DISTANCE EDUCATION NON-PARTICIPATION STATEMENT

Policies in effect for on-campus, traditional classroom instruction courses also apply to students enrolled in distance education courses, including Web-based and ITV courses. The University allows a maximum of 20% absences in a course before an instructor may drop a student for excessive absences. In Web courses, this policy is interpreted as not participating for more than 3 weeks in a long semester or 1 week in a summer session.

Any student dropped for non-participation will receive an "F" in the course dropped. Inactivity may include the following:

- not logging on to the course not submitting assignments
- not participating in scheduled activities
- not communicating with the instructor by phone or email, and/or
- not following the instructor's participation guidelines stated in the syllabus.

Any student who has not logged on to this course or submitted assignments by February 9, 2025 will be considered to have exceeded the University's policy on "excessive absences" and may be automatically dropped from the course. Blackboard statistics track the logins made and document the sections of the course accessed. These statistics will be used by your professor as a factor in documenting your participation in the course.

THE DIFFERENCE BETWEEN IN-PERSON AND ONLINE COURSES

1. Be realistic about the amount of time required to do the coursework.
2. You have to be proactive about communicating with your instructor and checking the Blackboard site.
3. Online does not mean easier.
4. I recommend that you schedule class time just as if you were attending classes in-person.
5. You have to work harder to actively participate, sometimes.
6. **Use your email and the discussion boards to keep communication going.**
7. It's easier to fall behind on assignments in an online course.
8. Ask for help when and if you need it!
