It is important that you purchase this as soon as possible (by the fifth day of class); you will not be able to pass the course without it.

Supplies: paper and writing utensils, folder to keep possible handouts

Class Conduct: Please be respectful to both the other students and to your instructor. I have a zero-tolerance policy towards disrespect and bad classroom behavior. Problem students will be dropped from the course, and if things escalate further, I recommend that you be expelled from the university.

Attendance Policy: Class attendance is mandatory and crucial to succeed in this course.

- If you only attend class twice a week, you will be dropped with an “F” after the 6th absence.
- If you attend class three times a week, you will be dropped with an “F” after the 9th absence.

Three tardies count as one absence, so please come to class and be on time. Students who are sleeping in class will be marked as absent. Students who sit and do nothing when in-class work is assigned will be marked absent. Students who leave the classroom for extended periods of time will be marked absent, and students who are using cell phones or other electronic devices for anything other than classwork will be marked absent. Come to class, do your work, and you will pass this class.

Tutoring: If you would like tutoring, be sure to contact The LoboDen at the Sul Ross Library (Bryan Wildenthal Memorial Library). The Writing Center is also available on Blackboard.

Electronics Policy: If you use your cell phones, laptops, etc., for anything other than what is required, you will be issued only one warning. A repeated offense will get you to be asked to leave the class. If this issue persists, you will start receiving automatic zeros on your quizzes for each repeated offense.

Participation: Participation is vital for this course; this is not a spectator sport. Interact with the class and show active participation.

Dean of Student Life: If you experience other problems that may affect your studies or you plan on being absent from school for an extended period, please get in touch with the Dean of Student Life, Suzanne Harris, at (432) 837-8255 or via email at sharris@sulross.edu

Excused Absences: Only school functions and emergencies recognized by the Dean of Student Life may be Excused. If you are going to a school function, you must notify me at least one week before that function. Students participating in athletics must provide me with a schedule of events. If you have some emergency, I must receive notification from the Dean of Student Life, or it will **not** be excused.

Grading: The Following is a breakdown of the grading system. Work turned in for a skill already completed will **not** be accepted. If you are absent, it is your responsibility to find out what the assignments are. Quizzes and tests can be given on any day of the week, so please be here. **IMPORTANT:** I will not accept late work **after** 11:59 p.m. on Sunday of each week, so stay on top of your work!

Quizzes Will be given on the readings or the Ten Steps Site. These Quizzes will not be long, but they will be frequent. Each quiz will be worth 20 points towards your final grade total. Students are given **ONE** retry for every quiz should their grade be lower than desired; afterward, the highest of the two grades will be used as the final quiz grade.

Homework/Conduct/Participation: Every homework assignment counts for 10 points towards your final grade total. It must be done on time, and late work will result in a point deduction.

Poor conduct will not be tolerated in class. This includes talking, playing with your phone, arriving late to class loudly, being disruptive, or disrespecting the learning environment in any way. Every time I have to correct your behavior, I will deduct 5 points from this portion of your grade.

Participation will be considered weekly. Students who do not participate in class will lose two points each week.

Attendance: Every student starts with 100 points for attendance. After two absences, ten points will be deducted for each subsequent absence, and after two tardies, five points will be deducted for each subsequent tardy.

Journals: At the end of each week, you will be tasked with writing a journal entry, either free writing or a writing prompt. Keep your journals compiled in either one notebook or a Word document.

Final Exam: The Final exam will consist of all the lessons we have reviewed throughout the semester.

Class Structure (A typical class day): The only way to truly become a better reader is to read , so we will do a lot of reading. This course will be a mixture of self-paced learning, lectures, and one-on-one help. We will be learning the skills necessary to become better readers so that you may apply them to college-intensive reading courses.

The TSIA Exam: You may elect to take the TSIA exam at any time during the course. If you pass the exam, you will no longer be required to attend this course and will receive an “A.”

Extra Credit: These points will be placed on your quizzes. What Extra Credit is offered will be announced throughout the semester!

Final grade:

Journals	300

Academic Integrity

Students in this class are expected to demonstrate scholarly behavior and academic honesty in using intellectual property. A scholar is expected to be punctual, prepared, and focused; meaningful and pertinent participation is appreciated. Examples of academic dishonesty include but are not limited to Turning in work as original that was used in whole or part for another course and professor; turning in another person's work as one's own; copying from professional works or internet sites without citation; collaborating on a course assignment, examination, or quiz when collaboration is forbidden.

The Student Handbook can be found at: <https://www.sulross.edu/page/2454/student-handbook>.

SRSU Classroom Climate of Respect Statement:

Importantly, this class will foster free expression, critical investigation, and the open discussion of ideas. This means that all of us must help create and sustain an atmosphere of tolerance, civility, and respect for the viewpoints of others. Similarly, we must all learn how to probe, oppose, and disagree without resorting to tactics of intimidation, harassment, or personal attack. No one is entitled to harass, belittle, or discriminate against another based on race, religion, ethnicity, age, gender, national origin, or sexual preference. Still we will not be silenced by the difficulty of fruitfully discussing politically sensitive issues.

The Use of Artificial Intelligence (AI) programs:

The only way you learn as a student is by figuring out how to do the work using your Intelligence, your own words, and your understanding of the material being covered. Using AI Products to do your work for you are not acceptable. You may not use AI programs to complete Equations or to write your essays. It would help if you learned how to do this work independently. When the work You submit online is of a significantly higher caliber than the work you submit in class, you put Yourself at risk of being charged with plagiarism. Don't do it.
