and always use the grammar and spell check functions on your computer before submission.

If you are not sure what plagiarism is, please read APA pp. 15-16 and 170, or ask during office hours. But remember, the ultimate responsibility is your own. When in doubt, err on the side of caution.

Internet Web Resources

The sources below are only convenient starting points for your Internet based research. You are expected to locate professional, **peer-reviewed** publications as reference material on papers submitted in this class. Sul Ross Library recommended databases include the following: Academic Search Premier, Dissertation Abstracts, Education Abstracts, Educator's Reference Desk, eLibrary Curriculum, Emerald Management Xtra, ERIC (from EBSCO), Professional Educational Development Collection, WorldCat, WorldCat Dissertation & Theses.

Format Requirements for Submittals

All submittals must be professional papers. Do not submit your assignments in a "homework" or "school assignment" format. Each submittal should be written as if it were an actual professional paper ready for publication or for transmission to the addressed recipient using APA.

A title page is not necessary. *Put a single-spaced heading in the top left corner of the first page only that provides: student name, assignment name and number, submission date.* Also, put your name and the assignment number in the document's file name.

Correct format: Last name_First name_Assignment name_#_ED7100_Submission Date

Example: Doe_Jane_Module 1_#2_ED7100_06.05.2024

Academic Integrity

All students are expected to demonstrate scholarly behavior and academic honesty in the use of intellectual property. Examples of academic dishonesty include but are not limited to

- Turning in work as original that was used in whole or another course and/or professor
- Turning in another's work as one's own
- Copying from professional works or Internet sites without citation

Any of the above offenses will result in a zero for the assignment with not option to redo for credit.

Course Withdrawal

The Last day to drop a course with a 'W' is **Tuesday, September 3, 2024**. Drops must be processed and in the University Registrar's office by 4 p.m. A "W" on your transcript has no negative effect on your overall GPA. Please understand that dropping a course means you must re-register and pay tuition to take the course for credit. Additionally, dropping a course may affect your financial aid eligibility or probationary status.

SRSU Distance Education Statement

Syllabus/ED 7100 Practicum I Fall 2024-1st 8 weeks

Students enrolled in distance education courses have equal access to the university's academic support services, such as library resources, online databases, and instructional technology support. For more information about accessing these resources, visit the SRSU website.

Students should correspond using Sul Ross email accounts and submit online assignments through Blackboard, which requires a secure login. Students enrolled in distance education courses at Sul Ross are expected to adhere to all policies pertaining to academic honesty and appropriate student conduct, as described in the student handbook. Students in web-based courses must maintain appropriate equipment and software, according to the needs and requirements of the course, as outlined on the SRSU website. Directions for filing a student complaint are located in the student handbook.

Distance Ed (Web-based-course) Non-Participation Statement

Policies in effect for on-campus, traditional classroom instruction courses also apply to students enrolled in distance education courses, including Web-base and ITV courses. The university allows a maximum of 20% absences in a course before an instructor may drop a student for excessive absences with a grade of "F". In distance education courses, this policy is interpreted as non-participation; once a student has been documented as non-participating. Non-participation and inactivity may include not logging on to the course, not submitting assignments or participating in other assigned activities as scheduled, or communicating with the instructor by phone, email, and/or not following the instructor's participation guidelines stated in the syllabus. Non-participation is equivalent to a student being absent in a regular classroom. Given this equivalency, *non-participation can be defined as a student not submitting assignments and not communicating with the professor.* Attendance for fully online classes is determined by the last participation in course assignment or activity. Students will be notified if they are falling behind, not submitting work, not attending class or failing assignments. Attendance policy information may also be found in the Student Handbook and Information concerning SRSU [Online Distance Education Guidelines](#). In the Educational Leadership Program, the 20% absence threshold will be determined by the following time-frames for non-participation.

- 16-week course: 3 weeks (21 consecutive days) of non-participation
- 8-week course: 1.5 weeks (11 consecutive days) of non-participation
- 4-week course: 1 week (7 consecutive days) of non-participation

Any student dropped for excessive absences will receive either an "F" or a "W" depending upon the faculty member's discretion. Attendance policy information may also be found in the *Student Handbook and Information concerning SRSU Online Distance Education guidelines*. Attendance policy information may also be found in the Student Handbook and Information concerning SRSU Online Distance Education guidelines.
