The mission of First-Year Seminar is to provide first-year students an opportunity (1) to experience and develop knowledge, behaviors, and attitudes that promote successful college study and positive campus participation, and (2) to appreciate multiple perspectives that reflect intellectual and cultural diversity within and beyond college.

Course Description:

First-Year Seminar is designed to help students develop strategies and skills necessary for a successful college career. Topics include adjusting to college, setting academic goals, managing time and keeping organized, learning and studying in college, preparing for and taking tests, understanding college policies and regulations, and accessing and using SRSU computer technology. Students will learn about SRSU's resources, activities, and rich cultural diversity. Throughout the course, students will use critical thinking skills to make informed choices, to understand their responsibilities for academic success, and to become independent, motivated learners.

All First-Year Seminars have the same five common goals. The student will be able to:

1. expand and deepen his/her understanding of the world and of self
2. enhance his/her ability to read and think critically
3. enhance his/her ability to communicate effectively, in writing, speech, and other appropriate forms

4. develop the fundamentals of information literacy and library research
5. work closely with Faculty

Student Learning Outcomes:

1. Implement personal time management strategies based on short and long-term goals.
2. Describe behaviors that support personal responsibility for learning, characteristics of an effective learner, techniques that promote student success and problem solving of academic issues, and be able to discuss respect, civility, and academic integrity at SRSU.
3. Describe institution, department, and course requirements to earn a college degree and be able to identify SRSU policies in relation to them.
4. Identify and/or utilize college resources, activities, and events and demonstrate use of SRSU technology: student e-mail, SRSU website, Blackboard, and Lobo Online.
5. Exhibit financial literacy in relation to college and beyond.
6. Discuss the importance of SRSU in the larger community.

“The University expects all students to engage in all academic pursuits in a manner that is beyond reproach and to maintain complete honesty and integrity in the academic experiences both in and out of their classroom. The University may initiate disciplinary proceedings against a student accused of any form of academic dishonesty, including but not limited to, cheating on an examination or other academic work, plagiarism, collusion, and the abuse of resource materials.”
