Successful completion of an online course requires dedication and constant effort. Do not fall behind in your work! Begin your assignments as soon as possible and get at least one module ahead. This will help you avoid the penalty for late work because there are always unforeseen events that arise. Submit professional quality work. Have someone proofread your submittals and always use the grammar and spell check functions on your computer before submission. If you are not sure what plagiarism is, please read APA pp. 15-16 and 170, or ask during office hours. Although remember, the ultimate responsibility is your own. When in doubt, err on the side of caution.

Internet Web Resources

The sources below are only convenient starting points for your Internet based research. You are expected to locate professional, **peer-reviewed** publications as reference material on papers submitted in this class. Sul Ross Library recommended databases include the following: Academic Search Premier,

Dissertation Abstracts, Education Abstracts, Educator’s Reference Desk, eLibrary Curriculum, Emerald Management Xtra, ERIC (from EBSCO), Professional Educational Development Collection, WorldCat, WorldCat Dissertation & Theses.

Format Requirements for Submittals

All submittals must be professional papers. Do not submit your assignments in a “homework” or “school assignment” format. Each submittal should be written as if it were an actual professional paper ready for publication or for transmission to the addressed recipient using APA.

A title page is not necessary. Put a single-spaced heading in the top left corner of the first page that only provides: student name, date, assignment name and number. Also, put your name and the assignment number in the document’s file name. (To do this, click on “Save as” and under “File name” put your name and assignment number.)

Academic Integrity

All students are expected to demonstrate scholarly behavior and academic honesty in the use of intellectual property. Examples of academic dishonesty include but are not limited to:

- Turning in work as original that was used in whole or another course and/or professor.
- Turning in another’s work as one’s own
- Copying from professional works or Internet sites without citation

Any of the above offenses will result in a zero for the assignment with no option to redo for credit.

Course Withdrawal

The Last day to drop a course with a 'W' is **Thursday, January 23, 2025**. Drops must be processed and in the University Registrar's office by 4 p.m. A “W” on your transcript has no negative effect on your overall GPA. Please understand that dropping a course means you must re-register and pay tuition to take the course for credit. Additionally, dropping a course may affect your financial aid eligibility or probationary status.

Distance Ed (Web-course) Non-Participation Statement

Policies in effect for on-campus, traditional classroom instruction courses also apply to students enrolled in distance education courses, including Web-based and ITV courses. The University allows a maximum of 20% absences in a course before an instructor may drop a student for excessive absences with a grade of “F”. In distance education courses, this policy is interpreted as non-participation; once a student has been documented as non-participating for more than 3 weeks of inactivity during a long semester or 1 week of inactivity during a summer session, the instructor may drop the student from the course with a grade of “F”. Non-participation and inactivity may include not logging on to the course, not submitting assignments or participating in other assigned activities as scheduled, not communicating with the instructor by phone or email, and/or not following the instructor’s participation guidelines stated in the syllabus.

Lisa Estrada Lopez, Instructor, Department of Education. Ms. Estrada Lopez is a Lobo alum, having received her Master of Education in Administration from SRSU in 2001. She graduated from the University of Texas El Paso with a bachelor's degree in 1995 in English and Secondary Education in 1995. She then began teaching in Texas public schools, mostly in the El Paso area, for five years before becoming a principal in 2001. In 2014, she was selected for a leadership institute at the Harvard Graduate School of Education in the Principal's Center, where she incorporated learning experiences with leadership in various public schools. Ms. Lopez has been in the field of education for 29 years with the opportunity of working in administrative positions over the past 24 years in all areas of K-12 education and at Texas Tech University Health Sciences Center as well. Her philosophy of education is to help all those we serve to understand that learning is an ongoing process throughout life and that everyone must always seek to learn something new in order to enhance one's own knowledge. She is a risk taker who believes that "unless you try to do something beyond what you have already achieved, you will never grow." Ms. Lopez looks forward to being instrumental in growing the Ed. Leadership program and recruiting more excellent students to become the great leaders that are immensely needed in our Texas schools.
